# Surface Transportation Block Grant Funding

The federal surface transportation authorization legislation, FAST (Fixing America's Surface Transportation) Act, reauthorizes federal highway, transit, and other surface transportation programs through September 30, 2020. The FAST Act is a continuation of prior surface transportation authorization legislation including MAP-21, SAFETEA-LU, TEA-21, ISTEA, and others dating back to the first Federal Aid Highway Act of 1956.

The FAST Act renamed the Surface Transportation Program to reflect the nature of funding it provides. It is now known as the Surface Transportation Block Grant Program (STBG). The STBG funding is distributed to varying programs and public agencies for implementation of the authorizing legislation requirements. This distribution includes a specific allocation to urbanized areas over 200,000 by percentage of population. These urbanized areas are part of metropolitan planning areas, and more specifically, transportation management areas (TMAs). The Ozarks Transportation Organization (OTO) is the TMA for the Springfield, Missouri urbanized area.

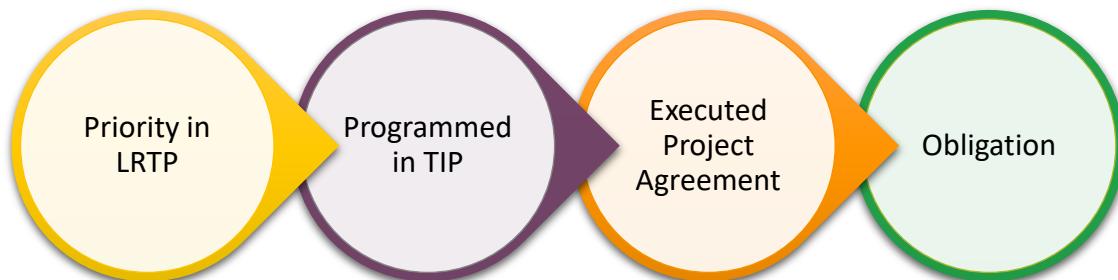

OTO is responsible for project selection, programming, reasonable progress, and the maintenance of fund balances for several subcategories of STBG funding – Transportation Alternatives Program (now known as STBG Set-Aside), On-System Bridge (BRM), and STBG funding (both Urban and Small Urban), as well as Highway Improvement Program Funding which has been suballocated through two omnibus appropriations bills. This report monitors the funding balance and obligations made by OTO member jurisdictions for this funding. OTO has been receiving sub-allocated funding since 2003.

## Eligible Entities for OTO Suballocated Surface Transportation Funds

- All cities and counties within OTO's metropolitan planning boundary, as well as OTO
- All transportation corporations within OTO's metropolitan planning boundary
- Missouri Department of Transportation
- All public transit agencies within OTO's metropolitan planning boundary

An obligation is a commitment of the federal government's promise to pay for the federal share of a project's eligible cost. This commitment occurs when the project is approved and the project agreement is executed. This is a key step in financing and obligated funds are deemed "used" even though no cash is transferred.

## Obligating a Project

To ensure each jurisdiction has access to STBG funding, OTO monitors how each OTO member utilizes available funding. Also, MoDOT has a statewide policy regarding the accumulation of STBG funds, which is limited to a three-year accrual. Committed cost share funds are allowed to count against that balance. Any unobligated funding, however, is subject to rescission by Congress. The following report highlights the amount of funding which needs to be obligated to meet MoDOT's accrual policy, as well as the amount of funding subject to rescission by Congress.

## Program Balances

---

OTO has elected to sub-allocate the STBG-Urban and Small Urban funds among the jurisdictions within the MPO area. Each of these jurisdiction's allocations are based upon the population within the MPO area. OTO's balance is monitored as a whole by MoDOT, while OTO staff monitors each jurisdiction's individual balance. MoDOT calculates the OTO balance based upon obligated funds and not programmed funds, so a project is only subtracted from the balance upon obligation from the Federal Highway Administration (FHWA). OTO has access to the FHWA Fiscal Management Information System, which provides details on project obligations. MoDOT's policy allows for any cost share projects with MoDOT that are programmed in the Statewide Transportation Improvement Program, although not necessarily obligated, to be subtracted from the balance. The next deadline to meet the MoDOT funds lapse policy is September 30, 2019.

This report documents the balance allowed, the balance obligated, and the balance that needs to be obligated by the end of the Federal Fiscal Year in order not to be rescinded by MoDOT. According to staff records, as a whole, OTO has obligated or has programmed in cost shares with MoDOT, funding exceeding the minimum amount required to be programmed for FY 2018.

The report also outlines activity in other OTO funding accounts, such as BRM and the Transportation Alternatives Program (STBG Set-Aside). These accounts are subject to the same rescission policy.

Highway Improvement Program funding, also described as Omnibus funding in this report, has been allocated through the FY 2018 and FY 2019 Federal Omnibus Appropriations bills. The OTO Board of Directors voted to apply the FY 2018 funding amount to use on Transportation Alternatives Program projects. The Board of Directors has not designated a use for the FY 2019 funding at the time of this report. This funding has specific obligation deadlines and OTO is monitoring the use of this funding to ensure its timely obligation.

### Through FY 2019 (3/31/2019)

<b>Federal Funding Category</b>	<b>Balance</b>
STBG-Urban	\$23,849,725.37
Balance After Cost Shares	\$19,098,054.80
Maximum Allowed	\$19,685,587.32
TAP Only (No HIP)	\$1,046,168.32
Maximum Allowed	\$1,435,932.88
BRM	\$0.00
Maximum Allowed	\$0.00
(Program Ended, Must Obligate by 9/30/2019)	
FY 2018 Omnibus (HIP) – Used for TAP	\$1,153,506.00
FY 2019 Omnibus (HIP) – Use TBD	\$1,625,825.00

### Obligated vs. Programmed

The following funds balance reports show two scenarios for each OTO member jurisdiction. The first, labeled "Lapse Potential," includes only obligations and STIP-programmed cost shares, along with allocations through FY 2020, at a minimum. The second scenario, labeled "Funds Available for Programming," includes everything from the first scenario, plus all projects with STBG-Urban programmed in the FY 2019-2022 TIP or including proposed changes for the FY 2020-2023 TIP.
