

Destination 2045

Are we *there* yet?

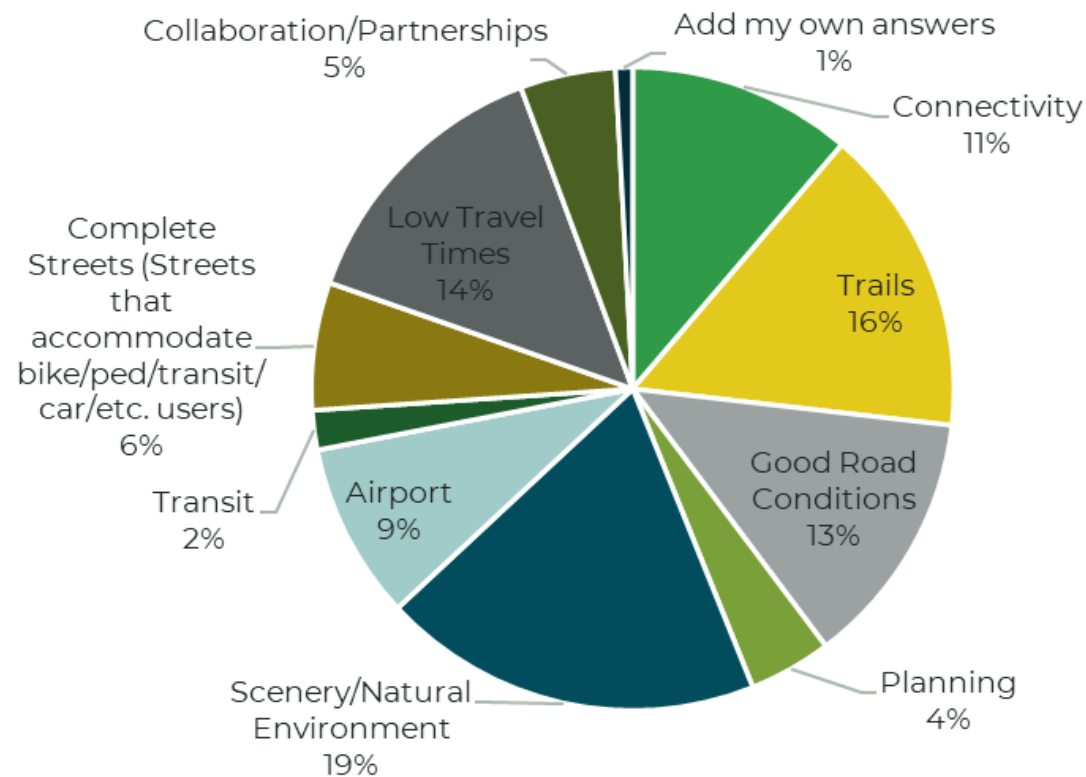

Survey Results

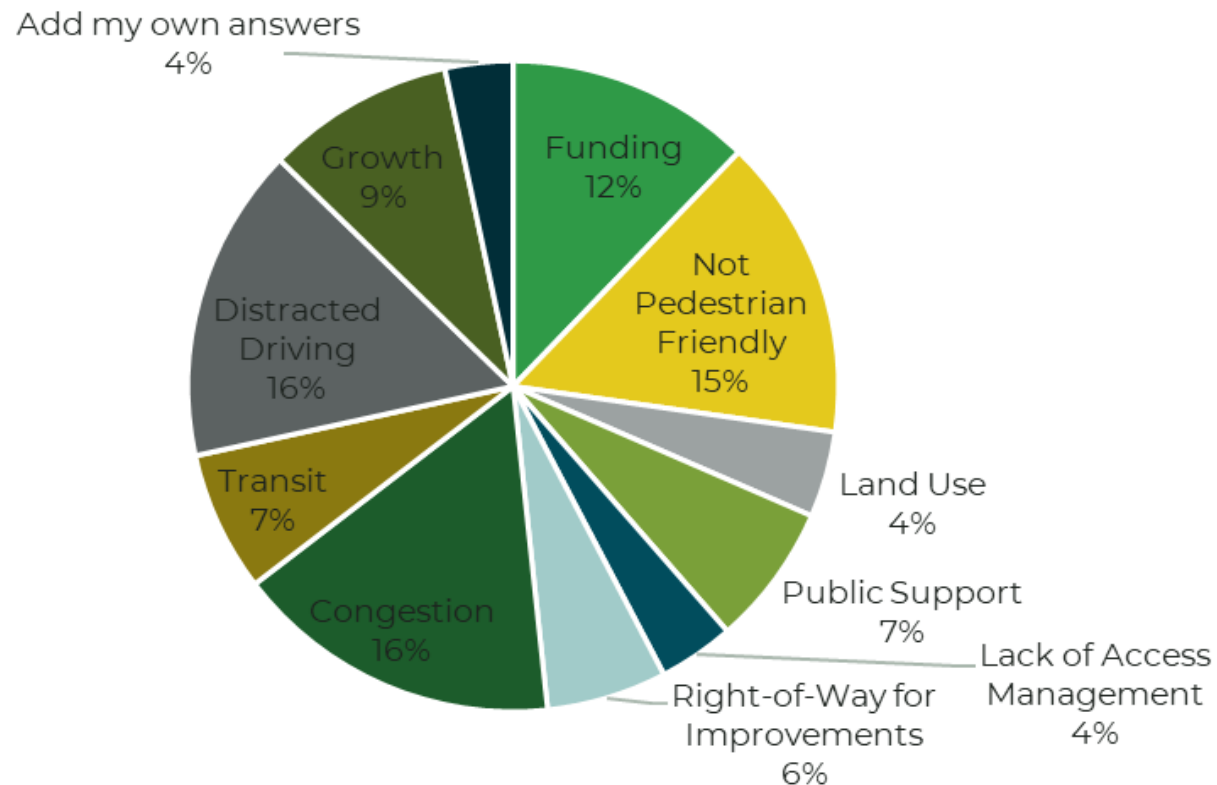

If you had to pick just one transportation improvement to have done by 2045, what would it be?

- Trails/sidewalks/bikes
- some combination of Kansas Extension/third connection between Christian and Greene Counties
- Highways 14 and CC
- Passenger Rail
- Freeways around the region

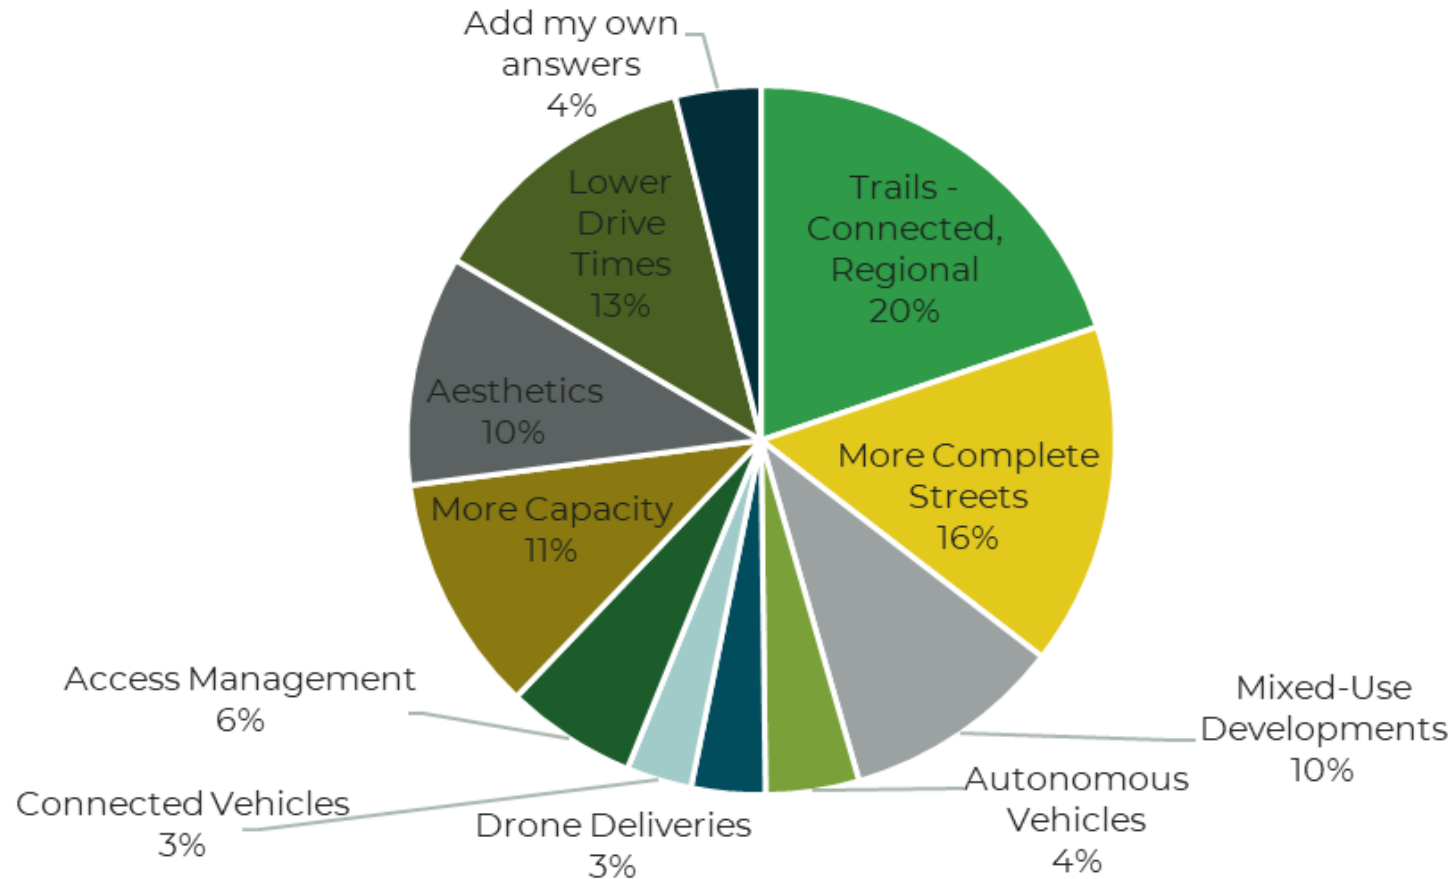

Where are we? What makes moving around the Ozarks great? What are the region's transportation strengths? (Mark all that apply)

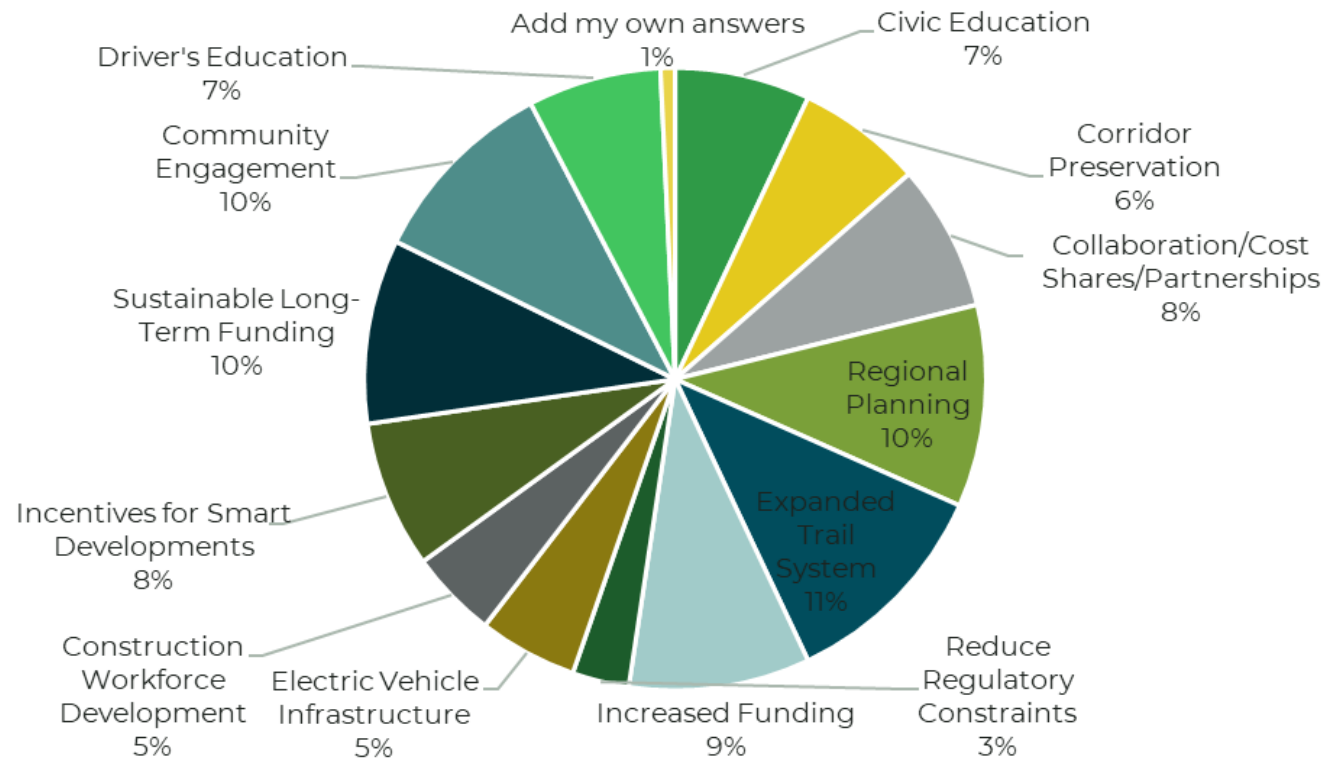

Why can't we get there? What are the challenges facing the region today? What is the hardest part about getting around? (Mark all that apply)

Where are we going? If there were no obstacles, what would you like us to accomplish by 2045? What will the region be like in 20 years? What will help the region attract new residents, entrepreneurs, businesses, and development? (Mark all that

How can we get there? What opportunities should we use to our advantage? What actions are needed to ensure the region is strong and viable in the future? (Mark all that apply)

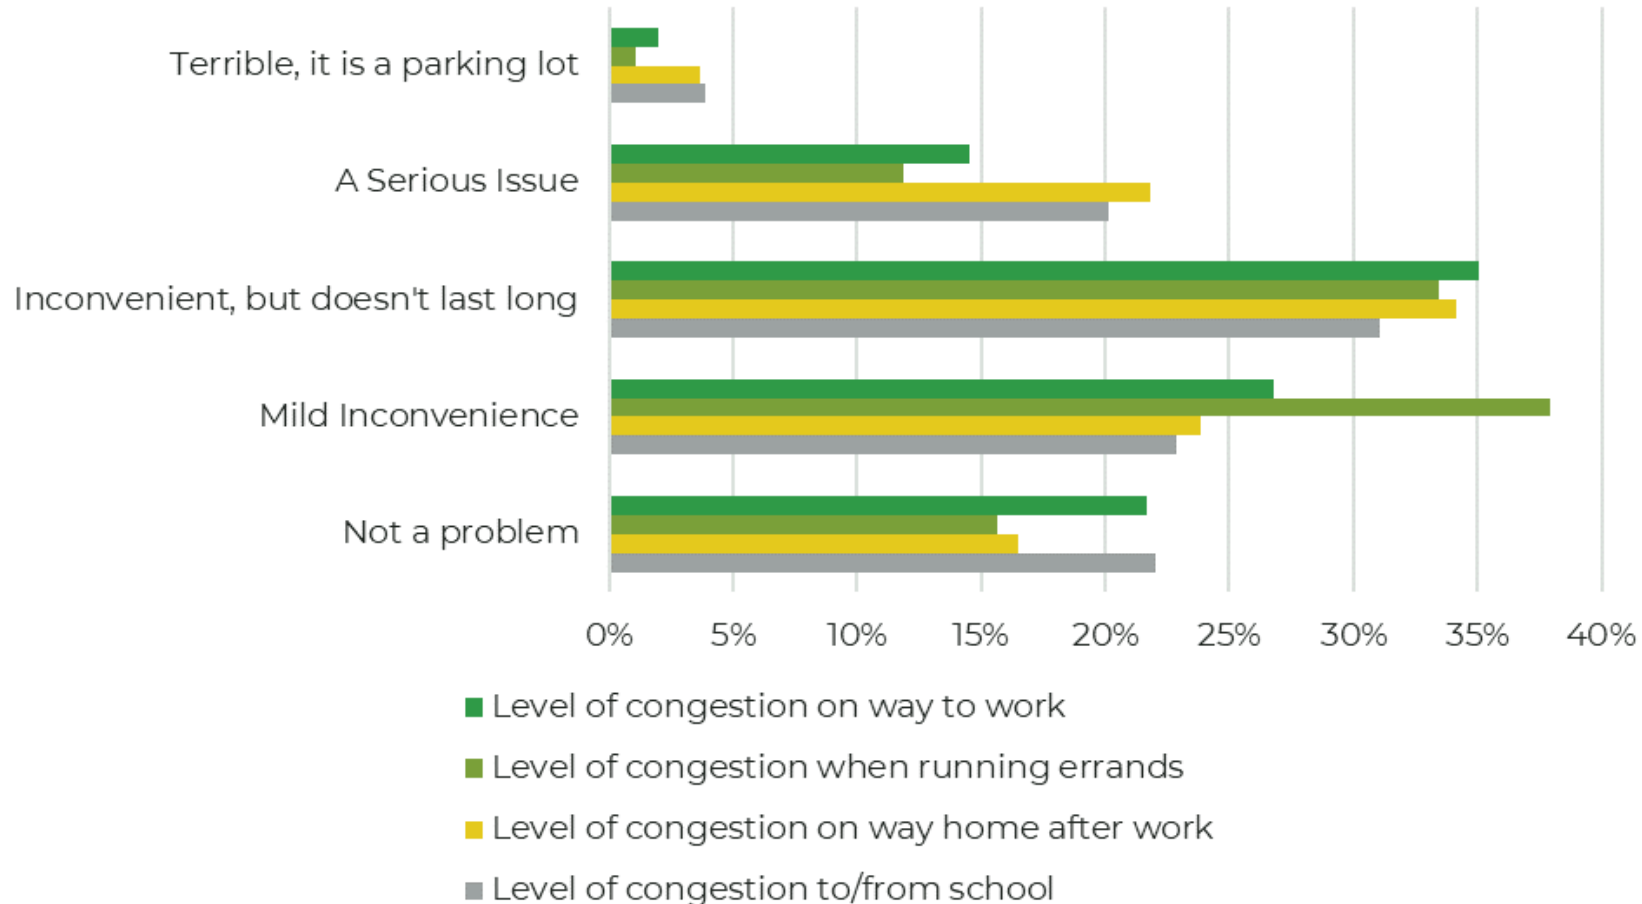

Using one word, what will the transportation system look like in 2045?

