

9 June 2010

Dear Interested Party:

The Ozarks Transportation Organization (OTO) is extending the deadline for submission of applications for the Elderly and Persons with Disabilities Program (FTA Section 5310) to July 1, 2010. The Elderly and Persons with Disabilities Program provides capital assistance to meet the transportation needs of elderly and/or disabled persons where public transportation services are unavailable, insufficient, or inappropriate.

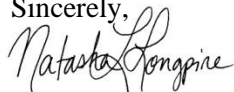

The OTO did not receive enough applications to fully satisfy its initial allocation for this program. Any awards made because of this extended deadline are provisional, however, should there be enough total funds remaining statewide.

A copy of the application for this program can be found on the OTO website:
