

Unified Planning Work Program

Fiscal Year 2023

(July 1, 2022 – June 30, 2023)

Adopted by the OTO Board of Directors:

Approved by USDOT:

OZARKS TRANSPORTATION ORGANIZATION

A METROPOLITAN PLANNING ORGANIZATION

The Metropolitan Planning Organization (MPO) fully complies with Title VI of the Civil Rights Act of 1964 and related statutes and regulations in all programs and activities. The MPO does not discriminate based on race, color, national origin, English proficiency, religious creed, disability, age, sex. Any person who believes he/she or any specific class of persons has been subjected to discrimination prohibited by Title VI or related statutes or regulations may, herself/himself or via a representative, file a written complaint with the MPO. A complaint must be filed no later than 180 calendar days after the date on which the person believes the discrimination occurred. A complaint form and additional information can be obtained by contacting the Ozarks Transportation Organization (see below) or at www.ozarkstransportation.org.

Introduction

The Ozarks Transportation Organization (OTO) is the federally designated metropolitan planning organization (MPO) that serves as a forum for cooperative transportation decision-making by state and local governments, as well as regional transportation and planning agencies for the Springfield urbanized area. MPOs are charged with maintaining and conducting a “continuing, cooperative, and comprehensive” regional transportation planning and project programming process for the MPO’s planning area. The planning area is defined as the area projected to become urbanized within the next 20 years.

The MPO includes local elected and appointed officials from Christian and Greene Counties, as well as the Cities of Battlefield, Nixa, Ozark, Republic, Springfield, Strafford, and Willard. It also includes technical staffs from the Missouri Department of Transportation, Federal Highway Administration, Federal Transit Administration, and the Federal Aviation Administration. Staff members from local governments and area transportation agencies serve on OTO’s Technical Planning Committee which provides technical review, comments, and recommendations on draft plans, programs, studies, and issues.

The Unified Planning Work Program (UPWP) is a description of the proposed activities of the Ozarks Transportation Organization during Fiscal Year 2023 (July 2022 - June 2023). The program is prepared annually and serves as a basis for requesting federal planning funds from the U.S. Department of Transportation through the Missouri Department of Transportation. All tasks are to be completed by OTO staff unless otherwise identified.

It also serves as a management tool for scheduling, budgeting, and monitoring the planning activities of the participating agencies. This document was prepared by staff from the Ozarks Transportation Organization (OTO), the Springfield Area Metropolitan Planning Organization (MPO), with assistance from various agencies, including the Missouri Department of Transportation (MoDOT), the Federal Highway Administration (FHWA), the Federal Transit Administration (FTA), City Utilities (CU) Transit, and members of the OTO Technical Planning Committee consisting of representatives from each of the nine OTO jurisdictions. Federal funding is received through a federal Transportation Grant from the Federal Highway Administration and the Federal Transit Administration, known as a Consolidated Planning Grant (CPG).

The implementation of this document is a cooperative process of the OTO, Missouri Department of Transportation, the Federal Highway Administration, the Federal Transit Administration, City Utilities Transit, and members of the OTO Technical Planning Committee and OTO Board of Directors. The OTO is interested in public input on this document and all planning products and transportation projects. The Ozarks Transportation Organization’s Public Participation Plan may be found on the OTO website:

<https://media.ozarkstransportation.org/documents/OTO-2020-Public-Participation-Plan.pdf>

CFR §450.306 identifies the scope of the metropolitan planning process, which shall be continuous, cooperative, and comprehensive, and provide for consideration and implementation of projects, strategies, and services that will address the following factors:

1. Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;

2. Increase the safety of the transportation system for motorized and non-motorized users;
3. Increase the security of the transportation system for motorized and non-motorized users;
4. Increase accessibility and mobility of people and freight;
5. Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth and economic development patterns;
6. Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;
7. Promote efficient system management and operation;
8. Emphasize the preservation of the existing transportation system;
9. Improve the resiliency and reliability of the transportation system and reduce or mitigate stormwater impacts of surface transportation; and
10. Enhance travel and tourism.

In addition, the planning process shall include developing the long-range transportation plan and transportation improvement program (TIP) through a performance-driven, outcome-based approach to planning for the metropolitan area.

The tasks of the Unified Planning Work Program support these identified planning factors. The following table demonstrates the intersectionality between OTO's work program and the planning process as prescribed in federal law.

Ozarks Transportation Organization Planning Staff

100% Dedicated to Transportation Planning

Important Issues Facing the Ozarks Transportation Organization

MISSION: To provide a forum for cooperative decision-making in support of an excellent transportation system.