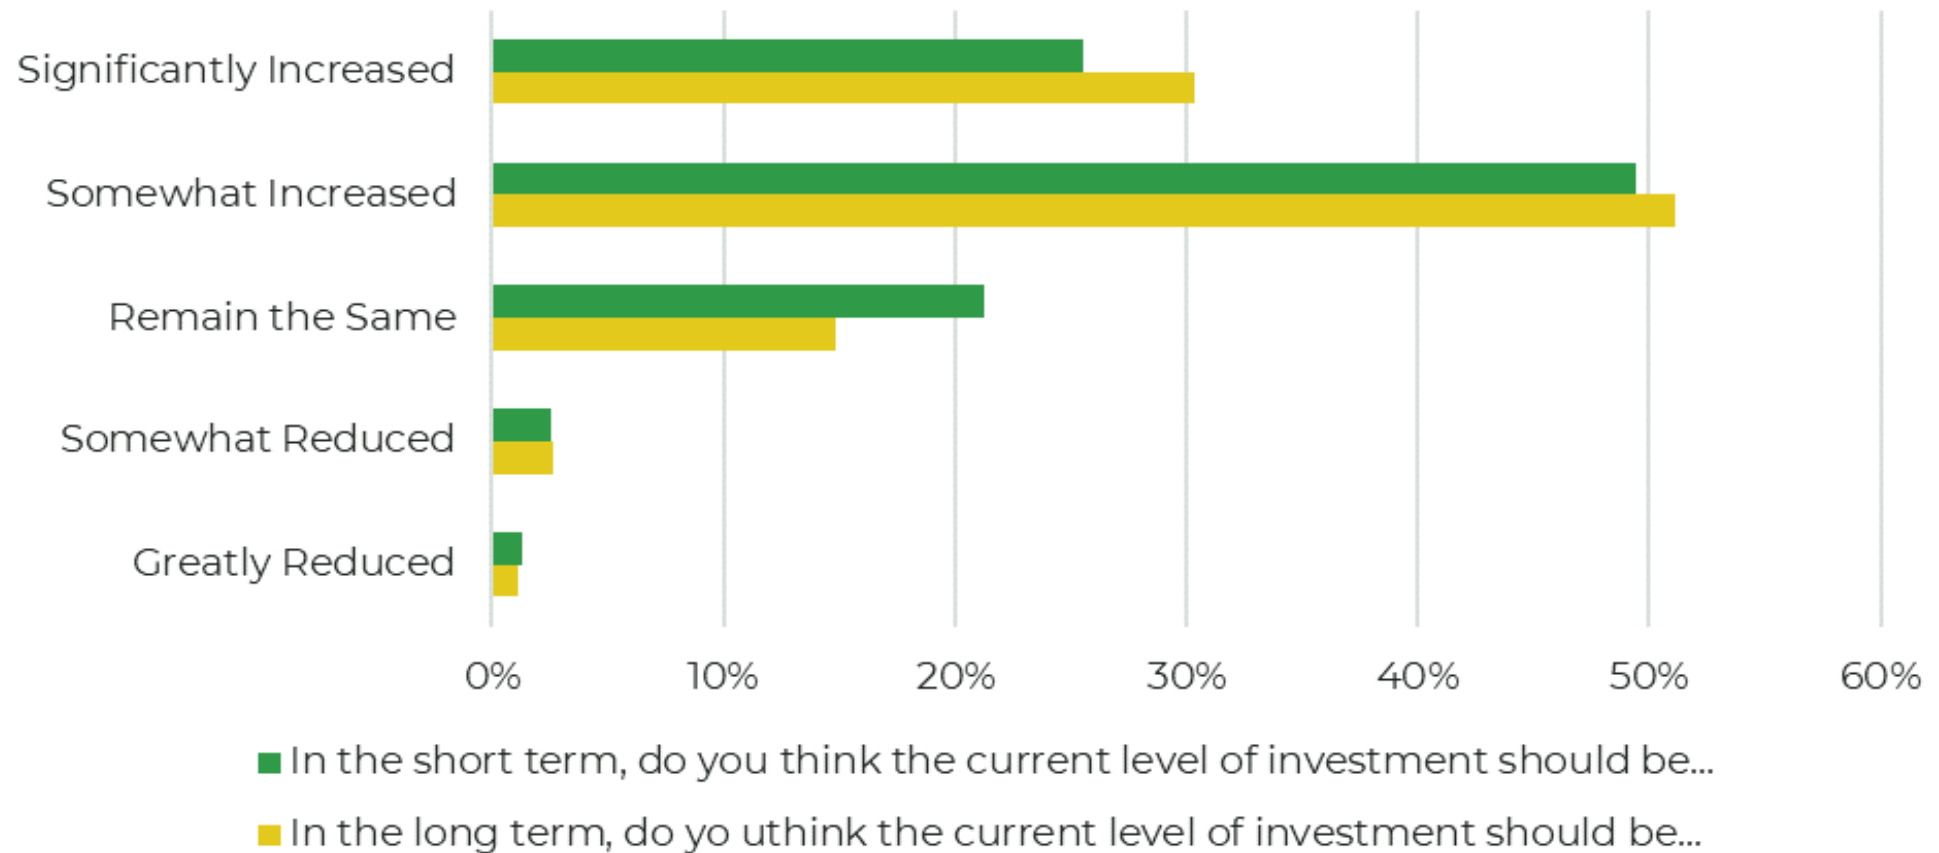

- | | | | |
|-----|------------|-----|-------------|
| 1. | Congested | 14. | Multi |
| 2. | Better | 15. | Automated |
| 3. | Efficient | 16. | Streamlined |
| 4. | More | 17. | Crowded |
| 5. | Connect | 18. | Road |
| 6. | Access | 19. | Green |
| 7. | Electric | 20. | Car |
| 8. | Busy | 21. | Trail |
| 9. | Same | 22. | Faster |
| 10. | Improved | 23. | Friendly |
| 11. | Autonomous | 24. | Modal |
| 12. | Different | 25. | Sustainable |
| 13. | Integrated | | |

