Introduction

The Ozarks Transportation Organization (OTO) is the Metropolitan Planning Organization (MPO) for the Springfield, Missouri Metropolitan Area, serves as the planning authority for transportation related issues for communities within the Metropolitan Area. OTO including the cities of Battlefield, Nixa, Ozark, Republic, Springfield, Strafford and Willard and parts of Christian and Greene counties.

The Moving Ahead for the Progress in the 21st Century (MAP-21) legislation brought about many changes to FTA programs when it was signed in July 2012. The Fixing America's Surface Transportation Action (FAST Act) passed in December 2015 and the Infrastructure Investment and Jobs Act (IIJA) passed in November 2021 did not affect policies related to this Program Management Plan PMP. This plan is developed to specifically meet 49 USC § 5310 Enhanced Mobility of Seniors and Individuals with Disabilities. Title 49 of FTA Circular 9070.1G chapter VII requires the development of a Program Management Plan (PMP).

Summary

Title 49 U.S.C. 5310 establishes the *Enhanced Mobility of Seniors and Individuals with Disabilities* grant program. FTA Circular 9070.1G, Chapter VII requires the development of a Program Management Plan (PMP). The PMP shall describe the designated recipient's policies and procedures for administering the *Enhanced Mobility of Seniors and Individuals with Disabilities* program in OTO Study Area. This plan addresses the following content as outlined under the Management Plan Content and ensures FTA requirements are being met by the designated recipient(s). A final copy of this PMP shall be on file with the Federal Transit Administration Region VII.

Purpose

The purpose of this Program Management Plan is for documentation of the designated recipient(s) administrative activities of the 5310 program. To continue to create and maintain a safe, accessible, and

energy efficient metropolitan area transit system that will enhance the region's livability and assure its economic vitality.

Program Management Plan Content

The Moving Ahead for Progress in the 21st Century Act (MAP-21) FTA Circular C9070.1G requires a plan that describes the following elements. No prescribed format for the Program Management Plan is given. This plan addresses the following topics A-O, providing information for each topic as listed below.

A. Program Goals and Objectives

The MAP-21 Enhanced Mobility of Seniors and Individuals with Disabilities program incorporated two programs from the former SAFETEA-LU legislation, (Elderly Individuals and Individuals with Disabilities Circular 9070.1F and New Freedom Circular 9045.1). FTA has defined the goals of the MAP-21 Enhanced Mobility of Seniors and Individuals with Disabilities Program in the FTA Circular C 9070.1G. The goal of this program is to improve mobility for seniors and individuals with disabilities. It is OTO's goal to fully support this program by providing local agencies opportunity to participate in this program throughout the Metropolitan Planning area. FTA provides financial assistance for transportation services planned, designed, and carried out that meet the special transportation needs of elderly individuals and individuals with disabilities in all areas-urbanized, small urban, and rural.

B. Roles and Responsibilities

The Missouri Governor is responsible for designating the agencies responsible for administration of this program. A Memorandum of Understanding (MOU) attached as **Appendix-A** has been established between the Ozarks Transportation Organization, Missouri Department of Transportation (MoDOT), and the City Utilities (CU) Transit.

It is understood that OTO will be responsible for notifying entities of funding availability, developing the selection process, determining eligibility, and developing the program of projects. OTO will present the prioritized projects for inclusion in the Transportation Improvement Program (TIP) and the State Transportation Improvement Program (STIP). In addition will certify that projects selected for funding were included in a locally developed coordinated public transit-human services plan, a plan developed and approved through a process that included participation by seniors, individuals with disabilities, representatives of public, private, nonprofit transportation and human services providers and other members of the public.

It is understood that MoDOT, CU and OTO will administer portions of this program as listed below:

RECIPIENT DESIGNATION: The parties will request the Governor of Missouri to make a joint designation of the recipients of 5310. City Utilities (CU) will be the designated recipient for New Freedom type projects and MoDOT will be the designated recipient for traditional 5310 type projects. MoDOT will administer funding for all subrecipients (This does not include CU).

FUNDING ALLOCATIONS: The respective percentages and amounts of funding to be administered by MoDOT and CU on any given year will be determined by the OTO Transportation Improvement Program and associated programmed projects and communicated annually to FTA.