The OTO has adapted the planning process throughout the COVID-19 pandemic. The OTO overcame logistical challenges by incorporating virtual tools and conducting hybrid meetings. These changes have received positive feedback and will continue to be a tool used for broader participation. OTO has stayed on mission and continued advancing the planning process and cooperative decision-making. The region is continuing its work towards a more multi-modal, aesthetically pleasing transportation system, but it continues to struggle with funding challenges. In addition to COVID-19, the OTO planning partners are focused on ways to fund the transportation system with the threat of increased inflation in the upcoming transportation planning program and statewide transportation planning program.

Much of OTO's work is recurring, often annually, however, staff strives to improve upon past iterations, putting forth work exemplifying best practices and the region's needs. Familiar work includes:

- Transportation Improvement Program
- STIP Prioritization
- Performance Monitoring
- Committees such as Local Coordinating Board for Transit, Bicycle Pedestrian Advisory Committee, and Traffic Incident Management
- Technical Planning Committee
- Board of Directors/Executive Committee
- Public Involvement

The Unified Planning Work Program for FY 2023 will also continue to implement the recommendations contained within *Destination 2045 (adopted in 2021)*, as well as the *Regional Bicycle and Pedestrian Trail Investment Study*. Work products include studies and the ongoing effort to pursue discretionary funding for the region.

The OTO continues to implement Planning and Environmental Linkages (PEL) into the planning processes. PEL is a collaborative and integrated approach to transportation decision-making that considers environmental, community, and economic goals early in the transportation planning process.

OTO will also continue to embrace the new tools that have become available and necessary over the past couple years. The future may be unpredictable, but by maintaining a quality planning process, the region can be resilient in the face of uncertainty. The region stands ready to utilize additional transportation investment as it becomes available to the region.

Major Activities and Tasks

The Unified Planning Work Program is divided into tasks and work elements identifying how OTO's time and expenses will be allocated over the fiscal year. The following pages outline each major activity and task, responsible agencies, schedule, resulting products, and proposed funding. Funding is summarized by source and federal share, with matching funds identified. Additional details on prior accomplishments can be found in the FY 2022 UPWP Year-End Report, which will be incorporated upon completion in July 2022.

Task 1 – OTO General Administration

Purpose

Activities required to manage the transportation planning process and all UPWP work products on a continual basis by offering professional staff services, administering the work program and budget, execute agreements with partner agencies, and administrative/operational activities required to function as an independent MPO.

Work Elements

1.1 Financial and Contract Management

Timeframe – July 2022 to June 2023

- Preparation and submission of quarterly financial reports, regular payment requests, and year-end reports per existing agreements
- Maintenance of OTO accounts and budget, with reporting to Board of Directors
- Annual dues administration
- Coordinate contract development, management, and addendums
- Procurement in accordance with the OTO Purchasing manual and applicable guidance

1.2 Financial Audit

Timeframe – August 2022 to December 2022

- Conduct an annual, and if necessary, single audit of FY 2022 and report to Board of Directors
- Implement measures as suggested by audit

1.3 Unified Planning Work Program

Timeframe – July 2022 to June 2023

- Amendments to the FY 2023 UPWP as necessary
- Development of the FY 2024 UPWP, including subcommittee meetings and public participation in accordance with the OTO Public Participation Plan, as well as approval through the OTO Board of Directors, MoDOT, FHWA Missouri Division, and FTA Region VII.
- UPWP Quarterly Progress Reports
- Invoicing and Year-End Report

1.4 Travel and Training

Timeframe – July 2022 to June 2023

- Travel to meetings and trainings regionally, statewide, and nationally
 - MoDOT Planning Partner Meetings
 - Missouri Recreation Trails Committee
 - Missouri Highway and Transportation Commission meetings
 - Missouri Public Transit Association Board Meetings
 - Springfield Traffic Advisory Board
 - Ozark Greenways Technical Committee
 - Let's Go Smart Collaborative
 - Ozarks Section of Institute of Transportation Engineers
- Training and development of OTO staff and members through relevant educational programs, which could potentially include:
 - Association of MPOs Conferences and Webinars

- GIS industry-related conferences and training, such as MAGIC or ESRI
- Institute for Transportation Engineers Conferences and Webinars
- Transportation Research Board Conferences and Webinars
- American Planning Association Conferences and Webinars
- Missouri Public Transportation Association Conferences and Webinars
- Other relevant training for planning and non-planning staff
- OTO hosted training for members
- Employee Educational Assistance
- Industry memberships as appropriate

1.5 General Administration and Personnel

Timeframe – July 2022 to June 2023

- Manage the day-to-day activities of the structurally independent MPO
- Update memorandums of understanding, as necessary
- Provide administrative services and management (including legal) review of all work products identified in the UPWP
- Legal services
- Policy and bylaws amendments, as necessary
- Develop and improve the internal operations of the MPO
- Personnel management including recruitment, evaluations, and transitions to maintain a professional staff with necessary talent skills, and capacity
- Payroll and benefits administration