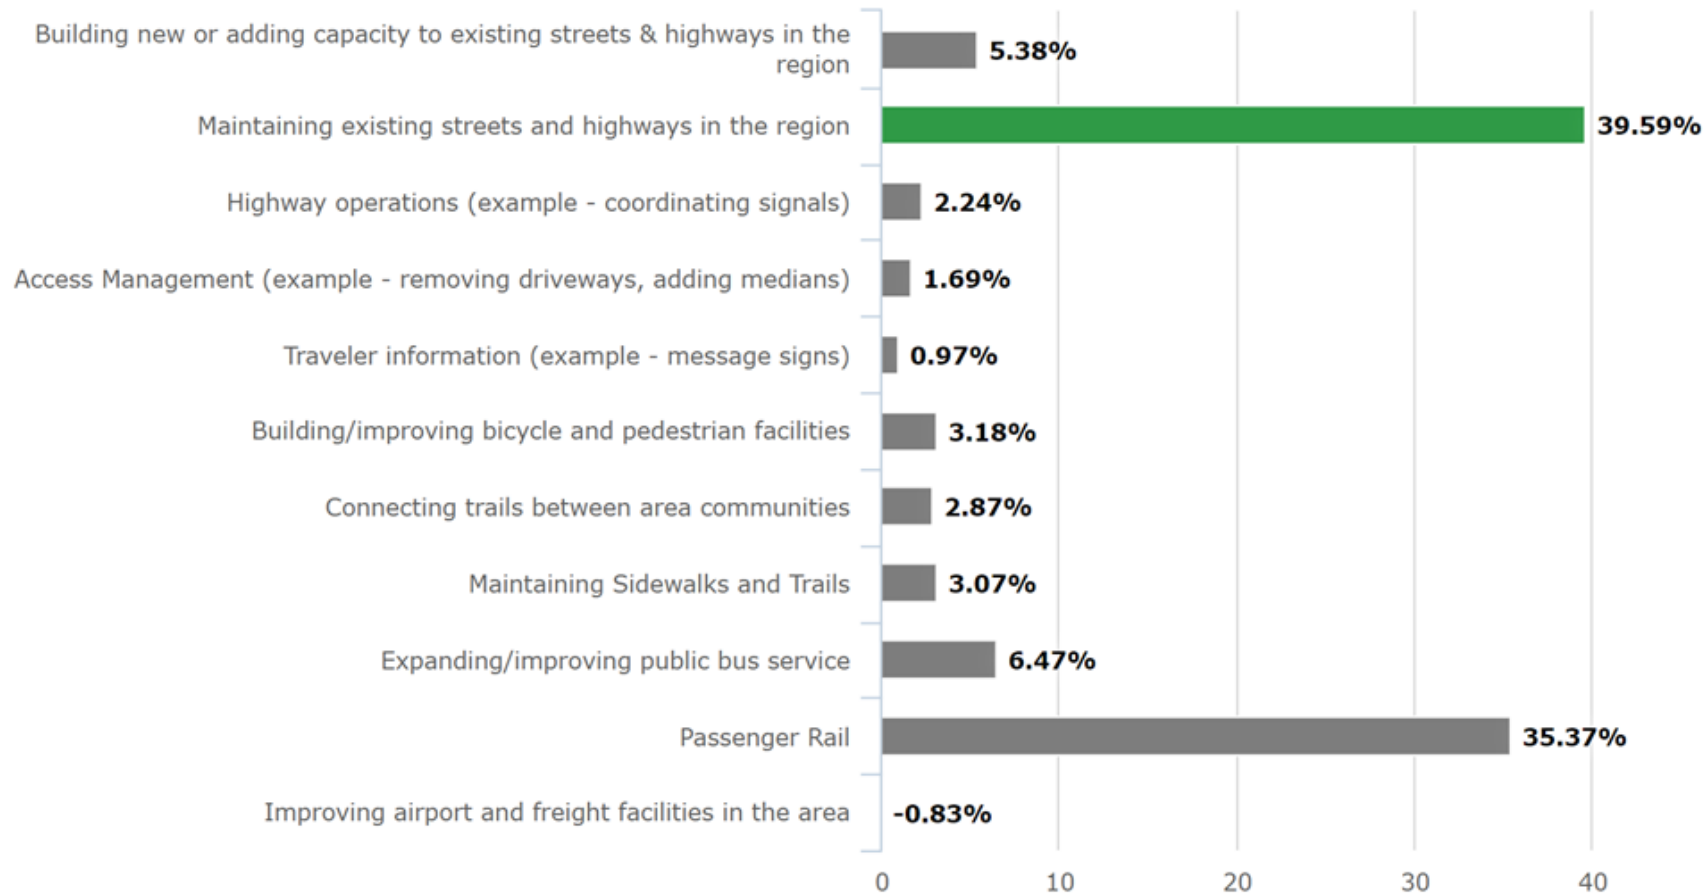

How would you rate congestion in the region?

