Subject: Transportation Improvement Program (TIP) Amendment

Dear Director Hassinger:

The Federal Highway Administration (FHWA) has reviewed and approved the requested amendment to the FY 2026-2030 Missouri State Transportation Improvement Program (STIP) to incorporate the Highway Only Amendment #2 of the Ozarks Transportation Organization (OTO) FY 2026-2029 Transportation Improvement Program (TIP), as further described in your letter of November 26, 2025. This amendment includes the addition of eight (8) new projects, one (1) revision to the I-44 safety project, and the removal/combination of one (1) aesthetic project for I-44. No transit projects were included in this amendment request.

The OTO Board of Directors approved the Highway Only TIP Amendment #2 on November 20, 2025. On February 26, 2025, the Missouri Governor delegated concurrence authority for the transportation planning process to the Missouri Department of Transportation (MoDOT). MoDOT has approved the Highway Only TIP Amendment #2.

Therefore, in accordance with 23 CFR § 450.218(b), FHWA has determined that this TIP amendment and subsequent STIP amendment is based on a transportation planning process that substantially meets the requirements of 23 U.S.C. § 134 and 135, 49 U.S.C. § 5303 and 5304, and 23 CFR § 450. If you have any questions or need additional information, please contact Cecelie Cochran of FHWA MO (573) 638-2609.

Sincerely,

---

The Honorable Mike L. Kehoe  
Governor, State of Missouri  
State Capitol  
Room 216  
State Capitol Building  
Jefferson City, MO 65101

Dear Governor Kehoe,

Federal regulations under the Fixing America's Surface Transportation (FAST) Act, and continued in the Infrastructure Investment and Jobs Act (IIJA), require state governors to approve certain transportation-related documents. This requirement is expected to continue with subsequent federal reauthorization.

In the past, the Missouri Department of Transportation has acted on behalf of the Governor of the State of Missouri to conduct all staff work related to transportation, to act as a liaison between the State of Missouri and other entities on transportation issues, and to approve transportation-related planning matters. In the past, this mechanism has been advantageous to the State and other stakeholders for a number of reasons, including not limited to:

- Streamlining of approval processes;
- Expertise and involvement in the processes;
- Cost Savings; and,
- Federal regulation and member designated projects (earmarks) familiarity,

Based on our past successes in administering the program in this manner, I hereby request your concurrence with continuing this practice for the duration of your term as Governor of the State of Missouri.

Sincerely,

Ed Hassinger, P.E.  
Director