1.6 Electronic Support for OTO Operations

Timeframe – July 2022 to June 2023

- Ensure technical resources are available to implement the UPWP
- Maintain and update OTO hosted websites and associated services
- Maintain and update social media
- Software and associated updates
- Information Technology Managed Services, including data backup

1.7 MPO Compliance and Certification

Timeframe – July 2022 to June 2023

- Continue to address items contained in 2021 joint FHWA and FTA federal certification review of the MPO Planning Process
- Participate in efforts related to the 2020 Census, such as defining urban and planning boundaries, as well as other transportation-related products
- Monitor guidance from state and federal agencies on the regional transportation process and provide feedback as necessary through the federal register or other engagement process

Anticipated Outcomes

- Implementation of the FY 2023 UPWP
- Regular reimbursement requests and quarterly progress reports
- FY 2022 Year-End Report
- Adoption of the FY 2024 UPWP and execution of associated agreements
- Financial reporting to the Board of Directors

- FY 2022 Audit
- Attendance of OTO staff and members at relevant meetings and trainings
- Relevant policy and bylaws updates and necessary legal services
- Continuously updated websites
- Social media engagement
- Revisions to inter-local agreements and contracts as needed
- Continued grant administration of multiple DOT Grants

Prior Year Accomplishments

Additional details on prior accomplishments can be found in the FY 2022 year-end report, which will be incorporated upon completion in July 2022.

- Quarterly progress reports, payment requests and year-end report for FY 2021
- Quarterly financial reporting to the Board of Directors
- Final dues collection from prior year and preparation of dues for next fiscal year
- FY 2021 Financial Statement Audit
- FY 2022 UPWP amendments and administrative modifications as needed through June 2022
- FY 2023 UPWP development and approval
- Conferences and training for staff
- Monthly website maintenance and associated updates
- Employment management
- Social media engagement
- Legal services and contracts
- Procurement Manual revision
- Cash Management Plan
- Financial Control Manual revision
- Bylaw Amendment
- Updated Continuity of Operations Plan
- Enhanced ability to manage multiple DOT Grants
- Addressed items contained in 2021 joint FHWA and FTA federal certification review of the MPO Planning Process

Task 2 – Coordination and Public Engagement

Purpose

Support various committees of the OTO and participate in various community committees directly relating to regional transportation planning activities. Inform and engage the public, media, and other stakeholders in the OTO planning process. Provide the community an opportunity for meaningful participation in planning process and plan development. Facilitate the planning and implementation of transportation projects and services, while strengthening working relationships among MPO members, MoDOT, and partner agencies.

Work Elements

2.1 OTO Committee Support

Timeframe – July 2022 to June 2023

- Conduct and staff all Bicycle and Pedestrian Advisory Committee, Board of Directors, Executive Committee, Local Coordinating Board for Transit, Technical Planning Committee and Traffic Incident Management meetings
- Respond to individual committee requests
- Facilitate and administer any OTO subcommittees formed during the Fiscal Year

2.2 Stakeholder Education and Outreach

Timeframe – July 2022 to June 2023

- Participate in and encourage collaboration among various community committees directly related to transportation

2.3 Public Involvement

Timeframe – July 2022 to June 2023

- Maintain OTO website and public comment tools
- Facilitate public comment periods associated with the Public Participation Plan
- Comply with Missouri Sunshine Law requirements, including record retention
- Annual Public Participation Plan (PPP) Evaluation
- Continue to utilize social media for public education and input
- Publish public comments in agenda to ensure Board and Committees are informed.
- Integrating Virtual Public Involvement tools into the public involvement process

2.4 Civil Rights Compliance

Timeframe – July 2022 to June 2023

- Meet federal and state reporting requirements for Title VI and Americans with Disabilities Act (ADA)
- Semi-annual DBE reporting
- Semi-annual Title VI/ADA reporting
- Accept and process complaint forms and review all projects for Title VI/ADA compliance
- Continue to include Environmental Justice and Limited English Proficiency requirements in planning process

2.5 Member Attendance at OTO Meetings

Timeframe – July 2022 to June 2023

- OTO member jurisdiction member's time spent at OTO meetings

Anticipated Outcomes

- Conduct meetings, prepare agendas and meeting minutes for OTO Committees, Subcommittees, and Board of Directors
- Attendance of OTO staff and OTO members at various community committees
- Document meeting attendance for in-kind reporting
- Public input tracked and published
- Implementation of PPP through website and press release
- Annual PPP Evaluation
- Semiannual DBE reporting submitted to MoDOT
- Title VI/ADA semiannual reporting and complaint tracking submitted to MoDOT
- Public Input for Ad Hoc Studies and Administered Projects
- Integration of Virtual Public Involvement Tools

Prior Year Accomplishments

Additional details on prior accomplishments can be found in the FY 2022 year-end report, which will be incorporated upon completion in July 2022.