PROJECT SELECTION: OTO will be responsible to conduct a fair and impartial project selection process by publishing a notice of funding, soliciting applications and selecting projects based upon pre-approved selection criteria approved by the OTO Board of Directors that is consistent with the approved Human Service Coordinated Plan and FTA Section 5310 program guidance.

PROGRAM OF PROJECTS: OTO will publish an approved Program of Projects (POP) as required by the USDOT. OTO will publish the POP as part of its Transportation Improvement Program (TIP).

PERFORMANCE MEASURES: CU, will be responsible for reporting performance indicators to OTO for the measures outlined by the United States Department of Transportation (USDOT) for monitoring performance of transit systems. OTO and MoDOT will be responsible for collecting data from area subrecipients for performance reporting.

PROGRAM MANAGEMENT PLAN AND COORDINATION PLANNING: OTO will be responsible to document the program procedures in a local Program Management Plan and to publish a Human Services Coordination Plan.

STATE MANAGEMENT PLAN: MoDOT will be responsible to document the program procedures in a State Program Management Plan.

PLANNING: OTO will be responsible to plan for future public transportation needs and ensure integration and coordination among diverse transportation modes and providers.

GRANT MANAGEMENT: MoDOT will be responsible for grant management responsibilities for all OTO area subrecipient other than those grants administered by CU. Examples of grant management responsibilities include determining eligibility, ensuring that subrecipients meet federal requirements, project audit and closeout, procurement of vehicles, financial management, reporting to FTA, holding title and recording liens and maintaining required certifications.

PROGRAM ADMINISTRATION FUNDS: The Program Administration Funds will be divided between MoDOT and CU based on the percentage of FTA 5310 project funds that each administers ("Project Funds") in any given year. See MOU Exhibit 1 for a hypothetical example. If OTO incurs costs to perform the Section 5310 program specific responsibilities as outlined above, then it may request and receive a maximum of 33% of the FTA maximum allowed 10 percent administration funds ("Program Administration Funds").

C. Coordination

OTO has established an active Local Coordinating Board for Transit (LCBT) that meets every other month and may include additional meetings as needed. The LCBT is comprised of interested stakeholders from human service agencies, transit agencies, advocate groups, individuals with special transportation needs, MoDOT and human service transportation providers. The LCBT looks at existing coordination efforts, and attempts to strategize new ways to coordinate special needs of transportation services.

OTO's Transit Coordination Plan (TCP) serves as the region's coordinated public transit-human services transportation plan. The TCP has been developed through participation of interested stakeholders from human service agencies, transit agencies, advocate groups, individuals with special transportation needs, Missouri Department of Transportation and human service transportation providers. The

Transit Coordination Plan (TCP) strategies and actions are identified and further developed as a Five-Year Implementation Plan.

Enhanced Mobility of Seniors and Individuals with Disabilities Program funding must be implemented effectively and efficiently. As part of the 5310 selection criteria a project must be part of a locally developed Transit Coordination Plan.

D. Eligible Subrecipients

The OTO administers the project selection process for the 5310 program. City Utilities (CU) Transit and Missouri Department of Transportation (MoDOT) are the designated recipients for FTA 5310 funding for the OTO Planning Area.

According to FTA Circular 9070.1G the following types of agencies are eligible to receive funding through the 5310 program:

- Private non-profit organization – A non-profit organization is a corporation or association determined by the Secretary of Treasury to be an organization described by 26 USC 501(a) or one which has been determined under state law to be non-profit and for which the designated state agency or urbanized area designated recipient has received documentation certifying the status of the non-profit organization.
- State or local governments
- Operators of public transportation services, including private operators of public transportation services

In addition to being classified as one of the listed types of agencies, only sponsors whose projects serve the OTO area for which the funds were apportioned are eligible to receive funding, and certain qualifiers to governmental entities must be met when traditional 5310 project funds are requested.

- The requesting agency must be approved by the state to coordinate services for seniors and individuals with disabilities; or
- Certifies that there are no nonprofit organizations readily available in the area to provide the service.

E. Local Share and Local Funding Requirements

Federal transportation Law requires that not less than 55 percent of a recipient's Section 5310 funds be available for capital projects that are "traditional" Section 5310 projects. OTO has elected to use 35 percent of the Section 5310 funds for other eligible capital and operating projects, including New Freedom type projects and 10 percent shall be used for administrative fees. Grant awards may be used for capital projects or operating expenses as described under FTA Circular 9070.1G Section III eligible projects.

Depending on which type of assistance is being applied for, project sponsors are required to match different percentages to the federal share of eligible expenses. The share for "traditional" capital projects is a minimum of 20 percent local funding with a maximum of 80 percent federal funding of the total eligible cost of the project. Operating expense is 50/50 (federal/local) split. All local match funds must be provided from sources other than the federal Department of Transportation. Matching funds could come from a number of nonfederal sources such as state or local appropriations, tax revenues,

private donations, service revenues, net income generated from advertising and concession, non-cash share such as donations, volunteered services, or other in-kind contributions are eligible as a local match, so long as the value of each is documented and supported, and are a cost that would otherwise be eligible under the program, other Non-department of Transportation federal funds that are eligible to be expended for transportation. Income from contracts to provide human service transportation may be used either to reduce the net project cost (treated as revenue) or to provide local match for Section 5310 operating assistance.

All sources of local match must be identified and described in the grant application at the time of grant award.

Exceptions to Local match requirements

FTA Circular 9070.1G Section III (b) describes the exceptions for certain projects that relate to the Americans with Disabilities Act and the Clean Air Act.

- Vehicles may receive an 85 percent federal share for the purpose of complying with or maintaining compliance with ADA, 42 U.S.C. 12101 et seq of the CAA. A revenue vehicle that complies with 49 CFR part 38 may be funded at an 85 percent Federal share.
- Vehicle-Related Equipment and facilities including clean-fuel or alternative-fuel vehicle-related equipment of facility for the purpose of complying or maintaining compliance with the CCA, or required by ADA may receive a federal share of 90 percent.

F. Project Selection Criteria and Method of Distributing Funds

- **Assuring equity of distribution of benefits among eligible groups within the OTO Service Area.**
The application process is open to all agencies providing service within the OTO service area
- **Assuring projects were included in a locally developed coordination plan**
Selection Criteria requires all projects, to be in alignment with the Transit Coordination Plan (TCP) strategies.
- **Documenting evidence that the local coordinating plan was developed and approved in cooperation with stakeholders, including individuals with disabilities and seniors utilizing transportation services.**
The TCP was developed through a series of meetings with a subcommittee of stakeholders that participated during the update of the plan.
- **Project Selection Criteria:**
 - This project replaces an existing vehicle to maintain current services (15 points)
 - This project will lead to an increase in the agency's ADA amenities offered (10 points)
 - This project will provide service to an area not previously served (10 points)
 - This project supports services of established agencies (10 points)
 - This project provides for an increased number of passengers served per week (5 points)
 - This project will create new intercity connections (5 points)
 - This project will expand transit access at night and on weekends (5 points)
 - This project expands ADA accessibility to public transportation (5 points)
 - Agency has not been awarded a vehicle in the past two years (5 points)

- This project is in alignment with the themes and strategies identified in the Transit Coordination Plan (5 points)
- This project will offer same day transit service (3 points)
- This project will offer flexible scheduling options (2 points)

Method of Distributing Funds

OTO administers the project selection process for the 5310 program. An application furnished by the OTO must be submitted according to solicitation guidelines. FTA Section 5310 project requests shall be analyzed based on the listed considerations and ranked by review. The score will be used as a selection tool by the Local Coordinating Board for Transit and selected projects will be recommended for approval by the OTO Board of Directors. The OTO Board of Directors will be the final decision-making body for the project selection and decision. Agencies requesting funding from this program must certify eligibility.

G. Annual Program of Project Development and Approval Process

The 5310 program annual program process:

- Application workshop in conjunction with soliciting for 5310 applications
- Sending letters to all known agencies, public notice is posted on the OTO public board, emails are sent to all known transit agencies and human service agencies
- Agencies notify public and private and paratransit providers in their service area regarding their intent to apply for funding, including project details.
 - Application closes on posted date stated in the application guidelines.
 - OTO prepares application for LCBT review, ranking and project selection
 - LCBT makes recommendation of project to the OTO Board of Directors
 - Public comment period (TIP and POP)
 - OTO BOD approves recommended projects
 - Approved projects are included in the TIP which is approved by the OTO Board of Directors

H. Administration, Planning and Technical Assistance

OTO will allow per federal guidelines that 10 percent of 5310 funding be directed toward support of the administrative activities. OTO, MoDOT and CU Transit will be individually allowed to apply for portions of the 10 percent administrative funds. The Memorandum of Understanding (MOU) attached as **Appendix-A** spells out the distribution process of the administrative fee and is dependent on the activities performed by each agency.

