

2020 Low Income Areas

Within the OTO

Mean Hex Value: 12.36%

Percent Below Poverty

ACS 2019 5-Yr Estimates for Individuals Living Below Poverty in Census Block Groups were aggregated into hex bins enriched with 2020 population estimates using ArcGIS Online for the OTO study area. The OTO defines low income areas as hex bins that are one and a half times above the OTO hex mean or 18.6%.
