Roadway Data

Roadway Name:	West Ave
Termini of Roadway	
From:	US 60
To:	Miller Road
Length (miles):	0.07
Number of Lanes:	2
Lane Width:	10
Traffic Volume (AADT):	167

Is the roadway existing or a future road? If a future road, describe how the project is committed to locally (provide documentation) and state the anticipated date for the start of construction.

Classification Change

Type of Area:	Transitional Commercial and Residential
Current Classification:	Local
Requested Classification:	Minor Collector

Justification

Explain why the roadway classification should be revised.

This short segment of West Ave provides a connection between US 60 and Miller Road, an important east/west corridor in Republic. Residents along Charles St and Miller Road can access US 60 from West Ave.

Previously, Miller Rd connected to US 60 0.17mi to the west of West Ave, but this connection was removed with the expansion of US 60. West Ave now serves as the access point to US 60.

Are there any new developments (residential or commercial) or changes in land usage that will alter the demand on this roadway?

No

Will this roadway provide direct access to any points of activity: business parks, industries, shopping centers, etc?

No

Is the demand on this roadway changing or is the existing demand inconsistent with its current classification?

While volumes are low, demand and the access it provides to residential areas south of US-60 is inconsistent with a Local classification.

Additional information you would like to include.

This application is submitted in conjunction with the reclassification of Miller Rd, west of West Ave.

Roadway Data

Roadway Name:	Miller Rd.
Termini of Roadway	
From:	Western Terminus
To:	West Ave
Length (miles):	0.17
Number of Lanes:	2

Existing Road.

Classification Change

Type of Area:	Transitional Commercial and Residential
Current Classification:	Minor Collector
Requested Classification:	Local

Justification

Explain why the roadway classification should be revised.

After access to US 60 from Miller Rd was removed with previous road improvements, Miller Rd no longer met the requirements of a Minor Collector. Therefore, we are applying to lower the classification to a Local Road.

Are there any new developments (residential or commercial) or changes in land usage that will alter the demand on this roadway?

No

Will this roadway provide direct access to any points of activity: business parks, industries, shopping centers, etc?

No

Is the demand on this roadway changing or is the existing demand inconsistent with its current classification?

Since this segment is now a dead end, it no longer meets the requirements of a collector.

Additional information you would like to include.

This application is submitted in conjunction with the reclassification of West Ave, north of Miller Rd.