I. Transfer of Funds

Although it may be allowed, OTO has made no provision to transfer 5310 funds to other programs.

J. Private Sector Participation

OTO shares and solicits transit information to public and private agencies on a regular basis through email distribution and LCBT meetings.

It is understood that CU will not use private providers of public transportation, including purchasing service for any portion of its paratransit services or a third party contracted services with 5310 funding.

K. Civil Rights

Per the MOU between OTO, MoDOT and CU Transit, oversight for grantees will include all required certifications and assurance prior to signing a contract and grantees must comply with all standard federal civil rights requirements including:

- Title VI of the Civil Rights Act of 1964, as amended,
- The Equal Employment Opportunity (EEO) requirements of Executive Order 11375, and
- FTA's Disadvantaged Business Enterprise (DBE) program requirements.

It is understood that MoDOT will require that subrecipients recommended for federal funding submit all project appropriate FTA certifications and assurances prior to contract execution and annually thereafter. MoDOT will not execute any grant contract without having first received these items. These include, but are not limited to:

- Standard Assurances
- Nondiscrimination Assurances

Annually, each sub-recipient will be required to submit a signed and dated Standard DOT Title VI Assurance. Subrecipients will also file a yearly Title VI report. This report must detail a list of all complaints or lawsuits, list of federal funding, description of program advisory committee and summary of any civil rights compliance review activities conducted by the recipient.

Subrecipients must file semi-annual DBE activity report. This report will detail a dollar value of contracting opportunities, expenditures made to certified DBE, and identification of any potential DBE firms in the area. Subrecipients will take all necessary and reasonable steps to:

- Identify contracting opportunities
- Analyze area DBE availability
- Use good faith efforts to utilize DBE firms, and,
- Maintain necessary records to verify steps taken and participation achieved.

It is understood that MoDOT will exercise an active oversight role with regard to the equipment procurement process. MoDOT will require that bidding documents for vehicles or other equipment be in compliance with Subpart D, 49 CFR, Part 26. This requirement relates to the purchase of goods and/or services from disadvantaged business enterprises (DBE).

It is understood that MoDOT will require that all operations assistance recipients comply with 49 CFR part 26 and provides assistance to sub-recipients in locating DBE vendors with they are purchasing goods, services, or equipment.

It is understood that CU will monitor CU's Title VI, EEO, and DBE programs with CU's contractors, and MoDOT will oversee compliance with MoDOT's subrecipients and their contractors. Reports will be prepared and submitted to the Federal Transit Administration. The appropriate civil rights clauses will be included in contract agreements. The checklist that will be used during sub-recipient and contractor reviews will include a section to verify compliance with Civil Rights issues such as discrimination, employment, complaints, and accessibility of services.

Should a Civil Rights lawsuit or complaint be filed against any of the agency participating in the MOU, the agency involved will properly document the complaint such as the date received, a summary of the action, and the status of the action. The agency staff will work with its' legal counsel as needed and FTA to make sure all legal requirements have been met in resolving the issue.

L. Section 504 and ADA Reporting

Recipients of federal funds must comply with civil rights requirements including the federal protections for persons with disabilities:

- Section 504 of the Rehabilitation Act of 1973 as amended,
- The Americans with Disabilities Act of 1990, as amended, and
- Code of Federal Regulations Title 49 Parts 37 and 38.

It is understood that CU will notify each grant contractor at the time of the grant award that they may be contacted by anyone alleging discrimination in service or employment, including Section 504 and ADA. CU's transportation system is expected to have and follow a comprehensive ADA policy which includes but is not limited to:

- Staff training on accessibility issues
- A service animal policy
- Proper use and maintenance of lifts and securement systems
- Personal Care Attendant policy
- Complaint processes and policies.

M. Program Measures

Reporting – It will be the responsibility of both designated recipients (MoDOT and CU Transit) to properly collect and report data for the program measures in accordance with FTA requirements described in FTA circular 9070.1G on page II-3.

Two performance measures for traditional 5310 projects include measures for gaps in:

- Service filled
- Ridership

MoDOT is responsible for traditional 5310 project measures.

Three performance measures are described for non-traditional 5310 projects that:

- Increases or enhancements implemented
- Are additions or changes to physical infrastructure
- Are actual or estimated number of rides for which CU will be responsible

N. Program Management

Per the MOU, it will be the responsibility of both designated recipients (MoDOT and CU Transit) to properly administer the program management responsibilities as agreed in such areas as procurement, financial management, property management, vehicle use, maintenance and disposition, accounting system, audit closeout as described in FTA Circular 9070.1G VII-3(n)

CU will maintain a financial management system for financial reporting, accounting records, internal controls, and budgeting control subject to standards specified in state laws enforced by the State

Auditor. All systems and procedures for financial management must comply with 49 CFR 18.20, the "Common Rule."

CU is the designated recipient for administration purposes and a potential direct recipient for portions of FTA grant funds, and will enter into agreements directly with FTA. MoDOT will execute grant agreements with other sponsors who are not eligible for direct recipient status. The grant agreements for capital projects will detail the equipment approved for purchase and its intended use and a grant agreement for operations assistance will outline the type of service provided by the agency, the time period covered by the agreement, and the service area.

CU will not have any subrecipients to oversee or reimburse. MoDOT will oversee all Springfield Section traditional 5310 subrecipients and reimburse the subrecipients with the federal funds based on the proportions identified on the MOU. See **Appendix-A**. The federal share on any project shall not exceed 80 percent for capital projects (85% for ADA Vehicles) and 50 percent for operations projects. Grant expenditures will be identified by federal grant number, grant program and MoDOT will track subrecipient grant numbers.

CU will also maintain spreadsheets for CU's grant projects. These spreadsheets will track project expenditures, amounts charged to each funding source, local matching sources, and project budgets. Additional spreadsheets will be prepared to summarize the total expenditures on each federal grant and will be used to reconcile the grant expenditures and for revisions to the program of projects and budgets.

CU as a designated recipient and potential direct recipient for portions of the Section 5310 grant funding will be required to prepare a variety of reports on a quarterly basis. These would include a project narrative, local matching sources used, number of passenger trips provided, vehicle miles traveled, and revenue service hours provided. CU will also be required to report on an annual basis their efforts in purchasing from DBE vendors and a vehicle condition report.

CU, as well as MoDOT will restrict vehicle use to passenger transportation services. Vehicles must be used in service that is available to the general public. CU may not transfer the operational control of a vehicle purchased under this program to anyone else without prior written approval from FTA.

CU, MoDOT and subrecipients are responsible for submitting vehicle information to FTA upon purchase and every two years during the Biennial Inventory of Assets and every three years for the Triennial Review. Information kept on each vehicle includes the year, make, and model; date accepted; included equipment; location; grant number; federal percentage share; date last inspected, recorded mileage, and condition; type of funding used for the purchase; and other information used by CU for program review and reporting. The information obtained from these reports will become part of the inventory record along with the title and certificate of collision insurance coverage. Vehicles must be maintained in accordance with CU's vehicle maintenance plans. To ensure that the vehicles are properly maintained, CU's Internal Audit staff and Finance's Plant Accounting staff review vehicle maintenance records and physically inspect vehicles.

CU and MoDOT will follow FTA policy with regard to vehicle life cycle and disposition of vehicles. Please refer to circular 5010.1C Grant Management Guidelines. The inventory will include

Year/Make/Model, Vehicle Code, Vehicle Identification Number, Agency Vehicle Number, Condition, Age, Remaining Useful Life, Replacement Cost, ADA Access, Seating Capacity, and Fuel Type.

Subrecipients of 5310 funding are required to comply with the MoDOT State Management Plan. Compliance areas include but are not limited to procurement, financial management, and vehicle maintenance and disposition.

O. Other Provisions

Environmental Protection

OTO anticipates only funding projects with categorical exclusions from both the National Environmental Protection Act (NEPA) and the State Environmental Protection Act (SEPA). Therefore, there should be no further documentation necessary.

Regulations Associated with Vehicle Purchase

Vehicles purchased with 5310 funds will be ADA accessible. All vehicles will meet federal “Buy America” provisions and certifications.

Restriction on Lobbying and Code of Ethics

It is required to complete FTA’s Certification on Lobbying prior to contract execution. All staff, officers, employees, board members or agents of the grantee are required to comply at a minimum of its agencies (MoDOT or CU) written code of conduct.

Prohibition on Exclusive School Transportation

Recipients of this program are required by 49 U.S.C. 5323(f) and FTA regulations, “School Bus Operations,” at 49 CFR 605.14, must agree that they will:

- Not engage in school transportation operations in competition with private school transportation operators only to the extent permitted by 49 U.S.C. 5323(f), and Federal regulations; and
- Comply with the requirements of 49 CFR Part 605 before providing any school transportation using equipment or facilities acquired with Federal assistance authorized by 49 U.S.C. Chapter 53 or Title 23 U.S.C. for transportation projects.
- An exception would be the transportation of students with disabilities who are eligible CU passengers. Agencies must understand that a violation of this agreement may require corrective measures and the imposition of penalties, including debarment from the receipt of further federal assistance for transportation.

Drug and Alcohol Testing

Agencies receiving FTA 5310 funds will adhere to FTA regulations pertaining to drug abuse and alcohol misuse testing, including for subrecipients and contractors.

Worker Eligibility

Agencies receiving FTA 5310 funds will participate in E-Verify and ensure all workers have legal status. Participation will be verified during the application review process.

CFDA Number: CFDA #20.513
CFDA Title: Enhanced Mobility of Seniors and Individuals with Disabilities Program
Federal Agency: Federal Transit Administration, Department of Transportation

MEMORANDUM OF UNDERSTANDING FOR THE DESIGNATED RECIPIENTS OF FEDERAL TRANSIT ADMINISTRATION SECTION 5310 FUNDING - SPRINGFIELD

THIS MEMORANDUM OF UNDERSTANDING (MOU) is made between the Missouri Highways and Transportation Commission (hereinafter, "Commission") acting by and through the Missouri Department of Transportation (hereinafter, "MoDOT"), Ozarks Transportation Organization (hereinafter, "OTO") and City Utilities of Springfield, Missouri - Transit (hereinafter, "CU") for the purpose of delineating the responsibilities for meeting the Federal Transit Administration (FTA) requirements with regard to the Section 5310 program, Enhanced Mobility of Seniors and Individuals with Disabilities.

WITNESSETH:

WHEREAS, Moving Ahead for Progress in the 21st Century (MAP-21) outlined changes to the FTA Section 5310 program which results in the need for this MOU. MAP-21 added new eligibilities to the FTA Section 5310 program which now includes the purchase of vehicles to transport the elderly and disabled and operations of the agencies who provide this transportation service, as well public transportation projects that improve access to fixed route service and decrease reliance by individuals with disabilities on complementary paratransit (formerly known as New Freedom Projects).

WHEREAS, changes to federal law have resulted in the need for the governor of the State of Missouri to designate a Springfield urbanized area federal aid recipient specifically for FTA Section 5310, Enhanced Mobility of Seniors and Individuals with Disabilities.

WHEREAS, funding is now apportioned to the Springfield, Missouri urbanized area and OTO is the Metropolitan Planning Organization responsible to conduct the federally mandated transportation planning process.

WHEREAS, OTO, CU and MoDOT wish to outline responsibilities regarding the planning and administration of Section 5310 funds.

WHEREAS, MoDOT has a successful history of administration of transit projects with nonprofit and human service agencies.

WHEREAS, CU is the current designated recipient of FTA Section 5307, Urbanized Area Formula Grant and prior Section 5316 JARC and 5317 New Freedom grants and has a successful history of administering and delivery of federally-funded transit projects.

WHEREAS, OTO has traditionally provided the project selection, programming and planning for the expenditure of FTA funds for public transportation projects,

NOW, THEREFORE, MoDOT, OTO and CU agree as follows:

- (1) RECIPIENT DESIGNATION: The parties will request the Governor of Missouri to designate MoDOT as a designated recipient of 5310 funds and also designate City Utilities as the designated recipient of the Springfield urbanized area allocation of 5310 funds.
- (2) FUNDING ALLOCATIONS: The respective percentages and amounts of funding to be administered by MoDOT and CU on any given year will be determined by the OTO Transportation Improvement Program and associated programmed projects and communicated annually to FTA in a joint letter from the designated recipients, MoDOT and CU.
- (3) PROJECT SELECTION: OTO will be responsible to conduct a fair and impartial project selection process by publishing a notice of funding, soliciting applications and selecting projects based upon a pre-approved selection criteria approved by the OTO Board of Directors that is consistent with the approved Human Service Coordinated Plan and FTA Section 5310 program guidance.
- (4) PROGRAM OF PROJECTS: OTO will publish an approved Program of Projects as required by the USDOT.
- (5) PERFORMANCE MEASURES: CU will be responsible for reporting performance indicators to OTO for the measures outlined by the United States Department of Transportation (USDOT) for monitoring performance of transit systems. OTO and MoDOT will be responsible for collecting data from area subrecipients for performance reporting.
- (6) PROGRAM MANAGEMENT PLAN AND COORDINATION PLANNING: OTO will be responsible to document the program procedures in a local Program Management Plan and to publish a Human Service Coordination Plan.
- (7) STATE MANAGEMENT PLAN: MoDOT will be responsible to document the program procedures in a State Program Management Plan.
- (8) PLANNING: OTO will be responsible to plan for future public transportation needs and ensure integration and coordination among diverse transportation modes and providers.
- (9) GRANT MANAGEMENT: MoDOT will be responsible for grant management responsibilities for all OTO area subrecipients other than those grants administered by CU. Examples of grant management responsibilities include determining eligibility, ensuring that subrecipients meet federal requirements, project audit and

Program Management Plan

closeout, procurement of vehicles, financial management, reporting to FTA, holding title and recording liens and maintaining required certifications.

- (10) PROGRAM ADMINISTRATION FUNDS: If OTO incurs costs to perform the Section 5310 program specific responsibilities as outlined above, then it may request and receive a maximum of 33% of the FTA maximum allowed 10% administration funds ("Program Administration Funds") proportionately from MoDOT and CU. The Program Administration Funds will be divided between MoDOT and CU based on the percentage of FTA 5310 project funds that each administers ("Project Funds") in any given year. See Exhibit 1 for a hypothetical example.

IN WITNESS WHEREOF, the parties have entered into this Memorandum of Understanding on the last date written below.

Executed by the CU this 25th day of February, 2014.

Executed by the OTO this 28 day of February, 2014.

Executed by the Commission this 20 day of March, 2014.

EXHIBIT 1

**HYPOTHETICAL EXAMPLE OF DIVISION OF PROGRAM ADMINISTRATION FUNDS
IN ACCORDANCE WITH SECTION 10**

Hypothetical example: Assume total Project Funds of \$250,000. The Program Administration Funds would be 10% or \$25,000. Assume that OTO spends \$10,000 performing its Section 5310 responsibilities set forth above. OTO would get 33% of \$25,000 or \$8,250. The remaining \$16,750 would be split between MoDOT and CU. Assume that MoDOT administers \$123,750 of the Project Funds (55%) and CU administers \$101,250 of the Project Funds (45%). Of the remaining Program Administration Funds, MoDOT would get 55% of \$16,750 or \$9,212.50 and CU would get 45% of \$16,750 or \$7,537.50.

Kansas City, MO 64106

RE: Springfield, Missouri Urbanized Area Designated Recipients for FTA
Section 5310 Enhanced Mobility for Seniors and Individuals with
Disabilities Program Funding

Dear Mokhtee Ahmad:

As required in 49 U.S.C. Section 5310, I am designating the City of Springfield, Missouri by and for the benefit of City Utilities of Springfield, Missouri and the Missouri Highways and Transportation Commission acting by and through the Missouri Department of Transportation as the designated recipients of Federal Transit Administration Section 5310 enhanced mobility for seniors and individuals with disabilities program funds for the Springfield, Missouri urbanized area.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeremiah W. (Jay) Nixon".

Jeremiah W. (Jay) Nixon
Governor

Appendix-B: Selection Criteria

FTA SECTION 5310 PROJECT RATING GUIDELINES

Enhanced Mobility of Seniors and Individuals with Disabilities Program (5310) program provides grant funds to urbanized areas for public transportation and allows investments in vehicles, capital projects and operating assistance that are planned, designed and carried out to meet the special needs of seniors and individuals with disabilities.

GOAL

To create and maintain a safe, accessible, and energy efficient metropolitan area transit system that will enhance the region's livability and assure its economic vitality.

POLICY

It is the policy of the Ozarks Transportation Organization to comply with the Federal Transit Administration's guidance for the Enhanced Mobility of Seniors and Individuals with Disabilities (5310) program, this guidance requires a minimum of 55 percent of the apportionment to be allocated for capital for Human Service agencies, therefore until such time as found to be no longer in the organizations best interest, the OTO shall allocated 55 percent to human service organizations for the purchase of capital projects as outlined in the Code of Federal Regulations FTA C 9070.1G and 35 percent for capital and operation expense and beyond the ADA requirements as defined in the CFR, and 10 percent shall be designated for administration of the program. Eligible recipients of FTA Section 5310 funding shall apply for eligible project funding that includes vehicles, capital projects and operating assistance under FTA Section 5310 program.

PROCEDURE

An application furnished by the OTO must be submitted according to solicitation guidelines. FTA Section 5310 project requests shall be analyzed based on the attached considerations and ranked by review. The score will be used as a recommendation to the OTO Board of Directors. The OTO Board of Directors will be the final decision-making body for the project selection and decision.

Note: It is the responsibility of the transit provider to include all information needed for the subcommittee to assess how each project applies to these criteria.

Eligible Capital Projects to Benefit Human Service Transit (55 percent – “traditional” projects)

Federal transportation law established a list of activities as eligible capital projects that meet a minimum 55 percent requirement for 5310 funding, see circular FTA 9070.1G. The LCBT has chosen to fund only the following activity with “55 percent” funds.

- Additional or replacement vehicles and associated equipment (e.g. buses, vans and minivans, extra seats, heavy-duty wheelchair lift,)

Other Eligible Capital and Operating Expense Projects (35 percent)

Federal transportation law established a list of activities as eligible other capital and operating expense projects that meet a minimum 35 percent requirement for 5310 funding,

Examples include this non comprehensive list of projects that enhance paratransit activities beyond minimum ADA requirements:

- Expansion of paratransit service beyond the three-fourths mile required by ADA
- Expansion of current hours of ADA paratransit operation
- Incremental cost of providing same day service
- Incremental cost of door-to-door service
- Enhance level of service by transit escort or assisting riders to destination
- Vehicles or labor to accommodate mobility aids exceeding standard ADA wheelchairs
- Additional securement location in public buses beyond ADA requirements
- Accessibility improvements to transit and intermodal stations (non-key stations)
- Accessible pathways include: curbcuts, sidewalks, accessible pedestrian signals of other features, elevators, ramps, detectable warnings, improving signage, wayfinding technologies, other technology improvements, and Intelligent Transportation Systems;
- Travel training
- Vehicles to support ADA taxi, rideshare, and/or vanpooling programs
- Administration and expenses related to new voucher programs
- Supporting volunteer driver and aid programs
- Additional Information can be found in FTA C 9070.1G

ADMINISTRATIVE EXPENSES (10 percent)

Up to 10 percent of the recipient’s total fiscal year apportionment may be used to fund program administration costs including administration, planning and technical assistance for projects funded in this program. Program administration costs may be funded at 100 percent federal share.

Per the requirements of federal transportation law, 5310 funds cannot be transferred into or out of the areas in which they were apportioned (i.e. urban to rural areas).

Additional Eligibility Requirements for 5310 Funding

In addition to the above eligibility standards, projects seeking 5310 funding must address a strategy or action in the Transit Coordination Plan 2022. The applicant must have a minimum (non-federal) local match of 20 percent match for capital project, 50 percent match for operations and 0 percent match for administration as required by federal transportation legislation.

5310 Scoring Criteria

Agency Submitting Project: _____

Vehicle Requested: _____

Federal Funds Requested: _____

Type: Replacement Vehicle ☐ New Vehicle ☐

Max Points Possible	Evaluation Criteria	Points Awarded
15	This project replaces an existing vehicle to maintain current services	
10	This project supports services of established agencies	
10	This project will lead to an increase in the agency's ADA amenities offered	
10	This project will provide service to an area not previously served	
5	This project provides for an increased number of passengers served per week	
5	This project will create new intercity connections*	
5	This project will expand transit access at night and on weekends*	
5	This project expands ADA accessibility to public transportation	
5	Agency has not been awarded a vehicle in the past two years	
5	This project is in alignment with the themes and strategies identified in the Transit Coordination Plan	
3	This project will offer same day transit service*	
2	This project will offer flexible scheduling options*	
80	Total	

*New Criteria for 2017