- Meetings, agendas, and minutes for OTO Board of Directors, Committees, and Subcommittees
- Document meeting attendance for in-kind reporting
- Community committee participation
- Annual PPP Evaluation
- Management of public input
- DBE and Title VI reports submitted to MoDOT
- Created Civil Rights and Title VI page on OTO website
- Public Input Websites for the North Highway 13 Study and 2022 I-44 INFRA Grant Application
- Public meetings conducted for the North Highway 13 Study, 2022 I-44 INFRA Discretionary Grant Application, and 2022 Highway MM RAISE Discretionary Grant Application

Task 3 – Planning and Implementation

Purpose

Short- and long-range planning activities supporting a multimodal transportation system, supported with best practices, latest available data. Providing for a performance-driven and outcome-based planning process.

Work Elements

3.1 Long Range Transportation Plan

Timeframe – July 2022 to June 2023

- Incorporating *Destination 2045* guidance in the planning process
- Process amendments to the long range transportation plan and the Major Thoroughfare Plan
- Continue to integrate Planning and Environmental Linkages (PEL) into the planning process to include data on natural, cultural, and community resources as well as environmental justice demographics
- Implementation of action items and status summary

3.2 Performance Measures

Timeframe – July 2022 to June 2023

- Continue to set and monitor performance targets, in coordination with MoDOT and City Utilities
- Annual State of Transportation report, incorporating federally required performance measures and those set in the long range transportation plan

3.3 Congestion Management Process Implementation

Timeframe – July 2022 to June 2023

- Coordinate system performance monitoring, including data collection and analysis
- Review goals and implementation strategies to ensure effective system evaluation
- Conduct before and after analysis of completed projects and their effects on the system
- Continue to integrate Planning and Environmental Linkages (PEL) into the CMP Process
- Produce CMP update

3.4 Federal Function Classification Maintenance and Updates

Timeframe – July 2022 to June 2023

- Annual call for updates
- Facilitate change requests as necessary

3.5 Active Transportation Planning and Implementation

Timeframe – July 2022 to June 2023

- Implement strategies for active transportation as identified in OTO bicycle and pedestrian plans, including *Towards A Regional Trail System*, *Statement of Priorities for Sidewalks and On-Street Bicycle and Pedestrian Infrastructure*, and *Regional Bicycle and Pedestrian Trail Investment Study*.
- Coordinate and monitor regional activities through the Bicycle and Pedestrian Advisory Committee
- Work with member jurisdictions to identify funding and timelines for potential trail projects
- Manage consultant contracts for scoping, design and possible construction of trail projects

3.6 Freight Planning

Timeframe – July 2022 to June 2023

- Participate in MoDOT freight planning efforts, including the implementation of statewide freight and rail plan
- Continue to identify and review essential freight corridors throughout the region
- Maintain participation in the Heartland Freight Technology Plan Consortium

3.7 Air Quality Planning

Timeframe – July 2022 to June 2023

- Monitor air quality and its impact on transportation conformity
- Support the Ozarks Clean Air Alliance and its participation in the EPA Ozone and PM Advance Programs through the Clean Air Action Plan

3.8 Transition to a Clean Energy, Resilient Future

- Review Alternative Fuel Corridor status and support electric vehicle charging implementation efforts
- Work with MoDOT and planning partners to identify the barriers to and opportunities for deployment of fueling and charging infrastructure
- Continued planning process incorporation of alternative modes of transportation

3.9 Demographic and Geographic Data Management

Timeframe – July 2022 to June 2023

- Continue to develop and maintain the Geographic Information System (GIS) and curate data for transportation planning
- Develop and maintain mapping and graphics for OTO activities and reports, including, but not limited to, the OTO website, OTO publications, and other printed or digital materials
- Continued maintenance of equity data and mapping to incorporate into the planning process
- Support transportation decision-making by collecting and compiling demographics, area development data, and migration statistics into a report on growth trends
- Use hazard environmental assessment database to identify endangered species and flood-vulnerable facilities as associated with potential transportation improvements
- Data acquisition for grants, plans, and performance measures
- Development of data sharing policy for OTO acquired data
- GIS license maintenance

3.10 Support for Jurisdictions' Plans

Timeframe – July 2021 to June 2023

- Provide support for member jurisdictions as they develop and implement plans and studies through activities such as consultant scope of service review, committee participation, regional data, and ensuring OTO plan consistency
- Host trainings as requested

3.11 Aerial Photography

- Cooperatively purchase Aerial Photography with the City of Springfield, City Utilities, and other local jurisdictions. OTO pays a flat fee of the overall expected cost of \$305,748. 100% of the OTO portion will be used for regional transportation planning.

