Dear Mr. Conklin:

Please distribute the following information to agencies in your region that may be interested in applying for funds to assist with employment-related transportation.

Applications are now being accepted for the Federal Transit Administration's Job Access and Reverse Commute Transportation Program (Section 5316). Not-for-profit and public agencies in small urban areas (Joplin, Jefferson City, Columbia, and St. Joseph) and in the nonurban areas of the state are eligible. Agencies that lie within the planning area of a Large Urban MPO, but are still outside the urbanized area, are also eligible to apply.

Federal funding for FFY08 and FFY09 will be awarded. The amount of funding for agencies in the small urban areas is \$706,919 and \$1,995,996 is available for providers in nonurban areas. Applications may be submitted for either one or two years of operations.

Current JARC recipients must submit new applications for this funding. New applicants are urged to contact the Transit Section for technical assistance before applying for the grant. Applications are available on MoDOT's website at <http://www.modot.gov/othertransportation/transit/transitapplicationsreportsprograms.htm>.

Applications must be received by the Transit Section no later than November 15, 2009. Please submit to:
