BOARD OF DIRECTORS AGENDA 01/20/2022; ITEM I.C.

November 18, 2021 Meeting Minutes

Ozarks Transportation Organization (Springfield, MO Area MPO)

AGENDA DESCRIPTION:

Attached for Board member review are the minutes from the Board of Directors November 18, 2021 meeting. Please review these minutes prior to the meeting and note any changes that need to be made. The Chair will ask during the meeting if any member has any amendments to the attached minutes.

BOARD OF DIRECTORS ACTION REQUESTED:

A member of the Board of Directors is requested to make one of the following motions:

"Move to approve the Board of Directors November 18, 2021 meeting minutes."

OR

"Move to approve the Board of Directors November 18, 2021 meeting minutes with the following corrections..."

OZARKS TRANSPORTATION ORGANIZATION BOARD OF DIRECTORS MEETING MINUTES NOVEMBER 18, 2021

The Board of Directors of the Ozarks Transportation Organization met at its scheduled time of 12:00 p.m. in person and using the Zoom video conferencing platform. The meeting was also livestreamed on Facebook for public participation.

The following members were present:

Mr. David Cameron, City of Republic (a)
Mr. Rusty MacLachlan, Greene County
Mr. Steve Childers, City of Ozark (a)
Mr. James O'Neal, Citizen-at-Large
Mr. Travis Cossey, City of Nixa (a)
Ms. Stacy Reese, MoDOT (a)

Mr. Brad Gray, City of Willard (a) Mr. John Russell, Greene County (Vice-Chair)

Ms. Debra Hickey, City of Battlefield Mr. Dan Smith, City of Springfield (a) Mr. Skip Jansen, City Utilities Transit Ms. Martha Smartt, City of Strafford (a)

Mr. Andrew Lear, City of Springfield Mr. Richard Walker, Springfield Citizen-at-Large

(a) Denotes alternate given voting privileges as a substitute for voting member not present

The following members were not present:

Mr. Mokhtee Ahmad, FTA
Mr. Bradley McMahon, FHWA
Mr. Chuck Branch, Citizen-at-Large
Mr. Lynn Morris, Christian County
Mr. Steve Campbell, MoDOT
Mr. Mike Schilling, City of Springfield

Mr. Jerry Compton, Citizen-at-Large Mr. Brian Weiler, Springfield-Branson Airport (a)

Others Present: Ms. Mary Kromrey, Ozark Greenways; Mr. Frank Miller, MoDOT; Mr. Dan Wadlington, Senator Roy Blunt's Office; Mr. Neil Brady and Mr. Derrick Estell, Bartlett & West; Mr. Dave Faucett, Ms. Sara Fields, Ms. Natasha Longpine, Ms. Debbie Parks, Mr. JD Stevenson, Ms. Nicole Stokes, and Mr. Andy Thomason, Ozarks Transportation Organization.

Chairman Lear called the meeting to order at approximately 12:02 p.m.

I. Administration

A. Welcome and Roll Call

Member	Vote	Member	Vote
Mr. Chuck Branch	Absent	Mr. Rusty MacLachlan via Zoom	Present
Mr. David Cameron	Present	Mr. Lynn Morris	Absent
Mr. Steve Childers	Present	Mr. James O'Neal	Present
Mr. Jerry Compton	Absent	Mr. John Russell via Zoom	Present
Mr. Travis Cossey	Present	Mr. Mike Schilling	Absent
Mr. Brad Gray via Zoom	Present	Ms. Martha Smartt	Present
Ms. Debra Hickey	Present	Mr. Dan Smith	Present
Mr. Skip Jansen	Present	Mr. Richard Walker	Present
Mr. Andrew Lear via Zoom	Present	Mr. Brian Weiler	Absent

B. Approval of Board of Directors Meeting Agenda

Mr. Cameron moved to approve the November 18, 2021 agenda. Ms. Hickey seconded the motion. Chairman Lear called for a vote of members in attendance and then for a roll call vote of members attending via Zoom.

Members attending via Zoom	Vote
Mr. Brad Gray	Aye
Mr. Andrew Lear	Aye
Mr. Rusty MacLachlan	Aye
Mr. John Russell	Aye

After calling for a vote of members in attendance and members via Zoom, the motion passed unanimously.

C. Public Comment Period for All Agenda Items

Chairman Lear advised there were public comments included in the packet. Chairman Lear asked for comments or questions.

D. Adoption of the Consent Agenda

Mr. Childers moved to adopt the Consent Agenda which included the September 16, 2021 minutes, 1st Quarter Financial Statements for FY 2021-2022 budget year, FY 2022-2025 TIP Amendment Two and the Safety Targets. Mr. Cameron seconded the motion. Chairman Lear called for a vote of members in attendance and then for a roll call vote of members attending via Zoom.

Members attending via Zoom	Vote
Mr. Brad Gray	Aye
Mr. Andrew Lear	Aye
Mr. Rusty MacLachlan	Aye
Mr. John Russell	Aye

After calling for a vote of members in attendance and members via Zoom, the motion passed unanimously.

E. Informational Items

OTO staff highlighted the following for the Board of Directors:

- FY 2021-2022 UPWP Administrative Modification One
- FY 2022-2025 TIP Administrative Modification One
- Board of Directors 2022 Meeting Schedule

This was informational only. No action was required.

F. Executive Director's Report

Ms. Fields reported that OTO is fully staffed with 7 staff members. Mr. Stevenson, Project Manager, introduced himself. Mr. Stevenson has been working on developing an RFQ for engineering for the Chadwick Flyer Trail Project at the James River Power Plant, City Utilities property. The RFQ should

go out in the next couple of months. Project construction will hopefully start the end of 2022 or early 2023. This project was funded by the CRRSAA funds (COVID Relief funds) that were allocated to the OTO MPO region.

Staff has been working on the North Kansas/Highway 13 study. Mr. Thomason is serving as the Project Manager for this study. Mr. Thomason, along with CMT, has been focused on public input. A Public Official meeting and a public open house has been held. A website has been developed for this study, North13Study.com. This website includes a survey and a comment card along with information regarding the study. OTO has requested 5 concepts for the project from CMT to help decide what the final project would be.

Staff has also been working to get the Chadwick Flyer Overpass Study under contract as well as the FF Corridor Study.

The Infrastructure Bill passed. Only general numbers of a 30% increase in funding have been shared. OTO staff are paying close attention to the discretionary grants with current areas of focus being I-44 and MM. Ms. Fields shared she is currently serving on the AMPO Policy Committee. They are looking at working with the USDOT on implementation of a lot of these programs, hoping to provide advice as they work to write implementation guidance.

The Legislative Breakfast was held earlier in November. It went well. This will be followed up with a mailing of the 2022 Legislative Priorities to the local delegates.

The audit was completed with a final report of no findings. The auditor will present a report to the Executive Committee in December.

G. MoDOT Update

Ms. Reese stated MoDOT held the Unfunded Needs meetings this week, one in Joplin and one in Springfield. Director McKenna covered the current and potential funding scenarios, highlighting the increase from the gas tax and the federal Infrastructure Bill. Mr. Miller then went over MoDOT's prioritization and planning process in the development of the Unfunded Needs List. A copy of the presentation and the list can be found on MoDOT's website and is open to comments.

The Southwest District is currently updating their estimates for the development of the FY 2023-2027 STIP. MoDOT has a new system that they are transitioning to. One change that may be noticed is how the projects are numbered. There will be a new system for numbering.

MoDOT is getting ready to go through the Statewide Asset Management Review.

MoDOT's November bid opening is approximately \$256 million.

MoDOT continues to see a high trend in turnovers. They are working on recruitment and monitoring the FY 2023 budget request as it progresses through the legislature to assist in adjusting the salary structure to be more competitive with the private sector.

H. Legislative Reports

Mr. Wadlington with Senator Blunt's Office shared that the Infrastructure Bill was approved and signed. This included a reauthorization of the Highway Bill which means 5 more years of guaranteed

funding. Congress will now be focusing on keeping the government open, extending the debt ceiling, and complete the National Defense Authorization Bill.

I. Ozark Greenways Update

Ms. Kromrey, Executive Director of Ozark Greenways, presented an update.

III. New Business

A. 2023-2027 STIP Priorities

Ms. Field shared in early 2022, MoDOT is expected to develop funding estimates for use in the 2023-2027 Statewide Transportation Improvement Program. Once those estimates are developed, there is a very short window to add projects to the program. Therefore, MoDOT has asked for a list of prioritized projects to begin estimating project costs. Projects will only be considered after the funding of the asset management plan ensuring that pavement and bridges are kept in good condition.

Once adopted by the Board, the list will be forwarded to MoDOT for consideration. The projects will be considered in order. If a top project cannot be ready, costs more than the funding available, or is being impacted by a planned construction project, the next project would be considered. MoDOT also has the flexibility to decide that a project doesn't meet the warrants for improvement or that the proposed improvement does not meet a benefit cost analysis or will not meet the identified need. This list serves as OTO's request, not a final expected listing of projects.

Mr. O'Neal made a motion to approve the proposed 2023-2027 STIP Project Priorities. Mr. Jansen seconded the motion. Chairman Lear called for a vote of members in attendance and then for a roll call vote of members attending via Zoom.

Members attending via Zoom	Vote
Mr. Brad Gray	Aye
Mr. Andrew Lear	Aye
Mr. Rusty MacLachlan	Aye
Mr. John Russell	Aye

After calling for a vote of members in attendance and members via Zoom, the motion passed unanimously.

B. Unfunded Needs

MoDOT has requested a list of unfunded needs that can be used in planning for different scenarios. The request proposed specific funding for three tiers of projects. Projects should not be removed from the list until the project is programmed in the STIP. It was noted that the cost estimates provided were educated estimates and, in some cases, once a final project is determined, the estimate would be revised. The list includes the OTO priority list through the Top 12. Projects were added to the list that communities were planning to cost share. Projects were also added for some regional distribution. Mr. Miller reviewed the Southwest Unfunded Needs List for the Board.

Mr. Smith made a motion to approve the MoDOT Unfunded Needs List. Mr. Walker seconded the motion. Chairman Lear called for a vote of members in attendance and then for a roll call vote of members attending via Zoom.

Members attending via Zoom	Vote
Mr. Brad Gray	Aye
Mr. Andrew Lear	Aye
Mr. Rusty MacLachlan	Aye
Mr. John Russell	Aye

After calling for a vote of members in attendance and members via Zoom, the motion passed unanimously.

C. Unfunded Multimodal Needs

Mr. Thomason stated a multimodal unfunded needs list has been developed and shared with MoDOT. This list has been incorporated into a statewide list identifying \$1 billion in unfunded multimodal needs. The Bicycle and Pedestrian Advisory Committee and the STIP Priorities Subcommittee participated in the creation of the OTO's list.

The OTO was asked to identify \$52.98 million in unfunded multimodal needs. MoDOT did not stipulate what modes needed to be included or how the funds should be allocated. The OTO chose to include the following modes. (Each mode was allocated a relatively equal amount of funding.)

- Aviation \$10,400*
- Transit \$10,000*
- Railroad \$9,580*
- Regional Trails \$12,600*
- Local Sidewalks and Trails \$10,379*

Mr. Jansen made a motion to approve the MoDOT Multimodal Unfunded Needs List. Mr. Childers seconded the motion. Chairman Lear called for a vote of members in attendance and then for a roll call vote of members attending via Zoom.

Members attending via Zoom	Vote
Mr. Brad Gray	Aye
Mr. Andrew Lear	Aye
Mr. Rusty MacLachlan	Aye
Mr. John Russell	Aye

After calling for a vote of members in attendance and members via Zoom, the motion passed unanimously.

D. 2020 State of Transportation Report

Ms. Longpine reported that as another step to inform the public of transportation concerns in the region, OTO has produced a State of Transportation Report, which includes achievements and statistics from 2020. This report is produced annually and made available at public events and on the OTO website. Over the next year, OTO will be developing a new set of performance measures based on *Destination 2045*. Ms. Longpine highlighted the 2020 State of Transportation Report.

^{*}Values in Thousands

This was informational only. No action was required.

E. FY 2022 Operational Budget Amendment Two

Ms. Parks shared that the OTO maintains a separate operational budget from the approved Unified Planning Work Program (UPWP) Budget. An amendment is proposed to the OTO Operational Budget for FY 2022. There are two additional projects proposed in the amended budget and one proposed funding increase. The operational budget includes only revenues that are deposited in the OTO's bank accounts and expenditures that are paid by OTO.

Discretionary Grant Application Assistance

The OTO has been presented with the possibility to assist with an Infrastructure for Rebuilding America (INFRA) Discretionary Grant for I-44. The OTO would like to increase the Operational Budget to include the expense up to \$85,000 for this grant assistance.

Chadwick Flyer Crossing Study

The OTO is amending the Chadwick Flyer/US 65 Study contract with the City of Ozark for additional scope in the amount of \$23,750. The scope will now include some preliminary scoping to site the Longview Interchange. This is included to ensure the pedestrian facility proposal will not conflict with the future interchange.

OTO would like to utilize an additional \$80,000 in Surface Transportation Block Grant (STBG) funding:

- \$61,000 additional will be allocated to OTO in STBG funding. This is an increase in funds taken off the top prior to suballocating to members. The total STBG funding to OTO for FY 2022 is proposed to be \$236,800. This includes \$156,800 after this proposed amendment plus \$80,000 for the North 13 Corridor Study.
- \$19,000 additional will come from the City of Ozark's STBG funds.

There was an Administrative Modification to the FY 2022 UPWP to show the reallocation of the \$80,000 STBG funds to the discretionary grant assistance and Chadwick Flyer study. There will also be a TIP amendment for the additional federal funds.

Chadwick Flyer Phase III

The OTO Board of Directors approved federal funds for three trail projects. OTO staff is proposing that OTO manage the construction of the Chadwick Flyer Phase III on City Utilities property at James River Power Station. The FHWA CRRSAA funds that are programmed in the FY 2022-2025 TIP are proposed to be added to the OTO Operational Budget in the amount of \$1,132,750. Local match will be provided by Ozarks Greenways in the amount of \$67,250.

Revenue

- Increasing the Surface Trans Block Grant Revenue line by \$80,000 to \$156,800.
- Adding CRRSAA Funds in the amount of \$1,132,750 for the trail construction of the Chadwick Flyer Phase III.
- Increasing the Local Jurisdiction Match Funds by \$72,000, \$67,250 for the CRRSAA Match requirement, and \$4,750 for the Chadwick Flyer Crossing Study.

Expense

- Increasing the Trans Consult/Model Services Expense line by \$100,000 for a total of \$496,000.
- Adding an expense line for Trail Construction in the amount of \$1,200,000.

Mr. Cameron made a motion to approve the OTO FY 2022 Operational Budget Amendment Two. Mr. Smith seconded the motion. Chairman Lear called for a vote of members in attendance and then for a roll call vote of members attending via Zoom.

Members attending via Zoom	Vote
Mr. Brad Gray	Aye
Mr. Andrew Lear	Aye
Mr. Rusty MacLachlan	Aye
Mr. John Russell	Aye

After calling for a vote of members in attendance and members via Zoom, the motion passed unanimously.

F. OTO Bylaw Amendment

Ms. Fields stated that OTO staff is proposing a change to the OTO bylaws to reflect additional staffing capacity and the ability to better segregate duties to relieve the burden placed on the Treasurer position in terms of time. The proposal will still allow for general oversight while not requiring oversight of day to day expenditures.

The intent is to remove the treasurer from the requirements to review purchases made by check or purchasing card. Instead, the treasurer will be provided any records upon request. At a minimum, the treasurer will be provided monthly bank reconciliations and financial reports.

The proposed bylaw amendment:

Section 5.03: Contracts, Checks, Deposits and Funds

B. All checks, drafts or orders for the payment of money, notes or other evidences of indebtedness issued in the name of the Organization, shall be signed by such officer or officers, agent or agents of the Organization or managing employee or employees and in such manner from time to time be determined by resolution of the Board of Directors. In the absence of such determination of the Board of Directors, the Treasurer shall sign such documents.

Section 6.5: Officers

C. The Board of Directors shall elect a Treasurer. The Treasurer shall be in charge of funds in the Organization and approve payments and expenses as authorized by the Board of Directors. The Treasurer shall be responsible to coordinate with the audit committee for financial reporting as may be desired.

TO BE REPLACED WITH:

C. The Board of Directors shall elect a Treasurer. The Treasurer shall be charged with the general Financial oversight of the OTO. The Treasurer will be an authorized signer on the OTO bank account and will be provided monthly bank reconciliations. All financial records of the organization will be made available to the OTO Treasurer upon request. The Treasurer, or treasurer designee, will present financial records to the Board. The Treasurer will coordinate with the audit committee.

Mr. Cameron made a motion to approve the Bylaw Amendment as outlined. Mr. Cossey seconded the motion. Chairman Lear called for a vote of members in attendance and then for a roll call vote of members attending via Zoom.

Members attending via Zoom	Vote
Mr. Brad Gray	Aye
Mr. Andrew Lear	Aye
Mr. Rusty MacLachlan	Aye
Mr. John Russell	Aye

After calling for a vote of members in attendance and members via Zoom, the motion passed unanimously.

G. OTO Resolution #2021-1

Ms. Fields shared OTO staff is requesting the OTO Board of Directors approve OTO Resolution #2021-1 to authorize payment of expenses of the organization. The resolution would authorize the Executive Director, Sara Fields, to approve all checks, drafts and orders for the payment of money, notes, or other evidences of indebtedness on behalf of the OTO. In the event the Executive Director is unavailable, any officer of the organization is authorized to approve all checks, drafts and orders for the payment of money, notes, or other evidences of indebtedness on behalf of the OTO. The resolution shall be in effect from and after passage.

Mr. Jansen made a motion to approve Resolution #2021-1 as outlined. Mr. Cameron seconded the motion. Chairman Lear called for a vote of members in attendance and then for a roll call vote of members attending via Zoom.

Members attending via Zoom	Vote
Mr. Brad Gray	Aye
Mr. Andrew Lear	Aye
Mr. Rusty MacLachlan	Aye
Mr. John Russell	Aye

After calling for a vote of members in attendance and members via Zoom, the motion passed unanimously.

H. Appointment of 2022 OTO Officers

Mr. Jansen stated pursuant to OTO By-Laws, the OTO Board of Directors is required to appoint the Chairman, Vice-Chairman, Secretary, and Treasurer for the 2022 OTO Board of Directors and to appoint the remaining members of the Executive Committee.

The 2021 Nominating Committee was made up of the following three OTO Board Members:

- Travis Cossey, Assistant Director of Nixa Utilities and Public Works, City of Nixa
- Skip Jansen, City Utilities Transit Representative
- Dan Smith, Public Works Director, City of Springfield

The Nominating Committee presented the following slate of officers. The Chair and Vice-Chair is prescribed in the bylaws as a rotation between Greene County, Christian County, Nixa, Ozark and the City of Springfield. Nominations from the floor may also be made prior to the vote.

2022 Slate of Officers/Executive Committee

Chairman – John Russell, Greene County
Vice-Chairman – Steve Childers, City of Ozark
Secretary – David Cameron, City of Republic
Treasurer – Travis Cossey, City of Nixa
Past Chairman – Andrew Lear, City of Springfield
Executive Committee – Brian Weiler, Springfield-Branson National Airport
Executive Committee – Brady Gray, City of Willard

Mr. O'Neal made a motion to appoint the 2022 OTO Officers and Executive Committee as presented. Mr. Walker seconded the motion. Chairman Lear called for a vote of members in attendance and then for a roll call vote of members attending via Zoom.

Members attending via Zoom	Vote
Mr. Brad Gray	Aye
Mr. Andrew Lear	Aye
Mr. Rusty MacLachlan	Aye
Mr. John Russell	Aye

After calling for a vote of members in attendance and members via Zoom, the motion passed unanimously.

III. Other Business

A. Board of Directors Member Announcements

Mr. Cameron shared that the City of Republic was granted a \$6 million Cost Share Award from the Governor's Cost Share Program. They are also partnering with Greene County on \$1.5 million of that work and the City of Republic is picking up the remainder of that cost to widen MM to 5-lanes. Mr. Cameron thanked Ms. Fields, MoDOT, the Missouri Highway Commission, and everyone that participated in helping the City of Republic with that application. This allowed the project to be taken out of the STIP which freed up more funding for the region.

B. Transportation Issues for Board of Directors Member Review

Mr. O'Neal stated he was asked to mention the need of a pedestrian crossing across Chestnut Expressway between Chestnut and West Bypass, all the way west to the new truck stops near I-44 for future consideration. Bus stops are along only one side of the street opposite of the Revive 66 Campground and motels. There have been 2 pedestrian accidents along that corridor. Ms. Fields shared she received an email as well and forwarded it to MoDOT. Ms. Reese shared MoDOT has been looking at that area. One of the last conversations MoDOT had with the campground, the campground mentioned putting in some sidewalks themselves along their property which could be completed quicker than getting a project funded and scheduled. There are some opportunities in projects scheduled for FY 2024 or FY 2025 that MoDOT is looking at ADA along Chestnut Expressway. Their traffic department is completing a study as well to determine where a good location for a crossing could be. More conversations need to be held with the City of Springfield and City Utilities.

Additional signage has been installed to alert drivers there is a heavier pedestrian crossing area present. As of now, switching the bus stop to the other side of the street would not be a simple change.

C. Articles for Board of Directors Member Information

Chairman Lear noted there were articles of interest included in the packet for the members to review as time allows.

IV. Adjourn meeting

With no further business to come before the Board, Mr. Smith made a motion to adjourn the meeting. Mr. Walker seconded the motion. Chairman Lear called for a vote of members in attendance and then for a roll call vote of members attending via Zoom.

Members attending via Zoom	Vote
Mr. David Cameron	Aye
Mr. Brad Gray	Aye
Mr. Tommy VanHorn	Aye

After calling for a vote of members in attendance and members via Zoom, the motion passed unanimously. The meeting adjourned at 1:06 p.m.

Steve Childers
OTO Secretary

Contact Name: Micah M Wellnitz Contact Email/Ph #:

Comment: Why can't we add more lanes and move the Norton road stop.light? There needs to be a turn lane on 13 for traffic that is going west on 44. Or maybe flyovers for both east and west bound traffic trying g to get on 44. It's hard to say what could change because 13 is a very busy highway.

Sara Fields.

I am writing this letter to you with the utmost sense of urgency. I was recently first on the scene of a fatal, multi vehicle accident at our south campus highway access point. This intersection of Highway 60 and S Farm Rd 189 in Rogersville, Mo is EXTREMELY dangerous. Our church runs around 1,000 people on Sundays and therefore generates a large amount of traffic. I am imploring you to install a light at our intersection in order to save lives! The intersection as it sits is dangerous to both incoming and outgoing traffic. Incoming traffic has to slow down for a turn on the Highway and risks getting rear ended by fast moving vehicles. Outgoing traffic has to turn and then quickly accelerate in order to catch up to the speed of moving traffic.

There is no sense in such a reckless endangerment of human lives. I am putting this request in writing to you and will continue to take every possible step I have at my disposal for an immediate resolution to this public safety hazard.

Please act with haste,

Jay Haynes

Executive Director of Operations

Dear Ms. Fields:

Please be advised that the intersection of Farm Road 189 and U.S. Highway 60 is a very dangerous intersection.

My husband and I are the owners of the brick office building behind Citizens Bank of Rogersville at the intersection of Farm Road 189 and U.S. Highway 60. In July 2012, an employee was involved in an accident while slowing down in the East bound lane to make a left turn from Highway 60 onto Farm Road 189. Our employee had cars in front of her that were slowing in the left lane of Highway 60, and the car behind her did not notice the cars in front of him slowing down and rear ended our employee's car at a very high speed. Our employee missed several days of work as a result of this accident, underwent months of physical therapy, and to this day surfers back pain caused by the accident.

After the accident in July of 2012, I inquired about plans to improve this dangerous intersection and was told that nothing would be done in the immediate future because in TWO OR THREE YEARS all of Highway 60 would be improved and an outer road would service Farm Road 189. However, it has now been NINE and ONE-HALF years since the accident and nothing has been done to make an outer road or to improve the intersection. Other employees have had close calls at this intersection, and I have not used the intersection several times because other cars were waiting to turn, and the traffic behind me was too close and too fast to trust that they would slow down.

If you observe traffic going West at the same intersection, there is no lane to slow in to make a right turn and I have seen accidents in the West bound lane of Highway 60 and Farm Road 189 while I have been at the office. If you can obtain the accident history of Highway 60 and Farm Road 189 I am sure there is a higher percentage of accidents at this intersection than other intersections, and please remember that the accident history does not record the many "almost accidents" that were prevented by alert drivers at that intersection.

Traffic has only gotten worse on Highway 60, and this letter is being written to you in the hopes that you can make U.S. 60 and Farm Road 189 a safer intersection. It is my hope that you will not tell me to wait just 2 or 3 years for all of U.S. 60 to be improved. Please remember that NINE and ONE-HALF YEARS AGO we were told the intersection of Farm Road 189 and U.S. Highway 60 would be improved "IN 2 OR 3 YEARS," AND WE ARE STILL WAITING.

Please help save lives by improving the intersection of Highway U.S. 60 and Farm Road 189. Please feel free to contact me at the below numbers or by return email if you need any further information. Thank you for your help in making your community safer.

Best Regards, Teresa Davis

Comment: The proposed expressway will be going right though the middle of the Misty River subdivision. The owners of these properties in this gated community have purchased and built here specifically for its natural beauty and surroundings. But this plan proposes to make an expressway straight through the middle of it?!? This is alarming! Another route should be chosen, since there is still ample farmland and unsettled land in the surrounding area that would be far less disruptive. Please!

December 27, 2021

Ozark Transportation Organization 2208 W. Chesterfield St., Ste 101 Springfield, MO 65807

Dear Ozark Transportation Organization:

I am writing this letter in support of improving the intersection of U. S. Highway 60 and Farm Road 189. Most intersections along U.S. Highway 60 between Rogersville and Springfield are very dangerous.

The traffic continues to increase on U.S. Highway 60 as the communities East of Springfield are growing each year.

Most intersections have a good line of site for distance, but at Farm Road 189 and U.S. Highway 60 the West bound lanes do not. The turn off the highway is difficult; therefore, the vehicle turns at a slower speed. Often the vehicle following behind them is speeding and the closing distance between vehicles happens more quickly than anticipated. Also, larger vehicles like a fire engine, take longer to make those tight turns and they need a larger turning radius.

Any improvement would be beneficial to all and greatly appreciated. As you are aware, there are several businesses there and a large congregation attends Courageous Church located there also.

Cordiall

Area of concern: Synchronize traffic lights and more right turns

City/County of concern: Springfield/Greene County

Date received: 1/07/2022 Received through: Website

Contact Name: Drew Contact Email/Ph #:

Website comment

Let's prioritize getting the streets in Springfield "up to date" (i.e. more right turn lanes), synchronize the traffic lights to avoid clogging intersections, etc.) Instead of concentrating on the minority of people who use bike lanes and sidewalks, focus on the majority who have to drive to get to work, school, shopping, etc.

Area of concern: Luster and Glenstone

City/County of concern: Springfield/Greene County

Date received: 1/07/2022 Received through: Map-A-Concern (OTO website)

Contact Name: Evan M Contact Email/Ph #:

Comment: This rightmost left-turn-lane off of Luster turns into the exit-lane for Hwy 60 (unmarked on Luster). So, most of the people turning here have to then immediately figure out how to get out of this lane to continue on Glenstone.

Area of concern: Nature Center Way and Galloway Trail

City/County of concern: Springfield/Greene County

Date received: 1/07/2022 Received through: Map-A-Concern (OTO website)

Contact Name: Mike Contact Email/Ph #:

Comment: Adding a spur to connect the Galloway trail to Nature Center Way would open this trail to the weekly farmers market and provide Ravenwood, Spring Creek and Old Southern Hills residents bicycle access to this growing trail. I would think that MDC would be an easier than average partner to negotiate Right-of-way access.

Area of concern: Sidewalk and Trails - Bicycle/Pedestrian Safety

City/County of concern: Springfield/Greene County

Date received: 1/07/2022 Received through: Email

Contact Name: Evan Marshall Contact Email/Ph #:

Website comment

I agree with and echo other peoples concerns that sidewalks built directly next to a street without a strip of grass or a barrier in-between still carries quite a safety concern, especially on high-speed roads.

Additionally, the on-street bicycle lanes are an extremely poor and unsafe idea, especially in this area where motorists drive dangerously in general, many of which seem to actively put cyclists in danger.

Pedestrians and cyclists need multi-purpose hard paths created not merely for the purpose of recreation/health, but also prioritizing actual point-to-point travel. Perhaps on this note it would also be prudent to allow cyclists to use pedestrian sidewalks and paths just because the roads are so unsafe.

Additionally, it seems that many locations just have unreasonable distances between destinations even with existing sidewalks and paths. For example in south-east Springfield if you are at the Farmer's Park area and want to go to Chick-fil-A....that is a 3-mile trip taking you all the way down Republic to Fremont and then back Independence, behind the motels, and then up a frontage road. The new roundabout being constructed doesn't fix this at all.

Area cities need to commit to all new construction and rennovations (like the Glenstone/Republic roundabout) requiring large multi-purpose sidewalks and paths as part of their designs with the goal of making the around functional for not just recreation but as an actual travel option so people can walk/cycle to a store, shopping center, or work. Today that is not really practical for the citizens of the area, and it doesn't seem that this initiative really addresses this kind of goal very well.

Website comment

Many of the streets and highways in our area are overly congested hours a day. Please do not further disrupt traffic by adding bicycle lanes on existing roads or decrease lane widths on future roads to make seldom used bike lanes. There are thousands of cars using the roads daily and practically NO bikes.

OTO Response: Thank you for your comment. This information will be shared with our Technical Planning Committee and Board of Directors.

Area of concern: Area between Lone Pine Ave and Saratoga Avenue

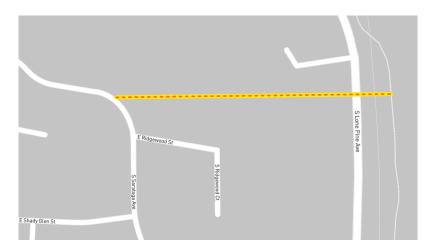

City/County of concern: Springfield/Greene County

Date received: 1/07/2022 Received through: Map-A-Concern (OTO website)

Contact Name: Matt Wegenka Contact Email/Ph #:

Comment: There is already a right of way with overhead utility lines in this area. This would connect a good size residential area to the greenways trail north of Sequiota Park. As it stands now to access the trails a pedestrian has to cross Battlefield road at Chambery Ave which is dangerous to access a sidewalk that goes down the hill toward Lone Pine then cross Lone Pine to access trail. Be much safer and would allow better access to the trail if walkway was installed at my suggested area.

Is there a way to created a bike path that gets you from Farmer's park area to the Sequiota trails and out to Rogersville/Ozark without having to ride on Glenstone across James River Freeway? I know with that roundabout being constructed, that path is going to change, but will there be a Bike lane or can a path be put down Nature Center way past the Nature Center to connect to an already great pathway?

OTO Response: Thank you for your questions. These questions will be shared with our Technical Planning Committee and Board of Directors.

Area of concern: Trail placement

Website comment

While the whole concept of creating bike trails for rider and pedestrian safety is good, some of the existing plans are not well thought out. The proposed trail from Republic toward State Hwy ZZ needs to be rerouted. The current plans have it going through several rural front yards—basically cutting them in half—and seriously hindering the safety and privacy of the homeowners. It also takes valuable farmland. If this pathway was rerouted over one street to Hines St., there is ample space along side the road for it, and that would also allow it to avoid the dangerous traffic circle proposed for the intersection of ZZ highway and Farm Rd 182.

If the goal is to provide a safe route between two points, there is absolutely no need to be taking farmland for this or disrupting rural homeowners by putting a bike trail practically in their front door!

OTO Response: Thank you for this information. It will be shared with our Technical Planning Committee and Board of Directors.

we are all about bringing community's together but to come and try to take farm land our birth right and take mature trees and to put a trail at my front door for something that is a want in my opinion not a need or that could be re-routed to the next rd over where there is a park and children that would actually benefit from it and save grant money that they have accepted and have plan to put sidewalks in on this said rd they could just put the bike trail in and wouldn't have to take away all the farmers property and our privacy and would still be able to connect community's

OTO Response: Thank you for this information. It will be shared with our Technical Planning Committee and Board of Directors.

Website comment

I am an avid cyclist and safe roads for cyclists here in Southwest MO are pretty few and far between. One of the greatest needs IMHO is to improved roads with shoulders and make designated safe routes for cyclists and pedestrians. I think having these two things would not only improve road safety for motorists, but also help increase the number of people who would choose to ride and walk, improving their overall health and happiness.

Since I live in Nixa, I would especially like to see safe routes / trails developed connecting Nixa and Ozark to the Springfield area. I believe this would be a huge benefit not only for cyclists and pedestrians, but also for the business community, bring more people out to enjoy the great outdoors here in the Ozarks.

OTO Response: Thank you for this information. It will be shared with our Technical Planning Committee and Board of Directors.

TAB 3

BOARD OF DIRECTORS AGENDA 01/20/2022; ITEM II.A.

Independent Financial Statement Audit Report for FY 2021

Ozarks Transportation Organization (Springfield, MO Area MPO)

AGENDA DESCRIPTION:

Cinda L. Rodgers, CPA, PC, conducted the audit of the Ozarks Transportation Organization's financial accounting and reporting practices for the fiscal year-ended June 30, 2021.

The Audit for FY 2021, which ran from July 1, 2020 to June 30, 2021 is included for Board of Directors review and acceptance. The auditor's opinion states that the financial statements are presented fairly in all material aspects. There are no findings included as part of this audit.

The ending fund balance for June 2021 was \$454,838. This was a decrease from the prior year balance of \$489,275 by \$34,437.

EXECUTIVE COMMITTEE ACTION TAKEN:

At its regular scheduled meeting on December 8, 2021, the Executive Committee recommended the Board of Directors accept the Fiscal Year 2021 Independent Financial Statement Audit report.

BOARD OF DIRECTORS ACTION REQUESTED:

That a member of the Board of Directors make one of the following motions:

"Move to accept the Fiscal Year 2021 Independent Financial Statement Audit report."

OR

"Move to reject the Fiscal Year 2021 Independent Financial Statement Audit in consideration of the following...."

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors Ozarks Transportation Organization Springfield, Missouri

We have audited the accompanying financial statements of the governmental activities and the major fund of Ozarks Transportation Organization, as of and for the year ended June 30, 2021, and the related notes to financial statements which collectively comprise the Organization's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note A. This includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Ozarks Transportation Organization, as of June 30, 2021, and the respective changes in financial position thereof for the year then ended in accordance with the modified cash basis of accounting as described in Note A.

Basis of Accounting

We draw attention to Note A of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matters

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Ozarks Transportation Organization's financial statements. The budgetary comparison schedule, which is the responsibility of management, is presented for purposes of additional analysis and is not a required part of the financial statements. The budgetary comparison schedule has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Cinda L. Rodgers, CPA, PC

NOTE A-SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Ozarks Transportation Organization is a federally designated Metropolitan Planning Organization (MPO) that serves as a forum for cooperative transportation decision-making by state and local governments, and regional transportation and planning agencies.

The Organization is governed by the Board of Directors ("Board") that acts as the authoritative body of the entity. The Board includes local elected and appointed officials from Christian and Greene Counties, and the cities of Battlefield, Nixa, Ozark, Republic, Springfield, Strafford and Willard. It also includes technical staffs from the Missouri Department of Transportation, Federal Highway Administration, Federal Transit Administration, and the Federal Aviation Administration.

As discussed below, these financial statements are presented on a modified cash basis of accounting. This modified cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Board (GASB) pronouncements. In the government-wide financial statements and the fund financial statements for proprietary funds, if any, Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, have been applied, to the extent they are applicable to the modified cash basis of accounting, unless those pronouncements conflict with or contradict GASB pronouncements, in which case GASB prevails.

The Reporting Entity

The Organization, for financial purposes, includes all of the funds relevant to the operations of the Ozarks Transportation Organization. The financial statements presented herein do not include agencies which have been formed under applicable state laws or separate and distinct units of government apart from the Ozarks Transportation Organization.

The financial statements of the Organization should include those of separately administered organizations that are controlled by or dependent on the Organization. Control or dependence is determined on the basis of budget adoption, taxing authority, funding and appointment of the respective governing boards. However, there are currently no such entities.

Basis of Presentation

Government-Wide Statements

The Organization's financial statements include both government-wide (reporting the Organization as a whole) and fund financial statements (reporting the Organization's major fund). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The Organization's activity for transportation planning is classified as a governmental activity. The government-wide Statement of Activities reports both

NOTE A- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

gross and net cost of the Organization's function. The function is supported by general governmental revenues. The Statement of Activities reduces gross expenses by related program revenues, operating and capital grants. Program revenues must be directly associated with the function and include grants and in-kind match income.

The net costs (by function) are normally covered by general revenue.

The Organization does not allocate indirect costs.

This government-wide focus is more on the sustainability of the Organization as an entity and the change in the Organization's net position resulting from the current year's activities.

Fund Financial Statements

The accounts of the Organization are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which are comprised of each fund's assets, liabilities, fund equity, revenues and expenditures/expenses. Government resources are allocated to and for individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. Funds are organized into two major categories: governmental and proprietary. Presently, there is only one fund which is the General Fund. This is a governmental-type fund. The General Fund is the operating fund of the Organization and is always considered a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds. At this time, there are no such requirements for other funds.

Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe "how" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

In the government-wide Statement of Net Position and Statement of Activities, activities are presented using the economic resources measurement focus, within the limitations of the modified cash basis of accounting, as described below. The objectives of the economic resources measurement focus are the determination of operating income, changes in net position and financial position. All assets and liabilities (whether current or noncurrent, financial or nonfinancial) associated with their activities are reported.

NOTE A- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement Focus (continued)

In the fund financial statements (governmental only), the current financial resources measurement focus, as applied to the modified cash basis of accounting, is used as appropriate. With the current financial resources measurement focus, only current financial assets and liabilities are generally included on the balance sheet. The operating statement presents sources and uses of available spendable financial resources in a given period.

Basis of Accounting

The government-wide Statement of Net Position and Statement of Activities and the fund financial statements are presented using a modified cash basis of accounting. This basis of accounting recognizes assets, liabilities, net position/fund equity, revenues, and expenditures/expenses when they result from cash transactions. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As a result of the use of the modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements. However, in-kind transactions and certain payables/receivables have been recorded.

If the Organization utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting. All government-wide financial statements would be presented on the accrual basis of accounting.

Use of Restricted Funds

When both restricted and unrestricted resources are available for use, it is the Organization's policy to use restricted resources first, then unrestricted resources as they are needed.

Cash and Cash Equivalents

For the purpose of financial reporting, "cash" or "cash and cash equivalents" includes all demand and savings accounts, certificates of deposit and short-term investments with an original maturity of three months or less.

NOTE A- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fund Balance Classification

Beginning with fiscal year 2011, the Organization implemented GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions." This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balances more transparent. The following classifications describe the relative strength of the spending constraints:

Nonspendable: This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact.

<u>Restricted:</u> This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.

<u>Committed</u>: This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of Directors. These amounts cannot be used for any other purpose unless the Board of Directors removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

<u>Assigned:</u> This classification includes amounts that are constrained by the Organization's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the Board of Directors or through the Board of Directors delegating this responsibility to the executive director through the budgetary process. This classification also includes the remaining positive fund balance for any governmental funds except for the General Fund.

<u>Unassigned:</u> This classification includes the residual fund balance for the General Fund. The Unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by the offsetting of Assigned fund balance amounts. The Organization's total fund balance was classified as Unassigned as of June 30, 2021.

The Organization would typically use Restricted fund balances first, followed by Committed resources, and then Assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned resources first to defer the use of these other classified funds.

NOTE A- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Net Position Classifications

In government-wide statements, equity is classified as net position displayed in three components:

<u>Invested in Capital Assets</u>, Net of Related Debt: consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.

<u>Restricted Net Position</u>: consists of assets with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted Net Position: all other assets that do not meet the definitions above.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting may require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE B - CASH

The Organization's deposits are comprised of the following as of June 30, 2021:

	Book	Bank
	Balance	Balance
Checking, Money Market, ICS (interest bearing)	\$469,550	\$479,836

As of June 30, 2021, cash accounts were adequately insured or collateralized.

NOTE C – RISK MANAGEMENT

The Organization is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Organization maintains commercial insurance coverage for property damage, liability and accidents. Management believes coverage is sufficient to preclude any significant uninsured losses to the Organization.

NOTE D – ADJUSTMENTS

Entries in the "Adjustments" column of the Statement of Net Position and Statement of Activities are recorded because governmental funds report equity as "fund balance" while governmental activities report equity as "net position."

NOTE E – MANAGEMENT REVIEW

Management has evaluated potential subsequent events through October 25, 2021, the date the financial statements were available to be issued.

NOTE F – LEASE

The Organization entered into a five-year lease for office space effective October 12, 2015. The lease was amended on October 30, 2020 extending the lease until March 29, 2026. The lease provides for monthly payments of \$4,290 plus additional amounts for estimated taxes, insurance and common area maintenance expenses. Future minimum rental payments are as follows:

Year ended June 30,

2022	\$ 51,480
2023	51,480
2024	51,480
2025	51,480
2026	38,610

NOTE G – DEFINED BENEFIT PENSION PLAN

<u>Plan description</u>: The Ozarks Transportation Organization defined benefit pension plan provides certain retirement, disability and death benefits to plan members and beneficiaries. The Organization participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with RSMo. 70.600-70.755. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at www.molagers.org.

NOTE G – DEFINED BENEFIT PENSION PLAN (continued)

Benefits provided: LAGERS provides retirement, death and disability benefits. Benefit provisions are adopted by the governing body of the employer, within the options available in the state statutes governing LAGERS. All benefits vest after five years of credited service. Employees who retire on or after age 60 with five or more years of service are entitled to an allowance for life based upon the benefit program information provided below. Employees may retire with an early retirement benefit with a minimum of five years of credited service and after attaining age 55 and receive a reduced allowance.

	2021 Valuation
Benefit Multiplier	2%
Final Average Salary	5 Years
Member Contributions	0%

Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Employees covered by benefit terms: At June 30, 2021, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	0
Inactive employees entitled to but not yet receiving benefits	0
Active employees	5

<u>Contributions</u>: The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer do not contribute to the pension plan. Employer contribution rates are 11.6% of annual covered payroll.

<u>Net Pension Liability:</u> The net pension liability has not been recorded in these financial statements due to utilizing the modified cash basis of accounting.

<u>Pension Expense.</u> For the year ended June 30, 2021, the Organization recognized pension expense of \$36,371.

NOTE H – ECONOMIC DEPENDENCY

Approximately 79% of total revenue was received from the Missouri Department of Transportation.

NOTE I – DEFERRED COMPENSATION

During the fiscal year ended June 30, 2020, the Organization implemented a 457 deferred compensation plan. Under the plan, the Organization will match up to \$10 per pay period of employees' contributions to the plan. The Organization's contributions totaled \$1,290 for the fiscal year ended June 30, 2021.

NOTE J – RISKS AND UNCERTAINTIES

The COVID-19 pandemic has severely impacted many local economies around the globe. In many countries, businesses are being forced to cease or limit operations for long or indefinite periods of time. Measures taken to contain the spread of the virus, including travel bans, quarantines, social distancing, and closures of non-essential services have triggered significant disruptions to businesses worldwide, resulting in economic slowdown. Global stock markets have also experienced great volatility and a significant weakening. Governments and central banks have responded with monetary and fiscal interventions in an effort to stabilize economic conditions. The duration and impact of the COVID-19 pandemic, as well as the effectiveness of government and central bank responses, remains unclear at this time. It is not possible to reliably estimate the duration and severity of these consequences, as well as their impact on the financial position and results of operations of the Organization for future periods.

OZARKS TRANSPORTATION ORGANIZATION NOTES TO SUPPLEMENTARY INFORMATION BUDGETARY COMPARISON SCHEDULE FOR THE FISCAL YEAR ENDED JUNE 30, 2021

Budgetary Accounting

The Organization follows these procedures in establishing the budgetary data presented:

- a) Formal budgetary integration is employed as a management controlled device during the year for the Governmental Fund. This budget is adopted on an other comprehensive basis of accounting (modified cash).
- b) The schedule of revenue, expenditures, and changes in fund balance budget and actual for the major governmental fund presents comparisons of legally adopted budgets with actual data on a budgetary basis.
- c) Unused appropriations for annually budgeted funds lapse at year end.
- d) The budget amounts shown in the financial statements are the original authorized amounts and the revised amounts at the end of the year.

TAB 4

BOARD OF DIRECTORS AGENDA 01/20/2022; ITEM II.B.

Administrative Modifications 2, 3, and 4 to the FY 2022-2025 Transportation Improvement Program

Ozarks Transportation Organization (Springfield, MO Area MPO)

AGENDA DESCRIPTION:

Administrative Modification 2:

There is 1 item included as part of Administrative Modification 2 to the FY 2022-2025 Transportation Improvement Program.

Chadwick Flyer Crossing Study (OK2206-22AM2)

Increasing the programmed amount from \$35,000 to \$43,750 and clarifying the scope as Phase 1

Basis for Administrative Modification

- Changes in a project's programmed amount less than 25% (up to \$2,000,000).
- Minor changes to the scope of a project.

Administrative Modification 3:

There is 1 item included as part of Administrative Modification 3 to the FY 2022-2025 Transportation Improvement Program.

Shuyler Creek Trail (EN2010-22AM3)

Adding TAP funding in place of STBG-U funding in the amount of \$450,000.

Basis for Administrative Modification

Minor changes to funding sources between federal funding categories or between state and local sources.

Administrative Modification 4:

There are two items included as part of Administrative Modification 4 to the FY 2022-2025 Transportation Improvement Program.

- 1. Campbell and Republic Road Intersection (SP1818-22AM4)
 - Changing Project Sponsor from City of Springfield to MoDOT.
- 2. Republic Road Lane Widening (SP1902-22AM4)

Changing Project Sponsor from City of Springfield to MoDOT.

Basis for Administrative Modification

Changing a project's lead agency when agreed upon by the two agencies affected.

BOARD OF DIRECTORS ACTION REQUESTED:

This item is informational only, no action is required.

OZARKS TRANSPORTATION ORGANIZATION

A METROPOLITAN PLANNING ORGANIZATION

2208 W. CHESTERFIELD BOULEVARD, SUITE 101, SPRINGFIELD, MO 65807 417-865-3047

15 October 2021

Ms. Britni O'Connor Transportation Planning Missouri Department of Transportation P. O. Box 270 Jefferson City, Missouri 65102

Dear Ms. O'Connor:

I am writing to advise you that the Ozarks Transportation Organization approved Administrative Modification Number Two to the OTO FY 2022-2025 Transportation Improvement Program (TIP) on October 15, 2021. The adoption included demonstration of fiscal constraint as required by federal regulations. Please find enclosed the administrative modification, which is outlined on the following pages.

Please let me know if you have any questions about this or the administrative modification or need any other information.

Sincerely,

Natasha L. Longpine, AICP

Principal Planner

See Table G.9 for details on Local Share Financial Capacity.

Human Service Providers

FTA Section 5310 funding is competitively awarded on a regular basis to area Human Service Transportation providers. The 5310 awards are administered by MoDOT as set forth in an MOU and the Program Management Plan. The responsibility is on MoDOT to confirm financial capacity in administering these projects. As part of the application process and in executing vehicle purchase agreements with MoDOT, awardees are required to demonstrate financial capacity for both the match and the maintenance of any vehicle purchased. Sources for this funding depends upon the agency, but projects are not awarded to those agencies who cannot provide the requisite match.

PROJECTED REVENUES

In an effort to demonstrate that the local jurisdictions and agencies are able to fund the projects programmed in the TIP, in addition to maintaining the federal aid system, the following revenue estimates are included. OTO is not using any inflation in these revenue projections as the sources are fuel taxes, sales taxes, and property taxes, rather, the projections are adjusted each year with the revised TIP. The TIP financial element is consistent with the OTO Long Range Transportation Plan.

OZARKS TRANSPORTATION ORGANIZATION

A METROPOLITAN PLANNING ORGANIZATION

2208 W. CHESTERFIELD BOULEVARD, SUITE 101, SPRINGFIELD, MO 65807 417-865-3047

3 December 2021

Ms. Britni O'Connor Transportation Planning Missouri Department of Transportation P. O. Box 270 Jefferson City, Missouri 65102

Dear Ms. O'Connor:

I am writing to advise you that the Ozarks Transportation Organization approved Administrative Modification Number Three to the OTO FY 2022-2025 Transportation Improvement Program (TIP) on December 3, 2021. The adoption included demonstration of fiscal constraint as required by federal regulations. Please find enclosed the administrative modification, which is outlined on the following pages.

Please let me know if you have any questions about this or the administrative modification or need any other information.

Sincerely,

Natasha L. Longpine, AICP

Principal Planner

Enclosure

Administrative Modification 3 to the FY 2022-2025 Transportation Improvement Program

Ozarks Transportation Organization (Springfield, MO Area MPO)

DESCRIPTION:

There is 1 item included as part of Administrative Modification 3 to the FY 2022-2025 Transportation Improvement Program.

Shuyler Creek Trail (EN2010-22AM3)

Adding TAP funding in place of STBG-U funding in the amount of \$450,000.

Basis for Administrative Modification

• Minor changes to funding sources between federal funding categories or between state and local sources.

OZARKS TRANSPORTATION ORGANIZATION

A METROPOLITAN PLANNING ORGANIZATION

2208 W. CHESTERFIELD BOULEVARD, SUITE 101, SPRINGFIELD, MO 65807 417-865-3047

7 December 2021

Ms. Britni O'Connor Transportation Planning Missouri Department of Transportation P. O. Box 270 Jefferson City, Missouri 65102

Dear Ms. O'Connor:

I am writing to advise you that the Ozarks Transportation Organization approved Administrative Modification Number Four to the OTO FY 2022-2025 Transportation Improvement Program (TIP) on December 7, 2021. The adoption included demonstration of fiscal constraint as required by federal regulations. Please find enclosed the administrative modification, which is outlined on the following pages.

Please let me know if you have any questions about this or the administrative modification or need any other information.

Sincerely,

Natasha L. Longpine, AICP

Principal Planner

Enclosure

Administrative Modification 4 to the FY 2022-2025 Transportation Improvement Program

Ozarks Transportation Organization (Springfield, MO Area MPO)

DESCRIPTION:

There are two items included as part of Administrative Modification 4 to the FY 2022-2025 Transportation Improvement Program.

Basis for Administrative Modification

Changing a project's lead agency when agreed upon by the two agencies affected.

- Campbell and Republic Road Intersection (SP1818-22AM4)
 Changing Project Sponsor from City of Springfield to MoDOT.
- 2. Republic Road Lane Widening (SP1902-22AM4)
 Changing Project Sponsor from City of Springfield to MoDOT.

BOARD OF DIRECTORS AGENDA 01/20/2022; ITEM II.C.

Amendment Number Three to the FY 2022-2025 Transportation Improvement Program

Ozarks Transportation Organization (Springfield, MO Area MPO)

AGENDA DESCRIPTION:

There are seven items included as part of Amendment Number Three to the FY 2022-2025 Transportation Improvement Program.

- *New* Route FF Corridor Improvements Scoping (BA2202-22A3)
 Scoping for corridor improvements from Route M to Farm Road 194 in Battlefield for a total programmed amount of \$150,000.
- *New* ITS Scoping at Various Locations (MO2214-22A3)
 Scoping for ITS improvements at various locations in the SW Urban District for a total programmed amount of \$100,000.
- *Revised* Interchange Improvements at Route 60 and Route 125 (RG0901-22A3)
 Updating project programming to reflect final cost estimate and local participation by Greene County and the City of Rogersville, for a total programmed amount of \$23,293,155 (50% is from rural Southwest District).
- 4. *Revised* Route MM Improvements 1-44 to Route 360 (RP1703-22A3)

 Updating project to reflect construction and the City of Republic Cost Share award for a total programmed amount of \$10,038,698.
- 5. *New* Glenstone Safety Improvements Scoping (SP2218-22A3)
 Scoping for safety improvements on Glenstone from McClernon Street to Republic Court in Springfield for a total programmed amount of \$20,000.
- 6. *New* James River Freeway Interchange Improvements Scoping (SP2219-22A3)
 Scoping for interchange improvements at Kansas Expressway (Route 13) in Springfield for a total programmed amount of \$150,000.
- 7. *New* US 60 and US 65 Interchange Improvements Scoping (SP2220-22A3)
 Scoping for interchange operational improvements at Route 60 (James River Freeway) and Route 65 in Springfield for a total programmed amount of \$150,000.

TECHNICAL PLANNING COMMITTEE ACTION TAKEN:

At its regularly scheduled meeting on December 15, 2021, the Technical Planning Committee recommended the Board of Directors approve Amendment 3 to the FY 2022-2025 Transportation Improvement Program.

Since the Technical Planning Committee Meeting, MoDOT revised BA2202 and MO2214 to show Advance Construction for the STBG funding that was previously shown. This revised version was included in the packet for public involvement.

BOARD OF DIRECTORS ACTION REQUESTED:

A member of the Board of Directors is requested to make one of the following motions:

"Move to approve Amendment 3 to the FY 2022-2025 Transportation Improvement Program."

OR

"Move to approve Amendment 3 to the FY 2022-2025 Transportation Improvement Program, with these changes..."

See Table G.9 for details on Local Share Financial Capacity.

Human Service Providers

FTA Section 5310 funding is competitively awarded on a regular basis to area Human Service Transportation providers. The 5310 awards are administered by MoDOT as set forth in an MOU and the Program Management Plan. The responsibility is on MoDOT to confirm financial capacity in administering these projects. As part of the application process and in executing vehicle purchase agreements with MoDOT, awardees are required to demonstrate financial capacity for both the match and the maintenance of any vehicle purchased. Sources for this funding depends upon the agency, but projects are not awarded to those agencies who cannot provide the requisite match.

PROJECTED REVENUES

In an effort to demonstrate that the local jurisdictions and agencies are able to fund the projects programmed in the TIP, in addition to maintaining the federal aid system, the following revenue estimates are included. OTO is not using any inflation in these revenue projections as the sources are fuel taxes, sales taxes, and property taxes, rather, the projections are adjusted each year with the revised TIP. The TIP financial element is consistent with the OTO Long Range Transportation Plan.

STATE AND FEDERAL

TAB 6

BOARD OF DIRECTORS AGENDA 01/20/2021; ITEM II.D.

Federal Functional Classification Change Request

Ozarks Transportation Organization (Springfield, MO Area MPO)

AGENDA DESCRIPTION: Pursuant to §470.105.b listed below, the State of Missouri, in conjunction with OTO, must maintain a functional classification map. This map is different from the Major Thoroughfare Plan, which is part of the Long Range Transportation Plan. The Federal Functional Classification System designates Federal Aid Highways, i.e., those eligible for federal funding.

The following information is a summary of the submitted application materials.

The City of Springfield has requested the following changes to the federal functional classification system. The application is included.

 Roadway Name – Kansas Avenue, Walnut Lawn to Battlefield Current Functional Classification – Local Requested Functional Classification – Major Collector Major Thoroughfare Plan – Collector

Reasoning – The roadway does not currently function as a local road. It functions as a collector roadway bringing vehicles from an arterial roadway and residential areas to commercial developments. Existing demand is inconsistent with current classification.

Roadway Name – El Camino Alto Drive, Buena Vista Street to Monastery Street
 Current Functional Classification – Local
 Requested Functional Classification – Minor Collector
 Major Thoroughfare Plan – Collector

Reasoning – The roadway does not currently function as a local road. It functions as a collector roadway bringing vehicles from an arterial roadway to commercial developments. There are new apartment buildings and new commercial development planned along the corridor.

3) Roadway Name - Monastery Street

Current Functional Classification – Local Requested Functional Classification – Major Collector Major Thoroughfare Plan – Collector

Reasoning – The roadway does not currently function as a local road. It functions as a collector roadway bringing vehicles from an arterial roadway and residential areas to commercial developments. Existing demand is inconsistent with current classification.

4) Roadway Name - Lakewood

Current Functional Classification – New Road, El Camino Alto Drive to Republic Rd. **Requested Functional Classification** – Minor Collector - *All* **Major Thoroughfare Plan** – Collector - *All* **Reasoning** – These roadways collect traffic from local roads and distributes traffic to Highway 125 and should be reclassified as Minor Collectors. Additionally, these roadways provide access from the northern residential areas of the City to the schools, shops, parks, and businesses in the City.

The City of Willard has requested the following changes to the federal functional classification system. The application is included.

Roadway Name - New Melville Road, Rt AB to Farm Road 103
 Current Functional Classification – Local

 Requested Functional Classification – Minor Collector
 Major Thoroughfare Plan – Collector

Reasoning – New Melville Road connects and augments the City's principal collector/arterial system. This roadway collects traffic from local roads and distributes traffic to Major Collectors (i.e. Hwy AB, Miller Road, and Farm Road 103) and Arterial Roadway Hwy 160. The daily traffic along this section of New Melville Road was recently counted at 1,425 vehicles per day. New Melville Road is very similar in nature to other roadways which have federal classifications as Minor Collectors.

Roadway Name – Knight St. – from Rt. AB to Miller Rd.
 Current Functional Classification – Local
 Requested Functional Classification – Minor Collector
 Major Thoroughfare Plan – Local*

Reasoning – Knight Street connects and augments the City's principal collector/arterial system. This roadway collects traffic from local roads and distributes traffic to Major Collectors (i.e. Hwy AB, and Miller Road). The daily traffic along this section of Knight Street was recently counted at 1,029 vehicles per day. Knight Street is very similar in nature to other roadways which have federal classifications.

*Staff Comments: Knight St in Willard is not currently shown as a collector on the OTO's Major Thoroughfare Plan. Staff believes Knight St meets the requirements of a collector and will address the MTP inconsistency as it updates the entire MTP in the coming months.

TECHNICAL COMMITTEE ACTION TAKEN:

At its regularly scheduled meeting on December 15, 2021, the Technical Planning Committee moved to recommend the Board of Directors approve the Functional Classification Change requests.

BOARD OF DIRECTORS ACTION REQUESTED:

A member of the Board of Directors is requested to make one of the following motions:

"Move to approve the Functional Classification Change requests."

OR

"Move to approve the Functional Classification Change requests with the following changes..."

Application

Federal Functional Classification Change

Instructions

Please use this form to submit a reclassification request for an existing roadway or to classify a planned roadway. To better process your application; please fill out the form completely. Upon completion, save the document and email it to athomason@ozarkstransportation.org or fax it to (417) 862-6013. If you have any questions, please contact Andy Thomason at 865-3047 x 107 or athomason@ozarkstransportation.org.

APPLICATIONS ARE DUE FRIDAY, NOVEMBER 19, 2021 AT 4:00pm

Functional Reclassification Process

- **1. Application**. A general call for applications will be made in December.
- **2. Technical Committee.** The request will be heard at the December Technical Committee meeting. The Technical Committee will hear the item and make recommendation to the Board of Directors. The Technical Committee may decide to table the item until a future meeting.
- **3. Board of Directors.** After a recommendation is made by the Technical Committee, the Board will approve or deny the request, mostly likely in January. If the request is approved, it will be forwarded to MoDOT and FHWA.
- **4. FHWA.** FHWA requires a minimum of 45 days to review the request. A notice of determination will be given to OTO. OTO will forward the notice to the requesting agency.

Roadway Data

Roadway Name:	Kansas Avenue
Termini of Roadway	
From:	Walnut Lawn
To:	Battlefield
Length (miles):	.5
Number of Lanes:	2
Lane Width:	12
Traffic Volume (AADT):	7,346

Is the roadway existing or a future road? If a future road, describe how the project is committed to locally (provide documentation) and state the anticipated date for the start of construction.

Existing

Classification Change

Type of Area:	Commercial
Current Classification:	Local
Requested Classification:	Major Collector

Justification

Explain why the roadway classification should be revised.

The roadway does not currently function as a local road. It functions as a collector roadway bringing vehicles from an arterial roadway and residential areas to commercial developments.

Are there any new developments (residential or commercial) or changes in land usage that will alter the demand on this roadway?

Νc

Will this roadway provide direct access to any points of activity: business parks, industries, shopping centers, etc?

Yes. Shopping centers.

Is the demand on this roadway changing or is the existing demand inconsistent with its current classification?

Existing demand is inconsistent with current classification.

Additional information you would like to include.

- **1. Application**. A general call for applications will be made in December.
- **2. Technical Committee.** The request will be heard at the December Technical Committee meeting. The Technical Committee will hear the item and make recommendation to the Board of Directors. The Technical Committee may decide to table the item until a future meeting.
- **3. Board of Directors.** After a recommendation is made by the Technical Committee, the Board will approve or deny the request, mostly likely in January. If the request is approved, it will be forwarded to MoDOT and FHWA.
- **4. FHWA.** FHWA requires a minimum of 45 days to review the request. A notice of determination will be given to OTO. OTO will forward the notice to the requesting agency.

Application Information

Date: November 11, 2021

Contact Information

Name:	Randy Brown
Title:	Director of Development
Agency:	City of Willard
Street Address:	PO Box 187
	224 W. Jackson
City/State/Zip:	Willard, MO 65781
Email:	develop@cityofwillard.org
Phone:	417-742-5308
Fax:	Mobile: 417-343-0285

Roadway Data

Roadway Name:	New Melville Road
Termini of Roadway	
From:	Hwy AB
To:	Farm Road 103
Length (miles):	1.37 miles
Number of Lanes:	2
Lane Width:	10'
Traffic Volume (AADT):	1,425

Is the roadway existing or a future road? If a future road, describe how the project is committed to locally (provide documentation) and state the anticipated date for the start of construction.

New Melville Road is an existing roadway.

Classification Change

Type of Area:	Residential
Current Classification:	Local
Requested Classification:	Minor Collector

Justification

Explain why the roadway classification should be revised.

New Melville Road connects and augments the City's principal collector/arterial system. This roadway collects traffic from local roads and distributes traffic to Major Collectors (i.e. Hwy AB, Miller Road, and Farm Road 103) and Arterial Roadway Hwy 160. The daily traffic along this section of New Melville Road was recently counted at 1,425 vehicles per day.

New Melville Road is very similar in nature to other roadways which have federal classifications as Minor Collectors.

Are there any new developments (residential or commercial) or changes in land usage that will alter the demand on this roadway? $\rm No.\,$

Will this roadway provide direct access to any points of activity: business parks, industries, shopping centers, etc?

New Melville Road is a major east-west collector through the City of Willard and is experiencing increased traffic flow. This road will experience more congestion as the build out of Citizens Memorial Hospital property continues. Daniel Lane comes off of New Melville to the rear entrance of CMH clinic and the Prairie View Shopping Center. In addition, multiple commercial lots were recently purchased on Daniel Lane. New Melville also intersects Miller Road which is the primary north to south route for access to the Prairie View Shopping Center and Highway 160. Also, a large tract of commercial property is expected to be developed bordering New Melville on the western end toward AB highway. It is expected New Melville will access to the development, similar to how Daniel Lane provides access to CMH and the Prairie View Shopping Center.

Is the demand on this roadway changing or is the existing demand inconsistent with its current classification?

This existing demand is inconsistent with its current classification.

Additional information you would like to include.

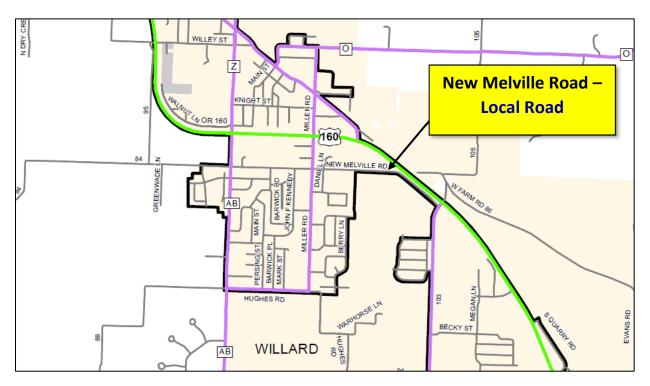

See attached maps and traffic counts.

Roadway Data

Roadway Name:	Knight Street
Termini of Roadway	
From:	Hwy AB
To:	Miller Road
Length (miles):	0.5 miles
Number of Lanes:	2
Lane Width:	10'
Traffic Volume (AADT):	1,029

Is the roadway existing or a future road? If a future road, describe how the project is committed to locally (provide documentation) and state the anticipated date for the start of construction.

Knight Street is an existing roadway.

Classification Change

Type of Area:	a: Residential		
Current Classification:	Local		
Requested Classification:	Minor Collector		

Justification

Explain why the roadway classification should be revised.

Knight Street connects and augments the City's principal collector/arterial system. This roadway collects traffic from local roads and distributes traffic to Major Collectors (i.e. Hwy AB, and Miller Road). The daily traffic along this section of Knight Street was recently counted at 1,029 vehicles per day.

Knight Street is very similar in nature to other roadways which have federal classifications as Minor Collectors.

Are there any new developments (residential or commercial) or changes in land usage that will alter the demand on this roadway?

No.

Will this roadway provide direct access to any points of activity: business parks, industries, shopping centers, etc?

Knight Street is experiencing increased traffic as more and more traffic moves through the City of Willard. Miller Road traffic exits onto Knight Street for rear entry into the East Shopping Center. The intersection of Miller and Jackson is also shut down daily for heavy traffic volume to allow police the ability to direct traffic for the school at Miller and Jackson. During this heavy traffic time, cars turn off of Miller Street onto Knight Street to avoid congestion. Knight Street is also heavily used during school hours from the school on AB Highway (Farmer Road).

Is the demand on this roadway changing or is the existing demand inconsistent with its current classification?

This existing demand is inconsistent with its current classification.

Additional information you would like to include.

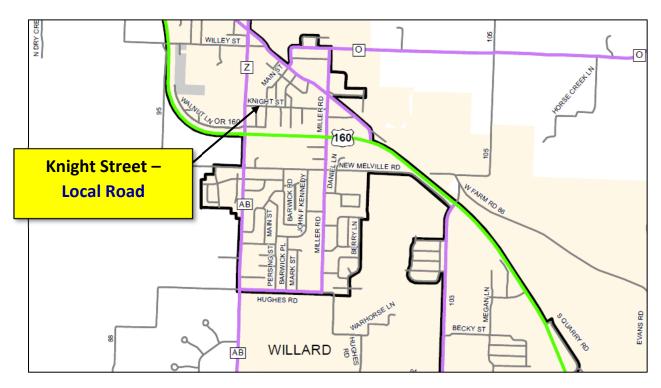

See attached maps and traffic counts.

Roadway Data

Roadway Name: Lakewood Street

Termini of Roadway

From: Buena Vista Street

To: Campbell Avenue

Length (miles): .5

Number of Lanes: 2

Lane Width: 14

Traffic Volume (AADT): N/A

Is the roadway existing or a future road? If a future road, describe how the project is committed to locally (provide documentation) and state the anticipated date for the start of construction.

Existing. New Construction in 2021.

Classification Change

Type of Area:	Commercial
Current Classification:	N/A
Requested Classification:	Major Collector

Justification

Explain why the roadway classification should be revised.

The roadway is new and opened to traffic in 2021.

Are there any new developments (residential or commercial) or changes in land usage that will alter the demand on this roadway?

The property along this corridor is zoned for commercial, office and multi-family residential

Will this roadway provide direct access to any points of activity: business parks, industries, shopping centers, etc?

Yes. Shopping centers, multi-family residential, office

Is the demand on this roadway changing or is the existing demand inconsistent with its current classification?

New roadway

Additional information you would like to include.

BOARD OF DIRECTORS 01/20/2021; ITEM II.E.

Statement of Priorities for Sidewalks and On-Street Bicycle and Pedestrian Infrastructure &

On the Path to Connected Pedestrian and Bicycle Networks

Ozarks Transportation Organization (Springfield, MO Area MPO)

AGENDA DESCRIPTION:

This Statement of Priorities is the companion document to the OTO's regional trail plan Towards a Regional Trail System. The regional trail plan describes our implementation strategies for connecting communities with trails and allowing people to travel throughout the region without a car. This Statement of Priorities describes the local bicycle and pedestrian infrastructure that will allow people to safely travel within a community without a car once they arrive. Together, these two documents describe a future where intercity bicycle and pedestrian travel is feasible, safe, and as efficient as possible.

The included priorities are divided into three categories. The first category describes key features of a comprehensive network of local sidewalks and on-street facilities. The second category describes the ways a comprehensive local network integrates with the regional trail system. Finally, the third category describes key local commitments related funding and maintenance.

This Statement of Priorities is supplemented by a brief report, entitled *On the Path to Connected Pedestrian and Bicycle Networks*, providing local examples of each priority. This report further describes the ideal network of sidewalks and on-street facilities and highlights the many places where elements of the ideal exist within the Ozarks. This is an informative report rather than a report focused on planning or implementation.

BICYCLE AND PEDESTRIAN ADVISORY COMMITTEE ACTION TAKEN:

The Statement of Priorities and its accompanying report were developed by the Bicycle and Pedestrian Advisory Committee. It was discussed during four separate meetings. A quorum was not present when the BPAC agreed to submit this report to the Technical Planning Committee.

TECHNICAL COMMITTEE ACTION TAKEN:

At its regularly scheduled meeting on December 15, 2021, the Technical Planning Committee moved to recommend the Board of Directors approve the Statement of Priorities and accompanying report.

BOARD OF DIRECTORS ACTION REQUESTEED:

A member of the Board of Directors is requested to make one of the following motions:

"Move to approve the Statement of Priorities and accompanying report."

OR

"Move approve the Statement of Priorities and accompanying report with the following changes..."

Statement of Priorities for Sidewalks and On-Street Bicycle and Pedestrian Infrastructure

The following statements outline the Ozarks Transportation Organization's priorities for the development and maintenance of sidewalk and on-street pedestrian infrastructure in the region's seven cities and two counties:

Structure of Local Bicycle and Pedestrian Networks

- Urban Expressways and Primary & Secondary Arterials should include bicycle and pedestrian infrastructure, such as sidewalks on both sides, multi-use sidepaths, and/ or bicycle accommodations consistent with established best practices
- Freeway corridors should include a parallel network of continuous sidewalks, bike lanes, bike boulevards, and/or other industry standard low-stress accommodations along outer roads or other parallel minor streets to facilitate bicycle and pedestrian movement along the freeway corridor
- Local bicycle and pedestrian networks should facilitate safe movement between neighborhoods, local institutions, schools, and commercial areas, and be built according to established best practices

Integration of Local Bicycle and Pedestrian Networks and the Regional Hard Surface Trail Network

- The region's Hard Surface Trail Network should be integrated into the fabric of each community through numerous neighborhood-level sidewalk and bicycle connections
- Local bicycle and pedestrian networks should be identified and constructed to facilitate movement between trails included in the region's Hard Surface Trail Network
- Local bicycle and pedestrian networks should be identified and constructed to facilitate movement between local institutions, schools, commercial areas and the region's Hard Surface Trail Network

Funding

- Local jurisdictions should prioritize the construction and long-term maintenance of their local bicycle and pedestrian network in their annual budgets and capital improvement programs
- Local jurisdictions and MoDOT should negotiate in good faith to find opportunities for cost sharing and beneficial long-term maintenance agreements

On the Path to Connected Pedestrian

and Bicycle Networks

Winter

Destination/2045

Statement of Priorities for Sidewalks and On-Street Bicycle and Pedestrian Infrastructure

The following statements outline the Ozarks Transportation Organization's priorities for the development and maintenance of sidewalk and on-street pedestrian infrastructure in the region's seven cities and two counties:

Structure of Local Bicycle and Pedestrian Networks

- Urban Expressways and Primary & Secondary Arterials should include bicycle and pedestrian infrastructure, such as sidewalks on both sides, multi-use sidepaths, and/ or bicycle accommodations consistent with established best practices
- Freeway corridors should include a parallel network of continuous sidewalks, bike lanes, bike boulevards, and/or other industry standard low-stress accommodations along outer roads or other parallel minor streets to facilitate bicycle and pedestrian movement along the freeway corridor
- Local bicycle and pedestrian networks should facilitate safe movement between neighborhoods, local institutions, schools, and commercial areas, and be built according to established best practices

Integration of Local Bicycle and Pedestrian Networks and the Regional Hard Surface Trail Network

- The region's Hard Surface Trail Network should be integrated into the fabric of each community through numerous neighborhood-level sidewalk and bicycle connections
- Local bicycle and pedestrian networks should be identified and constructed to facilitate movement between trails included in the region's Hard Surface Trail Network
- Local bicycle and pedestrian networks should be identified and constructed to facilitate movement between local institutions, schools, commercial areas and the region's Hard Surface Trail Network

Funding

- Local jurisdictions should prioritize the construction and long-term maintenance of their local bicycle and pedestrian network in their annual budgets and capital improvement programs
- Local jurisdictions and MoDOT should negotiate in good faith to find opportunities for cost sharing and beneficial long-term maintenance agreements

Planning for the future of bicycle and pedestrian transportation requires the consideration of regional trails and local bicycle and pedestrian networks. Together regional trails and local systems allow residents to freely move through out their communities and the broader region. To see the full benefits of these connected systems, the Ozarks Transportation Organization (OTO) has prioritized key characteristics of successful local bicycle and pedestrian systems, outlined here, and has identified regional trail construction goals, outlined in *Towards a Regional Trail System*.

Throughout *On the Path to Connected Pedestrian and Bicycle Networks*, the OTO outlines how the overall structure of local bicycle and pedestrian systems impact residents and outlines how to best integrate each community's system with the regional trail network. Finally, key funding considerations are discussed. As the OTO travels the path toward 2045, the region's seven cities and two counties will collaborate on the planning and development of connected pedestrian and bicycle networks.

1. Structure of Local Bicycle and Pedestrian Networks

Sidewalks, Bike Lanes, and Multi-use Paths make their biggest impact when they connect to form a continuous network. This integrated structure makes it possible to move from home to work to play to shopping and to any other destination. A walker or cyclist can safely travel out of their neighborhood and to major commercial corridors. They can also travel from one activity center to another along the commercial corridors. The following three priorities describes the structure of local bicycle and pedestrian networks prioritized by the OTO.