3.12 Strategic Highway Network (STAHNET) Planning

- Review of the STRAHNET system to identify routes in the OTO boundary

3.13 Federal Land Management Agency (FLMA) Coordination

- Continued coordination through the planning process with the FLMA representatives in the MPO area

Anticipated Outcomes

- Amendments to the LRTP as necessary
- Performance target updates
- Annual call for updates to the Federal Functional Classification System and other updates as requested
- Congestion Monitoring Report
- Annual Bicycle/Pedestrian Implementation Report
- Resources for active transportation best practices and any associated trainings
- Continued development of trail projects for eventual construction
- Participation in statewide freight planning efforts
- Continued air quality attainment status monitoring
- Report on growth trends and other relevant demographics
- GIS maintenance and mapping, including transportation data
- OTO data sharing policy
- Travel demand model updates as needed and associated model runs
- Aerial Photography files received
- Review of STRAHNET system
- FMLA Coordination
- Other projects as needed

Prior Year Accomplishments

Additional details on prior accomplishments can be found in the FY 2022 year-end report, which will be incorporated upon completion in July 2022.

- *Adopted Destination 2045*
- *Transportation Plan 2040* amendment
- Performance target updates
- Annual State of Transportation Report
- Updated TPM Agreement
- Adoption of performance targets per the adopted Transportation Performance Measure (TPM) Agreement
- Annual Federal Functional Classification call for projects
- Federal Functional Classification update requests
- Bike/Ped Implementation Report
- Towards A Regional Trail System
- Statement of Priorities for Sidewalks and On-Street Bicycle and Pedestrian Infrastructure (On the Path to Connected Pedestrian and Bicycle Networks)
- System Performance Report
- Participation in Ozarks Clean Air Alliance
- GIS maintenance and mapping

Task 4 – Project Selection and Programming

Purpose

Identify and implement priorities within the OTO through the development and maintenance of the Transportation Improvement Program.

Work Elements

4.1 Project Programming

Timeframe – July 2022 to June 2023

- Review and revise, as necessary, policies and procedures for project selection and award
- Award funding and program projects into relevant Transportation Improvement Program
- All public involvement activities relating to gathering input for and comments on the Transportation Improvement Program and its amendments
- Complete and publish FY 2023-2026 Transportation Improvement Program
- Develop and draft FY 2024-2027 Transportation Improvement Program
- Process all TIP Amendments and Modifications, including the coordination, advertising, public comment, Board approval, and submissions for MoDOT STIP incorporation
- Maintain and update the OTO TIP project database and web map

4.2 Federal Funds Tracking

Timeframe – July 2022 to June 2023

- Gather obligation information and develop the Annual Listing of Obligated Projects and publish to website within 90 days of the end of the program year
- Monitor OTO suballocated funding balances and publish a semi-annual report
- Track area cost-share projects
- Track reasonable progress on project implementation following programming

4.3 STIP Prioritization and Scenarios

Timeframe – July 2022 to June 2023

- Meet with member jurisdictions and agencies about their transportation planning issues, needs, and planned growth
- Review prioritization criteria and update as necessary, supporting the regional vision and goals
- Develop final recommendations to MoDOT, including unfunded needs and multi-modal needs, using a subcommittee of the Technical Planning Committee to prioritize projects

Anticipated Outcomes

- Adoption and approval of the FY 2023-2026 Transportation Improvement Program
- Development of the draft FY 2024-2027 Transportation Improvement Program
- TIP Amendments and Administrative Modifications as necessary
- Maintain online TIP database
- Semiannual Federal Funds Balance Report
- Annual Listing of Obligated Projects
- Develop and prioritize potential projects for use of MoDOT system improvement funds

Prior Year Accomplishments

Additional details on prior accomplishments can be found in the FY 2022 year-end report, which will be incorporated upon completion in July 2022.

- Amendments and Administrative Modifications to the FY 2021-2022 Transportation Improvement Program
- Draft FY 2023-2026 Transportation Improvement Program
- New Online TIP database procurement and implementation
- Semiannual Federal Funds Balance Reports
- Annual Listing of Obligated Projects
- MoDOT STIP Prioritization

Task 5 – Safe and Accessible Transportation Options

Purpose

Incorporate planning processes that ensure the safe and adequate accommodation of all users of the transportation system, including pedestrians, bicyclists, public transportation users, children, older individuals, individuals with disabilities, motorists, and freight vehicles. The OTO currently works towards safe and accessible transportation options as demonstrated by work tasks throughout the UPWP. This section contains additional tasks for developing safe and accessible transportation options. This task is utilizing the 2.5% (\$14,541) set aside of Safe and Accessible Transportation Options Planning funds for the OTO.

Work Elements

5.1 Transportation Options Best Practices

- Research best practices around active transportation, complete streets, and mobility options, as well as provide support as needed to member jurisdictions on these topics.

5.2 Jurisdiction Project Planning

- Work with member jurisdictions to identify project elements to increase safe and accessible options for multiple travel modes for people of all ages and abilities.

5.3 Complete Streets

- Maintain complete streets toolbox

5.4 Pedestrian Transportation

- Distribute trail ordinance to member jurisdictions
- Maintain OTO Trail dashboard and work to fill in gaps
- Completion of a safety analysis of bicycle and pedestrian crashes throughout the OTO area
- Develop and maintain pedestrian crash maps

5.5 Van Pool Program

- Research potential for van pool program in area
- Work with possible major employers to see feasibility at employer locations

5.6 Planning and Environment Linkages (PEL)

- Coordinate with Ozark Greenways and other regional planning partners to incorporate PEL in the planning process

Anticipated Outcomes

- Trail ordinance distributed to member jurisdictions
- Trail dashboard update
- Bicycle and Pedestrian Safety Analysis
- Complete Streets Toolbox
- Van Pool Program Development (multi-year process)

Task 6 – OTO Transit Planning

Purpose

Prepare plans to provide efficient and cost-effective transit service for transit users. City Utilities (CU) is the primary fixed-route transit operator in the OTO region. Fixed route service is provided within the City of Springfield seven days a week. City Utilities also offers paratransit service for those who cannot ride the fixed-route bus due to a disability or health condition.

Work Elements

6.1 Operational Planning

Timeframe – July 2022 to June 2023

- OTO staff shall support operational planning functions with available data
- Occasionally OTO staff, upon the request of City Utilities (CU), provides information toward the National Transit Database Report, such as the data from the National Transit Database bus survey
- Attend the CU Advisory Committee
- Develop OTO Section 5310 Human Services Program Administration

6.2 Transit Coordination Plan and Implementation

Timeframe – July 2022 to June 2023

- Transit Coordination Plan Implementation with one-page report on status of action items
- As part of the TIP process, a competitive selection process will be conducted for selection of projects utilizing relevant federal funds
- OTO staffing of the Local Coordinating Board for Transit
- OTO staff to maintain a list of operators developed in the transit coordination plan for use by City Utilities (CU) and other transit providers in the development of transit plans
- Research additional funding for senior centers and human service agencies

6.3 Program Management Plan Implementation

Timeframe – July 2022 to June 2023

- Continue to implement the Program Management Plan
- Conduct call for projects for Section 5310 funding
- Update Program Management Plan for OTO Section 5310 Human Services Vehicle program administration

6.4 Data Collection and Analysis

Timeframe – July 2022 to June 2023

- OTO will assist CU in providing necessary demographic analysis for proposed route and/or fare changes
- OTO's staff assistance in collecting ridership data for use in transit planning and other OTO planning efforts
- Explore barriers to transit use

6.5 Community Support

Timeframe – July 2022 to June 2023

- OTO will assist the City of Springfield in transit planning for the Impacting Poverty Commission support initiatives through the Let's Go Smart Transportation Collaborative

- Assist City of Springfield in exploring high frequency transit
- Attend Missouri Public Transit Board meetings

6.6 ADA/Title VI Appeal Process

Timeframe – July 2022 to June 2023

- OTO staff assistance on CU Transit ADA/Title VI Appeal Process

6.7 CU Transit Fixed Route Analysis Coordination

- OTO staff assistance on CU Transit Fixed Route Analysis
- Attend Transit Fixed Route Analysis Committee meetings

Anticipated Outcomes

- Transit agency coordination
- Continued TCP implementation
- Special studies
- Committee meetings, agendas, and minutes
- CU Transit ADA/Title VI Appeals as requested
- Data collection
- PMP review
- Monitor 5310 vehicle delivery and OTO balance
- Regional paratransit coordination
- Transit Signal Priority Committee
- Let's Go Smart Transportation Collaborative participation
- Award of Section 5310 funding
- Updated Program Management Plan to include OTO Section 5310 program administration
- CU Transit Fixed Route Analysis assistance

Prior Year Accomplishments

Additional details on prior accomplishments can be found in the FY 2022 year-end report, which will be incorporated upon completion in July 2022.