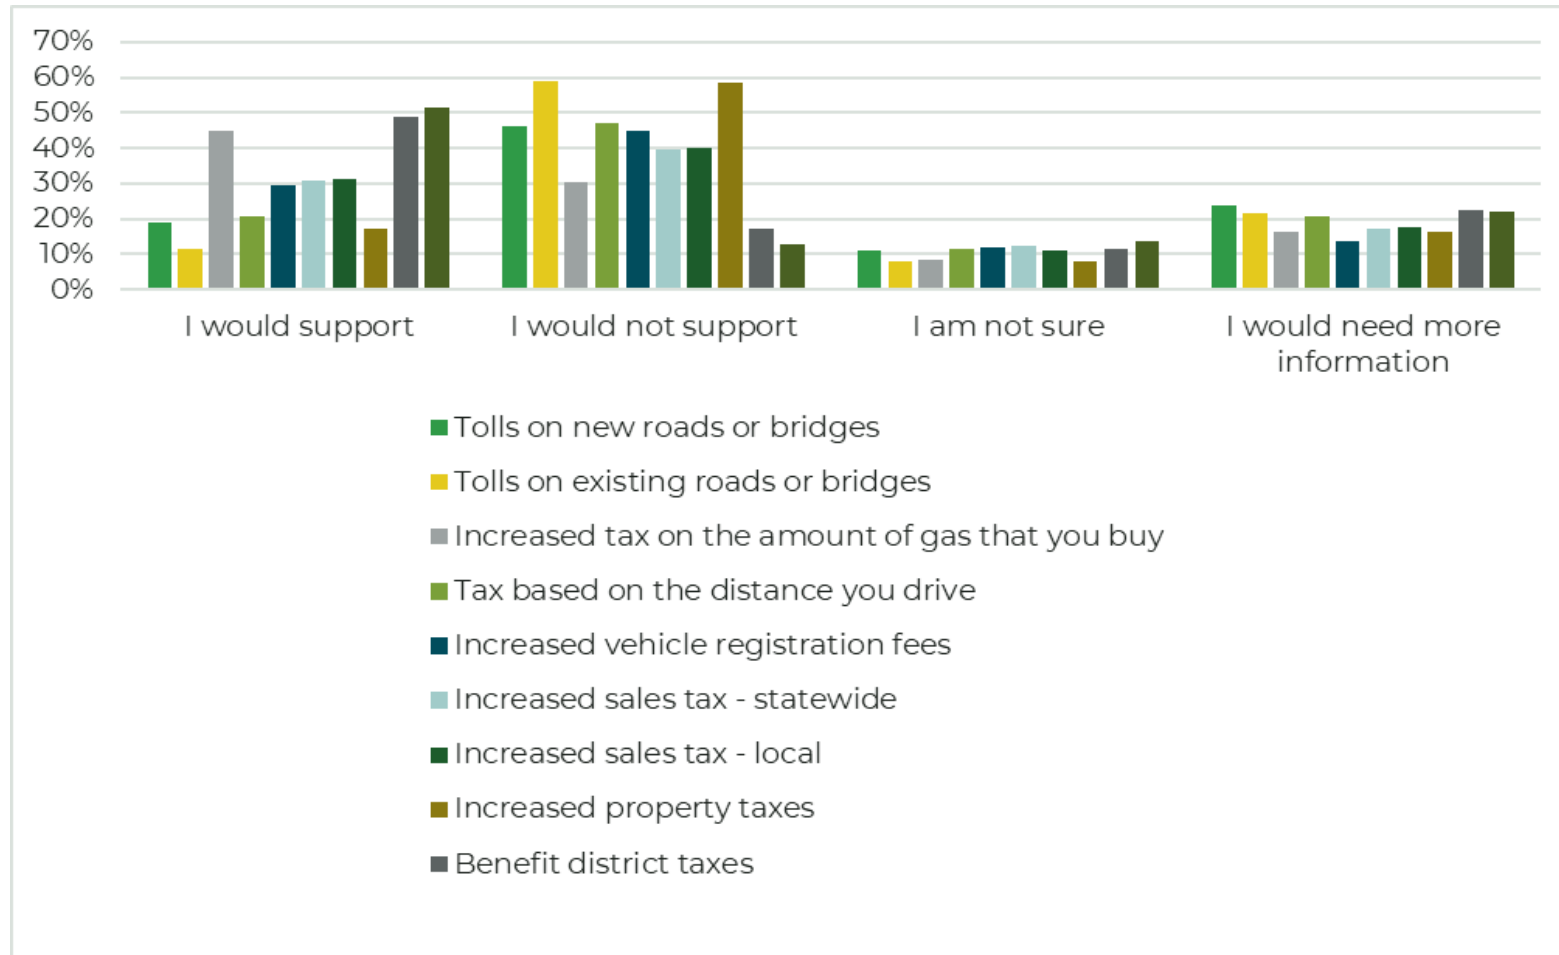

Transportation Funding

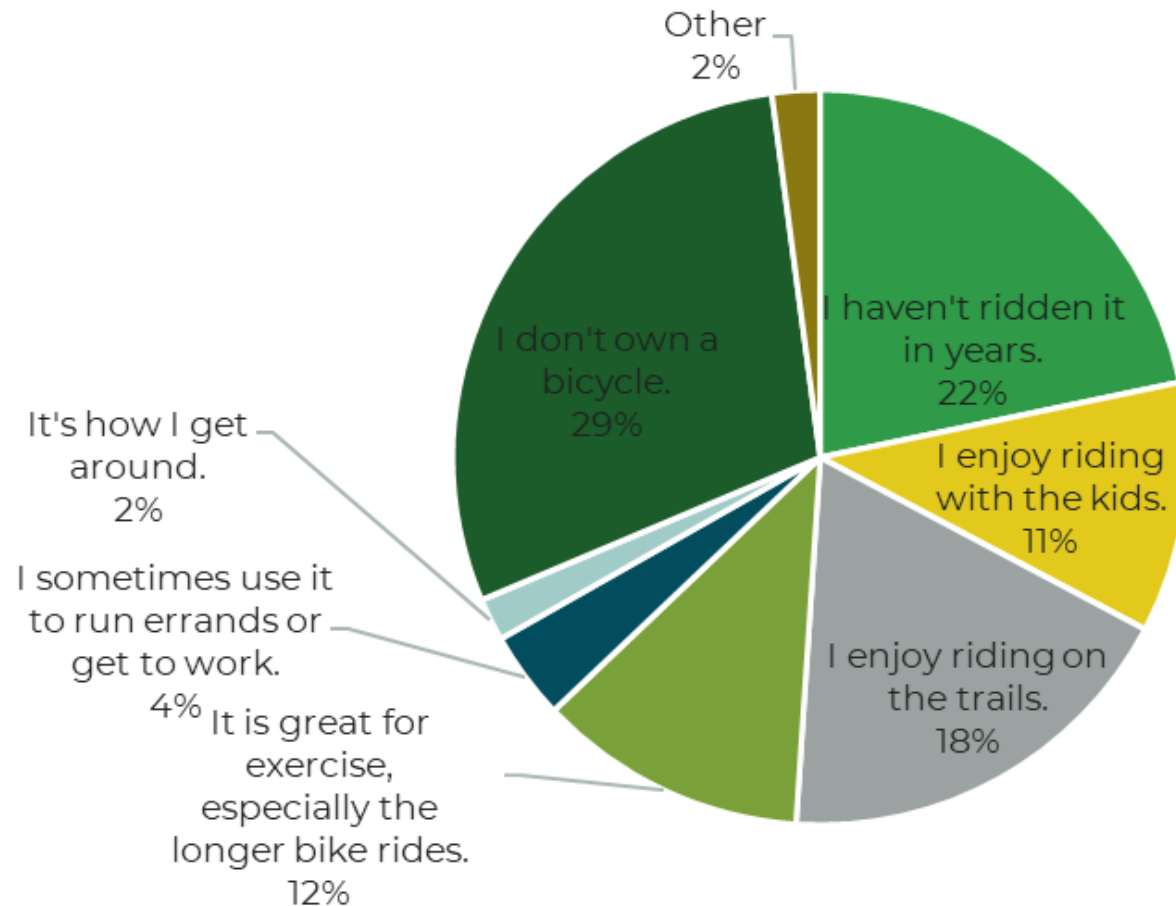

How would you allocate \$100 of transportation funding among these categories?

Please rate your support for the following sources of additional funding for transportation.

If you own a bicycle, how do you use your bicycle?

Goals

Proposed Goals

- Safe for all users on all modes
- Asset management and fiscal responsibility
- Connected, integrated, multi-modal system
- Resilient and prepared for the future
- Quality projects implementing best practices