1.1. Urban Expressways and Primary & Secondary Arterials should include bicycle and pedestrian infrastructure, such as sidewalks on both sides, multi-use sidepaths, and/or bicycle accommodations consistent with established best practices

An integrated bicycle and pedestrian network should be available across the road hierarchy. Cyclists and pedestrians should be able to move from their neighborhoods to

nearby commercial centers using sidewalks and other bike/ped infrastructure. An example of connected sidewalks along the hierarchy of roads exists along S Cox Rd, Republic Rd, and Kansas Expressway in the many neighborhoods

southern Springfield. Residents can leave one of

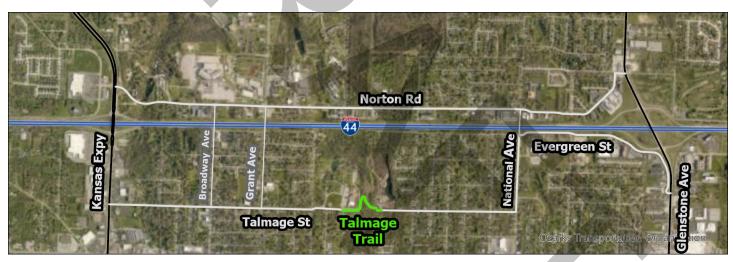

Upper: Pedestrian accommodations through the diverging diamond along Kansas Expressway.

Right: Twin Sidewalks serving neighborhoods along Cox Rd.

Lower: Sidewalk and eastbound bike lane available Republic Rd east of Cox Rd.

a sidewalk to the jobs and businesses along
Republic Rd. Once they reach Republic Rd., their
options expand to also include bike paths along
Republic Rd. They can safely access restaurants,
churches, local businesses, and a grocery store. If
residents wish to travel even further, they can travel east to
Kansas Expressway and access Chesterfield Village north of
James River Freeway. The connected network of sidewalks in
this area allows residents to move along ever busier roads to access
a wide variety of destinations.

1.2. Freeway corridors should include a parallel network of continuous sidewalks, bike lanes, bike boulevards, and/or other industry standard low-stress accommodations along outer roads or other parallel minor streets to facilitate bicycle and pedestrian movement along the freeway corridor

Norton Rd and Talmage St form a parallel network of low stress bicycle and pedestrian infrastructure along i-44 between Kansas Expressway and Glenstone Ave.

Whether residents want access to the many businesses that exist at either Exit 77 or Exit 80, residents who live along I-44 between Kansas and Glenstone have parallel, low-stress roads to move between these significant I-44 interchanges. Many of jobs and entertainment opportunities exist in each area. While the networks of sidewalks are not yet complete, northern residents can travel along Norton Rd and Kentwood Ave and those living to the south can travel along Talmage

St and Evergreen St. These parallel routes are also connected by sidewalks along Broadway Ave, Grant Ave, and National Ave. As these important east/west corridors continue to be improved, residents will find it ever easier to access the range of commercial activity

Left: Pedestrian improvements in front of the Ozark Empire Fair Grounds at Broadway Ave and Norton Rd. **Right**: The Talmage Trail provides a pedestrian connection across an existing gap along Talmage St.

1.3 Local bicycle and pedestrian networks should facilitate safe movement between neighborhoods, local institutions, schools, commercial areas, and be built according to established best practices

The City of Strafford has developed a network of sidewalks that safely connect the many destinations that exist between Route 66 and I-44. They have used funding available through the OTO to connect their schools, historic downtown, and library along MO 125

to the residential neighborhoods in

The many interconnected sidewalks in Strafford, MO

this part of Strafford. City leaders have worked hard to make it safe to walk to many destinations.

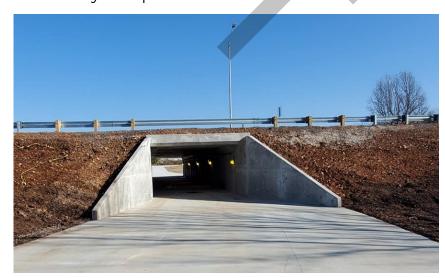

2. Integration of Local Bicycle and Pedestrian Networks and the Regional Hard Surface Trail Network

It is critically important that users of the regional trail network can seamlessly transition to a community's local bicycle and pedestrian network. A seamless transition allows users to move from community to community, neighborhood to neighborhood, and destination to destination on a continuous network of trails, sidewalks, bike paths, and other dedicated systems.

2.1. The region's Hard Surface Trail Network should be integrated into the fabric of each community through numerous neighborhood-level sidewalk and bicycle connections

The regional trail system should be connected to adjacent neighborhoods and commercial centers whenever possible. Two examples of integration include the new pedestrian underpass at US 160 and Hunt Rd in Willard and the numerous street-level connections that exist along the Jordan Creek Greenway between National and Fremont. The underpass at Hunt Rd in Willard connects the many neighborhoods south of US 160 to the Frisco Highline Trail north of the highway. The underpass also allows trail users to safely access the convenience store and fast food restaurant on the south side of the highway. In Springfield, residents along Prospect Ave, Rogers Ave, and Fremont Ave have access to the Jordan Creek Greenway that passes under the streets at creek

level. These connections weren't strictly

The new pedestrian underpass beneath US 160 near Hunt Rd.

necessary,
but they
allow easy
access to the trail by
local residents. Both the

The many neighborhood trail connections along the Jordan Valley Greenway

Hunt Rd and Jordan Creek connections demonstrate ways to integrate the regional trails into the fabric of a community.

2.2. Local bicycle and pedestrian networks should be identified and constructed to facilitate movement between trails included in the region's Hard Surface Trail Network

The Link in Springfield is a great example of how a local bicycle and pedestrian network can facilitate movement between regional trails. The Link connects segments of the Jordan Creek, Fassnight Creek, South Creek, and Ward Branch Greenways. It also

connects to the short Talmage Greenway near Doling Park. A community does not need to create a brand and market their local connections the same way Springfield has, but The Link is a great example of how to connect regional trails.

2.3. Local bicycle and pedestrian networks should be identified and constructed to facilitate movement between local institutions, schools, and commercial areas and the region's Hard Surface Trail Network

Thanks to recent investments by the City of Ozark, MoDOT, and the OTO, sidewalks along Jackson St/ MO 14 will connect the southern terminus of the Chadwick Flyer Rail Trail to the city's junior high, high school, career center, community center, and historic downtown, along with OTC's Richwood Valley Campus and the B&B movie

theater west of town. This systematic expansion of pedestrian infrastructure will make it easier for future users of completed Chadwick Flyer Rail Trail to explore Ozark and it makes it easier for Ozark residents to access the region via the Chadwick Flyer.

3. Funding

To stay on the path towards connected bicycle and pedestrian networks, the region must fully address funding needs. Maintenance and construction funds make it possible to both expand and refresh local bicycle and pedestrian networks.

3.1. Local jurisdictions should prioritize the construction and longterm maintenance of their local bicycle and pedestrian network in their annual budgets and capital improvement programs

The Springfield/Greene County Park Board has a long history of budgeting funds for routine maintenance along many of the region's trails. A two man crew is dedicated to mowing, clearing brush, and keeping the trail surface clear. While these funds aren't expended along the region's sidewalks, it is a good example of a local jurisdiction prioritizing funding for pedestrian infrastructure.

3.2 Local jurisdictions and MoDOT should negotiate in good faith to find opportunities for cost sharing and beneficial long-term maintenance agreements

Nixa, Ozark, and MoDOT have partnered to ensure expanded segments of MO 14 in Christian County include pedestrian infrastructure on at least one side of the street. Various state, local, and federal funding mechanisms have been used to construct new facilities and local funds will be used to maintain them. These partnerships have allowed Ozark to connect so many of its local institutions and destinations to the planned Chadwick Flyer Rail Trail and have allowed Nixa to add pedestrian connections to MO 14 creating access to schools. While each community is responsible for designing and building its own bicycle and pedestrian networks, the region must work together to ensure the cumulative impact of these local investments result in a regional network that can be called *CONNECTED*.

TAB 8

BOARD OF DIRECTORS AGENDA 01/20/2021; ITEM II.F.

Federal Funds Balance Report – September 30, 2021

Ozarks Transportation Organization (Springfield, MO Area MPO)

AGENDA DESCRIPTION:

Ozarks Transportation Organization is allocated Urban Surface Transportation Block Grant (STBG-Urban) funds, formally known as STP-Urban funds, each year through MoDOT from the Federal Highway Administration. MoDOT has enacted a policy of allowing no more than three years of this STBG-Urban allocation to accrue. If a balance greater than 3 years accrues, funds will lapse (be forfeited).

OTO has elected to sub-allocate the STBG-Urban funds among the jurisdictions within the MPO area. Each of these jurisdiction's allocations are based upon the population within the MPO area. OTO's balance is monitored as a whole by MoDOT, while OTO staff monitors each jurisdiction's individual balance. When MoDOT calculates the OTO balance, it is based upon obligated funds and not programmed funds, so a project is only subtracted from the balance upon obligation from FHWA. OTO receives reports showing the projects that have been obligated. MoDOT's policy allows for any cost share projects with MoDOT that are programmed in the Statewide Transportation Improvement Program, although not necessarily obligated, to be subtracted from the balance. The next deadline to meet the MoDOT funds lapse policy is September 30, 2022.

Staff has developed a report which documents the balance allowed, the balance obligated, and the balance that needs to be obligated by the end of the Federal Fiscal Year in order to not be rescinded by MoDOT. The report also outlines projects programmed to use STBG-Urban funding, so jurisdictions can have a clear picture of what is remaining.

Congress continues to propose rescissions as part of the annual budgeting process. The only action that prevents a rescission of federal funding is obligation. It is recommended that this funding be obligated as quickly as possible to protect against further rescissions. OTO commends those who have taken action to plan for the use of available funds. While the current balance is now much below the allowed amount due to the recent obligations of several projects, members should be aware that balances accrue quickly and should continue to be monitored.

BOARD OF DIRECTORS ACTION REQUESTED:

No official action requested, however, OTO is requesting each jurisdiction review the report for any inaccuracies or changes in project status and advise staff.

Surface Transportation Block Grant Funding

The federal surface transportation authorization legislation, FAST (Fixing America's Surface Transportation) Act, reauthorizes federal highway, transit, and other surface transportation programs through September 30, 2020. The FAST Act is a continuation of prior surface transportation authorization legislation including MAP-21, SAFETEA-LU, TEA-21, ISTEA, and others dating back to the first Federal Aid Highway Act of 1956.

The FAST Act renamed the Surface Transportation Program to reflect the nature of funding it provides. It is now known as the Surface Transportation Block Grant Program (STBG). The STBG funding is distributed to varying programs and public agencies for implementation of the authorizing legislation requirements. This distribution includes a specific allocation to urbanized areas over 200,000 by percentage of population. These urbanized areas are part of metropolitan planning areas, and more specifically, transportation management areas (TMAs). The Ozarks Transportation Organization (OTO) is the TMA for the Springfield, Missouri urbanized area.

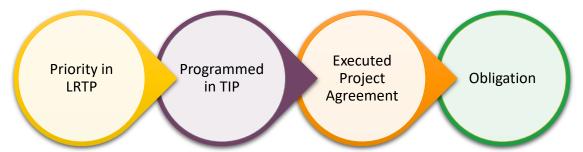

OTO is responsible for project selection, programming, reasonable progress, and the maintenance of fund balances for several subcategories of STBG funding – Transportation Alternatives Program (now known as STBG Set-Aside) and STBG-Urban funding, as well as Highway Improvement Program Funding which has been suballocated through two omnibus appropriations bills. This report monitors the funding balance and obligations made by OTO member jurisdictions for this funding. OTO has been receiving sub-allocated funding since 2003.

Eligible Entities for OTO Suballocated Surface Transportation Funds

- All cities and counties within OTO's metropolitan planning boundary, as well as OTO
- All transportation corporations within OTO's metropolitan planning boundary
- Missouri Department of Transportation
- All public transit agencies within OTO's metropolitan planning boundary

An obligation is a commitment of the federal government's promise to pay for the federal share of a project's eligible cost. This commitment occurs when the project is approved and the project agreement is executed. This is a key step in financing and obligated funds are deemed "used" even though no cash is transferred.

Obligating a Project

To ensure each jurisdiction has access to STBG funding, OTO monitors how each OTO member utilizes available funding. Also, MoDOT has a statewide policy regarding the accumulation of STBG funds, which is limited to a three-year accrual. Committed cost share funds are allowed to count against that balance. Any unobligated funding, however, is subject to rescission by Congress. The following report highlights the amount of funding which needs to be obligated to meet MoDOT's accrual policy, as well as the amount of funding subject to rescission by Congress.

Program Balances

OTO has elected to sub-allocate the STBG-Urban funds among the jurisdictions within the MPO area. Each of these jurisdiction's allocations are based upon the population within the MPO area. OTO's balance is monitored as a whole by MoDOT, while OTO staff monitors each jurisdiction's individual balance. MoDOT calculates the OTO balance based upon obligated funds and not programmed funds, so a project is only subtracted from the balance upon obligation from the Federal Highway Administration (FHWA). OTO has access to the FHWA Fiscal Management Information System, which provides details on project obligations. MoDOT's policy allows for any cost share projects with MoDOT that are programmed in the Statewide Transportation Improvement Program, although not necessarily obligated, to be subtracted from the balance. The next deadline to meet the MoDOT funds lapse policy is September 30, 2022.

