Bicycle Comment

"We just moved to the 2700 block of Olive, just off of Scenic. Walnut St. is marked as a bike route, but I wish there were a better way to cross Kansas. Also, there are often people on bikes traveling on Scenic where there is no shoulder or extra room Any kind of greenway/bike trail in the area would be excellent. We currently walk our dog in the neighborhood. Often there are dogs

Motor Vehicle Comment

"This intersection is extremely busy and dangerous. New shops, restaurants and businesses have greatly increased traffic here. It is very difficult for vehicles to turn. Please consider adding a roundabout or another light at this intersection. - Brian Grubbs"

Pedestrian Comment

"Bennett is a de facto expressway between Fremont and Glenstone. Cars commonly speed and pedestrians take their lives in their hands at this intersection. Even if Delaware isn't busy, please put a four-way stop at this intersection before kids or cyclists are killed here. - Kevin Evans"

Motor Vehicle Comment

"Casey's acquired this property and have a hearing on their proposed liquor license. This corner is 1700 ft from the busiest intersection in Springfield. Please, don't let this business destroy the quiet charm of Kentwood and Portland. Please, restrict access with traffic-calming installation east of Kentwood on Portland before it becomes the problem we anticipate. - Kevin