- LCBT meetings, agendas, and minutes
- Transit agency coordination
- Let's Go Smart Transportation Collaborative participation
- Adoption of Transit Coordination Plan
- Research and planning for OTO FTA 5310 program administration

Task 7 – CU Transit Planning

Purpose

Activities by City Utilities (CU) Transit utilizing Transit Planning funds. CU is the primary fixed-route transit operator in the OTO region. Fixed route service is provided within the City of Springfield seven days a week. City Utilities also offers paratransit service for those who cannot ride the fixed-route bus due to a disability or health condition.

Work Elements

7.1 Operational Planning

Timeframe – July 2022 to June 2023

- Route analysis
- City Utilities Transit grant submittal and tracking
- City Utilities Transit collection and analysis of data required for the National Transit Database Report, both monthly and annual
- City Utilities Transit participation in Ozarks Transportation Organization committees and related public hearings
- CU Transit collection of data required to implement the requirements of the Americans with Disabilities Act and non-discriminatory practices (FTA Line Item Code 44.24.00)

7.2 ADA Accessibility Planning

Timeframe – July 2022 to June 2023

- CU Transit plans ADA accessibility projects for non-traditional ADA projects funded by Section 5310 grants

7.3 Transit Fixed Route/Regional Service Analysis Implementation

Timeframe – July 2022 to June 2023

- CU will implement recommendations of the Transit Fixed Route Regional Service Analysis

7.4 Service Planning

Timeframe – July 2022 to June 2023

- Collection of data from paratransit operations as required
- CU Transit development of route and schedule alternatives to make services more efficient and cost-effective within current hub and spoke system operating within the City of Springfield (FTA Line Item Code 44.23.01)
- Title VI service planning

7.5 Financial Planning

Timeframe – July 2022 to June 2023

- CU Transit preparation and monitoring of long and short-range financial and capital plans and identification of potential revenue sources

7.6 Competitive Contract Planning

Timeframe – July 2022 to June 2023

- CU Transit will study opportunities for transit cost reductions using third-party and private sector providers

7.7 Safety, Security, and Drug/Alcohol Control Planning

Timeframe – July 2022 to June 2023

- Implementation of additional safety and security policies as required by FAST Act and/or subsequent legislation

7.8 Transit Coordination Plan Implementation

Timeframe – July 2022 to June 2023

- Updating and implementation of the Transit Coordination Plan (due to Section 5310 grants and MAP-21 changes) to include annual training for applicants of 5310 funding and a focus on education, including media outreach

7.9 Program Management Plan Implementation

Timeframe – July 2022 to June 2023

- Review the existing program management plan to ensure compliance with FAST Act and future reauthorization

7.10 Data Collection and Analysis

Timeframe – July 2022 to June 2023

- Update demographics for CU's Title VI and LEP Plans as needed
- CU will collect and analyze ridership data for use in transit planning and other OTO planning efforts
- TAM Plan – As an agency on MoDOT's TAM plan, CU gathers data, as well as performs asset analysis and reporting activities to provide data to MoDOT for inclusion in the MoDOT TAM plan
- PTASP Plan – CU will be gathering safety risk data, establishing benchmarks, and participating in reporting activities for the PTASP plan as required by FTA in 49 CFR Part 637

7.11 Transit Fixed Route Analysis

- Analysis of the current fixed route system in order to recommend the most appropriate route structure of the current system as well as system expansion given budget restrictions.

Anticipated Outcomes

- Operational Planning
- ADA Accessibility Planning
- Service Planning
- Financial Planning
- Competitive Contract Planning
- Safety, Security and Drug and Alcohol Planning
- Data Collection and Analysis
- Transit Fixed Route Analysis

Prior Year Accomplishments

Additional details on prior accomplishments can be found in the FY 2022 year-end report, which will be incorporated upon completion in July 2022.

- Operational Planning
- ADA Accessibility Planning
- Fixed Route Analysis

- Service Planning
- Financial Planning
- Competitive Contract Planning
- Safety, Security and Drug and Alcohol Planning
- Transit Coordination Plan
- Data Collection and Analysis

Task 8 – Ad Hoc Studies and Projects

Purpose

Conduct special transportation studies as requested by the OTO Board of Directors, subject to funding availability. Priority for these studies shall be given to those projects that address recommendations and implementation strategies for the long range transportation plan.

Work Elements

8.1 Route FF through Battlefield Study

Timeframe – July 2022 to June 2023

- Corridor Study to develop cross section and roadway type recommendations based on public input and projected volumes and function.