This report documents the balance allowed, the balance obligated, and the balance available to be programmed. According to staff records, as a whole, OTO has obligated or has programmed in cost shares with MoDOT, funding exceeding the minimum amount required to be programmed for FY 2021.

The report also outlines activity in other OTO funding accounts, such as the Transportation Alternatives Program (STBG Set-Aside). These accounts are subject to the same rescission policy.

Highway Improvement Program funding, also described as Omnibus funding in this report, has been allocated through the FY 2018, FY 2019, FY 2020, and FY 2021 Federal Omnibus Appropriations bills. The OTO Board of Directors voted to apply this and FY 2021 CRRSAA funding for use on Transportation Alternatives Program projects. All of this funding has specific obligation deadlines and OTO is monitoring the use of this funding to ensure its timely obligation.

FY 2021 To Date (3/31/2021)

Federal Funding Category	<u>Balance</u>
STBG-Urban	\$2,062,599.76
Balance After Cost Shares	(1,231,021.56)
Maximum Allowed	\$20,971,699.55
TAP Only (No HIP)	\$920,194.31
Maximum Allowed	\$1,296,829.17
FY 2018-2020 Omnibus (HIP) – Flexed for TAP	\$2,139,026.96
FY 2021 CRRSAA – Flexed for TAP	\$2,684,230.00

Obligated vs. Programmed

The following funds balance reports show two scenarios for each OTO member jurisdiction. The first, labeled "Lapse Potential," includes only obligations and STIP-programmed cost shares, along with allocations through FY 2021, at a minimum. The second scenario, labeled "Funds Available for Programming," includes everything from the first scenario, plus all projects with STBG-Urban programmed in the FY 2022-2025 TIP, through FY 2024.

Phase I of Kansas Expressway extension ready to go

BY: SBJ STAFF | sbj@sbj.net (mailto:sbj@sbj.net)
Posted online December 21, 2021 | 10:38 am

A decadeslong vision to extend Kansas Expressway beyond Republic Road is coming to fruition.

The Greene County Commission signed a contract allowing site development and highway construction company Emery Sapp & Sons Inc. to begin work, according to a news release. The contractor can start mobilizing equipment for Phase I on Dec. 22.

The Missouri Department of Transportation approved the lowest bid for Phase I of \$15.7 million from Emery Sapp & Sons. The bid is nearly \$6 million under the engineer's cost estimate for the first phase.

Phase I calls on the extension of Kansas Expressway from Republic Road to Plainview Road. Construction is slated for completion by Nov. 1, 2023, according to the release.

Phase II construction, which would connect Kansas Expressway to Farm Road 190, near the James River crossing, is scheduled to start in winter 2023 and wrap in spring 2025.

"The new roadway will provide motorists with an alternative connection in southern Greene County and provide traffic congestion relief along parallel routes at Cox Road and Campbell Avenue," officials said in the release.

Emery Sapp & Sons is on board to build a two-lane road with turning lanes at major intersections, conduct stormwater improvements, and develop a pedestrian and bicycle path along the corridor. The project will be financed

with 80% of federal transportation funds and 20% of county funds; the city of Springfield is a cost-share partner as the northern portion of the extension is within city limits.

Officials began planning the Kansas Expressway extension nearly four decades ago, according to the release. Feasibility studies, environmental assessments and right-of-way plans have been finalized to prepare the route for construction in 2022, according to the release.

Central Missouri lawmaker files legislation to repeal fuel tax increase

(KY3) By KY3 Staff

Published: Dec. 1, 2021 at 12:16 PM CST

JEFFERSON CITY, Mo. (KY3) - State Rep. Sara Walsh says she is leading an effort to repeal Missouri's recent gas tax increase.

For the 2022 legislative session, she will sponsor legislation repealing the tax the legislature approved in the 2021 session.

"I was opposed to the fuel tax increase because it silenced the voice of the people on an issue where they should have been heard," said Rep. Walsh. "The legislature moved forward with a plan that increases the tax burden on Missourians who can't afford it, and I think it's clear this increase never would have passed if the people had been allowed to vote."

The tax pays for road and bridge improvements across the state. Rep. Walsh supported an amendment during the debate to place the fuel tax on a statewide ballot. The proposal raised the tax by 2.5 cents a year through 2025. The first hike happened in October.

"I know many of my colleagues agree with me that we need to right this wrong and remove this increased burden placed on Missouri families and businesses," said Rep. Walsh. "It is never a good time to raise taxes on Missouri families or businesses. It is an outrage that Missourians are being asked to pay more at a time when the state has an \$8 billion surplus."

Walsh said her bill is meant to help the many Missourians who are struggling to make ends meet and cannot afford a tax increase. Missourians may apply for a refund on July 1, 2022, with proper receipts. The receipts must be kept for three years.

Missouri agencies unite to combat human trafficking

Public asked to be alert for signs of human trafficking in January and throughout the year

JEFFERSON CITY—January is National Human Trafficking Prevention Month, marking the anniversary of the passage of the Trafficking Victims Protection Act of 2000. The Missouri Department of Transportation has joined forces with the Missouri State Highway Patrol and local law enforcement to combat the crime of human trafficking in the Show-Me State.

"Human trafficking remains a growing concern in Missouri, particularly along the interstate corridors," said MoDOT Director Patrick McKenna. "That makes uniting the efforts of everyone in the transportation sector of vital importance in combatting this rapidly expanding criminal enterprise."

In 2018, Director McKenna signed the Transportation Leaders Against Human Trafficking pledge, committing MoDOT to providing specialized training to employees about the common indicators of human trafficking and how to report potential cases while raising public awareness of human trafficking issues impacting our state and nation.

"Education and public awareness are just two things we do to help eliminate human trafficking," McKenna said. "Because our jobs carry us to all four corners of the state, MoDOT, the Highway Patrol and our commercial trucker allies serve as the eyes to recognize and the voice to report suspicious activity along one of the busiest transportation hubs in the country."

MoDOT has provided public information about human trafficking and continues to train employees about the common indicators of human trafficking and how to report potential cases.

If you suspect someone is being forced to engage in any activity from which they can't leave—whether it is commercial sex, housework, farm work or other activity—call the National Human Trafficking Resource Center hotline at 1-888-373-7888 or text BeFree (233733). Information is available online at humantraffickinghotline.org.

For more information about MoDOT's efforts to "Put the Brakes on Human Trafficking," go to modot.org/fighthumantrafficking or contact the MoDOT Human Resources office at 573-526-7644.

City of Republic, Mo. explains plans to grow with more street funds

By Liam Garrity

Published: Dec. 19, 2021 at 9:23 PM CST

REPUBLIC, Mo. (KY3) - Republic city officials say more money to their street fund is already paying dividends with more projects in motion.

Phyllis Julien, who lives in Republic, said she remembers the town before the boom.

"I remember Republic when it was just a little horse town," said Julien.

Republic has changed significantly over the past few years. And city officials said opening the streets is a way for growth.

Andrew Nelson, Republic's public works director, explains their growth.

"Growth and development follow infrastructure," said Nelson. "We talk about that a lot in Republic and transportation being the key."

This past August, Republic voters passed the public safety tax which created a new fund for firefighters and police officers, which was a part of their street fund.

Nelson said this opens new opportunities for the city.

"It's a big deal for the street fund," said Nelson. "The state motor fuel sales tax annually is about \$600,000. So when, you know before we had a program of about \$200,000 to \$300,000."

Nelson said more money for streets gives them leg room for projects, like expanding U.S. 60, making streets safer, roundabouts, and so on.

Julien agrees with having safer roadways.

"It is a good thing," said Julien. "I think that will enable them to prevent a lot of traffic injuries."

Nelson said the changes to make the street fund its fund will be in 2022, but they are already seeing results in changing their roadways.

"The more you invest in transportation, the more you're going to see development along with those intensities of infrastructure," said Nelson.

Nelson also said trust the process when seeing road changes.

"We hope that people understand that we're planning for the growth that we're seeing it in the interim," said Nelson. "It takes a long time to deliver transportation projects just in general, but, we're working on it."

More than 1,000 People Killed in Missouri Traffic Crashes in 2021

Preliminary data shows highest fatality count in 15 years

JEFFERSON CITY – For the first time since 2006, Missouri's traffic fatalities surpassed 1,000. According to preliminary data, 1,007 people were killed in Missouri traffic crashes in 2021, a 2% increase over 2020 and marking the second straight year of growing fatality totals after nearly a decade of steady decline.

"These fatalities are unacceptable, alarming and preventable," said MoDOT Director Patrick McKenna. "There are simple things we can all do to make a real impact on our roadways. Wearing your seat belt is your best line of defense in a crash and avoiding distractions can prevent those crashes in the first place. Buckle up, phone down."

Lack of seat belt use continues to be a common denominator in fatal crashes. Approximately two-thirds of vehicle occupants killed were not wearing a seat belt. Preliminary data shows drivers using a cellphone were involved in more than 2,200 crashes in Missouri in 2021, although distracted driving remains widely underreported. And 41% of the fatal crashes on the year involved speeding or driving too fast for the conditions.

"The Missouri State Patrol is dedicated to promoting safety upon our highways and working to reduce the number and severity of traffic crashes," said superintendent of the Missouri State Highway Patrol Colonel Eric Olson. "Every motorist who uses Missouri roadways plays an important role in reducing traffic fatalities. The public can help us prevent fatalities by paying attention to the full-time job of driving, obeying all traffic laws, and wearing a seat belt."

Missouri's strategic highway safety plan, Show-Me Zero, focuses on four ways every Missourian can help eliminate traffic deaths – buckle up, phone down, slow down and drive sober. For more information on the Show-Me Zero plan and to learn how all Missourians can help make the roadways safer, visit www.savemolives.com.

MoDOT suing state over ability to use funds for employee raises

by **Ryan Pivoney** | December 4, 2021 at 5:30 a.m. | Updated December 5, 2021 at 11:35 a.m.

The Missouri Highways and Transportation Commission is asking a Cole County judge to rule on whether it can use the State Road Fund to give employees a raise. On Thursday, MHTC filed a lawsuit against Ken Zellers, acting commissioner of the Office of Administration, over his refusal to commit funds from the State Road Fund to implement the Missouri Department of Transportation's new market pay plan. The state agency is asking for declaratory judgment on whether it has authority to use almost \$60 million from the State Road Fund to increase employee pay. The case has been assigned to Cole County Judge Cotton Walker.

MHTC is the governing body over MoDOT and has authority over the state highway system and "sole discretion" to use money in the State Road Fund, according to the state Constitution.

As acting commissioner, Zellers oversees certain withdrawals from the state treasury. MHTC is arguing the Missouri Constitution grants it "broad access" to the State Road Fund to fulfill its duties of designing, constructing and maintaining state highways, which would include hiring and retaining employees.

In its petition to the court, MHTC said MoDOT has urgent workforce needs. Approximately 600 MoDOT employees have left the department every year since 2016 and recent turnover has been greater. The department is expecting to lose more than 800 employees this year.

While many have left for high paying jobs at private companies or with city and county transportation departments, nearly 600 MoDOT employees have a second job. With state appropriations, MHTC said the department hasn't been able to offer a competitive wage for the past 25 years. MoDOT has received sporadic pay increases from the Legislature over the past few years, including a \$708 annual raise for employees making less than \$70,000 and 1 percent raise for everyone else in fiscal year 2019 and cost of living increases totaling 5 percent over multiple years.

In past years, the Legislature has marked appropriations to allow MoDOT the flexibility to spend what is required to fulfill its mission amid changing conditions, like weather or emergency conditions.

The General Assembly ended that system in fiscal year 2018, requiring MoDOT to spend only the amount appropriated in legislation each year.

Last session, MoDOT asked the Legislature for \$276,179,950 for salaries and wages, \$273,711,319 of which would come from the State Road Fund. It also requested \$243,842,904 for employee benefits, \$242,380,061 of which would come from the State Road Fund. Instead, state lawmakers appropriated \$267,540,631 for salaries and wages, \$265, 571,910 of which came from the State Road Fund. It granted \$238,715,397 for employee benefits, \$237,249,839 of which came from the State Road Fund.

To implement its new market pay plan, MoDOT would need an additional \$37,043,472 from the State Road Fund for salaries and wages and \$22,370,405 for employee benefits. With enough money in the fund to implement pay increases without obstructing other department operations, the only holdup is authorization from Zellers and the Office of Administration.

The acting commissioner could face two to five years in prison for knowingly certifying payments not authorized by law, and he cannot pre-approve payments unless the funds have been previously appropriated by law.