8.2 Transportation Consultant/Modeling Services

Timeframe – July 2022 to June 2023

- Travel demand model scenarios to assist with long range transportation plan development and implementation
- Contracted data collection efforts to support OTO planning projects, signal timing, and transportation decision-making
- Benefit cost analysis and grant data services

8.3 Grant Applications

Timeframe – July 2022 to June 2023

- Develop and assist OTO members with developing applications for discretionary funding
- Review notices of funding availability to determine alignment of OTO planning documents with funding requirements and focal areas
- Working on partnerships with DOT, HUD, EPA, and USDA through developing applications for discretionary funding programs for livability and sustainability planning

8.4 Other Studies in Accordance with LRTP

Timeframe – July 2022 to June 2023

- Studies requested by member jurisdictions to examine traffic, parking, safety, walkability or land use
- Manage and fund studies to assist jurisdictions with the Planning and Environmental Linkages (PEL) process

8.5 Administration of CRRSSA funded projects

Timeframe – July 2022 to June 2023

- Identify, plan and develop consultant procurement and contract to oversee selected project construction.
- Oversee multi-year consultant contract of Chadwick Flyer III Trail resulting in project completion.

8.6 Administration of Local Jurisdiction Projects

- Oversee the project administration of local jurisdiction projects as needed

Anticipated Outcomes

- Grant applications and support letters as requested
- Travel demand model scenarios as requested
- Other studies as requested
- CRRSA funded projects construction oversight FY23/24
- Project administration
- Route FF through Battlefield Study completed

Prior Year Accomplishments

Additional details on prior accomplishments can be found in the FY 2022 year-end report, which will be incorporated upon completion in July 2022.

- Continued support for area comprehensive plan updates
- Grant application review and support letters
- Reviewed RAISE Grant/INFRA Grant opportunities
- 2022 I-44 INFRA Discretionary Grant application submitted
- 2022 Highway MM RAISE Discretionary Grant submitted
- Chadwick Flyer Bridge Study completed
- North Highway 13 Study completed
- CRRSA funded project planned and contracts in place to begin project

Task 9 – Operations and Demand Management

Purpose

Planning activities to support the efficiency and to manage demand of the transportation system.

Work Elements

9.1 Traffic Incident Management Planning

Timeframe – July 2022 to June 2023

- Implementation of the Traffic Incident Management Action Plan
- Coordinate meetings of Traffic Incident Management Committee

9.2 Intelligent Transportation Systems Coordination

Timeframe – July 2022 to June 2023

- Coordination with the Traffic Management Center in Springfield and with City Utilities Transit as needed

9.3 Travel Sensing and Travel Time Services

Timeframe – July 2022 to June 2023

- Ongoing maintenance of Wi-Fi travel time units

9.4 Coordinate Employer Outreach Activities

Timeframe – July 2022 to June 2023

- Work with the City of Springfield to identify and coordinate with major employers to develop employer-based programs that promote ridesharing and other transportation demand management (TDM) techniques within employer groups
- Rideshare Program outreach

9.5 Collect and Analyze Data to Determine Potential Rideshare Demand

Timeframe – July 2022 to June 2023

- Gather and analyze data to determine the best location in terms of demand to target ridesharing activities

Anticipated Outcomes

- Implementation of Traffic Incident Management Plan
- ITS coordination
- Travel time unit maintenance
- Annual report of TDM activities

Prior Year Accomplishments

Additional details on prior accomplishments can be found in the FY 2022 year-end report, which will be incorporated upon completion in July 2022.

- TIM Implementation Report
- ITS coordination
- Annual report of TDM activities
- Updated and published Rideshare Brochure

Task 10 – MoDOT Studies and Data Collection

Purpose

MoDOT, in coordination with OTO and using non-federal funding, performs several activities to improve the overall efficiency of the metropolitan transportation system.

Work Elements

10.1 MoDOT Transportation Studies and Data Collection

Timeframe – July 2022 to June 2023

- OTO and MoDOT work to conduct a Traffic Count Program to provide hourly and daily volumes for use in the Congestion Management Process, Long Range Transportation Plan, and Travel Demand Model
- Transportation studies would be conducted to provide accident data for use in the Congestion Management Process
- Speed studies would be conducted to analyze signal progression to meet requirements of the Congestion Management Process
- Miscellaneous studies to analyze congestion along essential corridors may also be conducted
- Maintenance of the travel time collection units

Anticipated Outcomes

- Annual traffic counts within the OTO area for MoDOT roadways
- Annual crash data
- Speed studies
- Maintenance of the travel time collection units

Prior Year Accomplishments

Additional details on prior accomplishments can be found in the FY 2022 year-end report, which will be incorporated upon completion in July 2022.

- Annual traffic counts within the OTO area for MoDOT roadways
- Annual crash data
- Speed studies
- Signal timing

Justification for Carryover Balance

The projected carryover balance of **\$754,882.73** represents more than one year of federal planning funding allocations to OTO. OTO is funded by a combined Federal Highway and Federal Transit grant through the Missouri Department of Transportation. OTO cannot spend full current year allocations due to congressional inaction to fully appropriate annual authorizations for transportation.
